

Ingenhoven Bahnhof Stuttgart 19.11.2010

**...wie es zu diesem
Entwurf kam...**

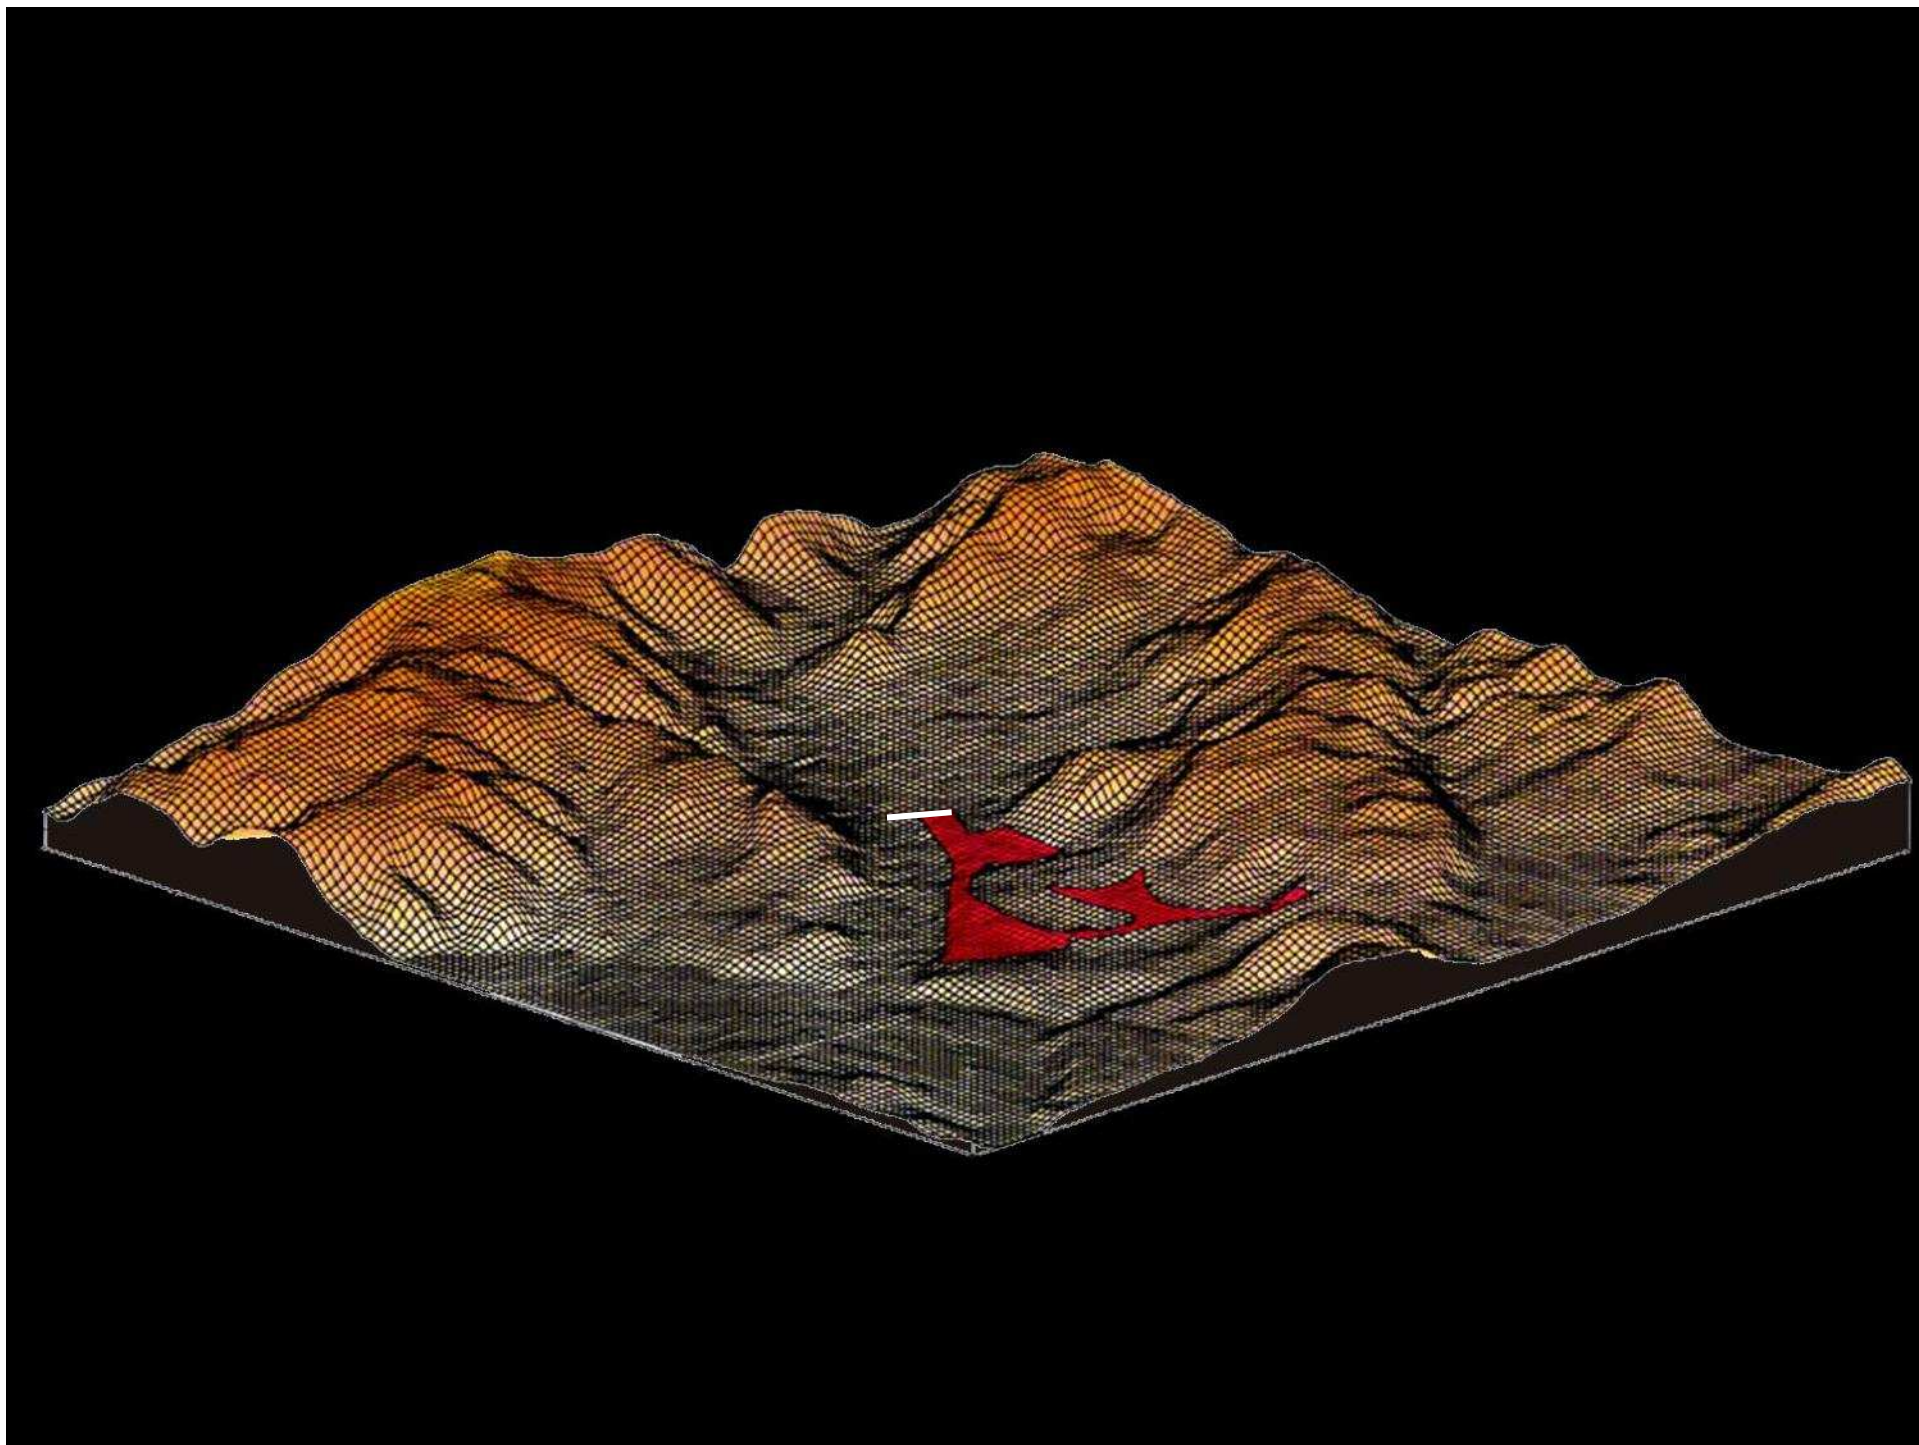

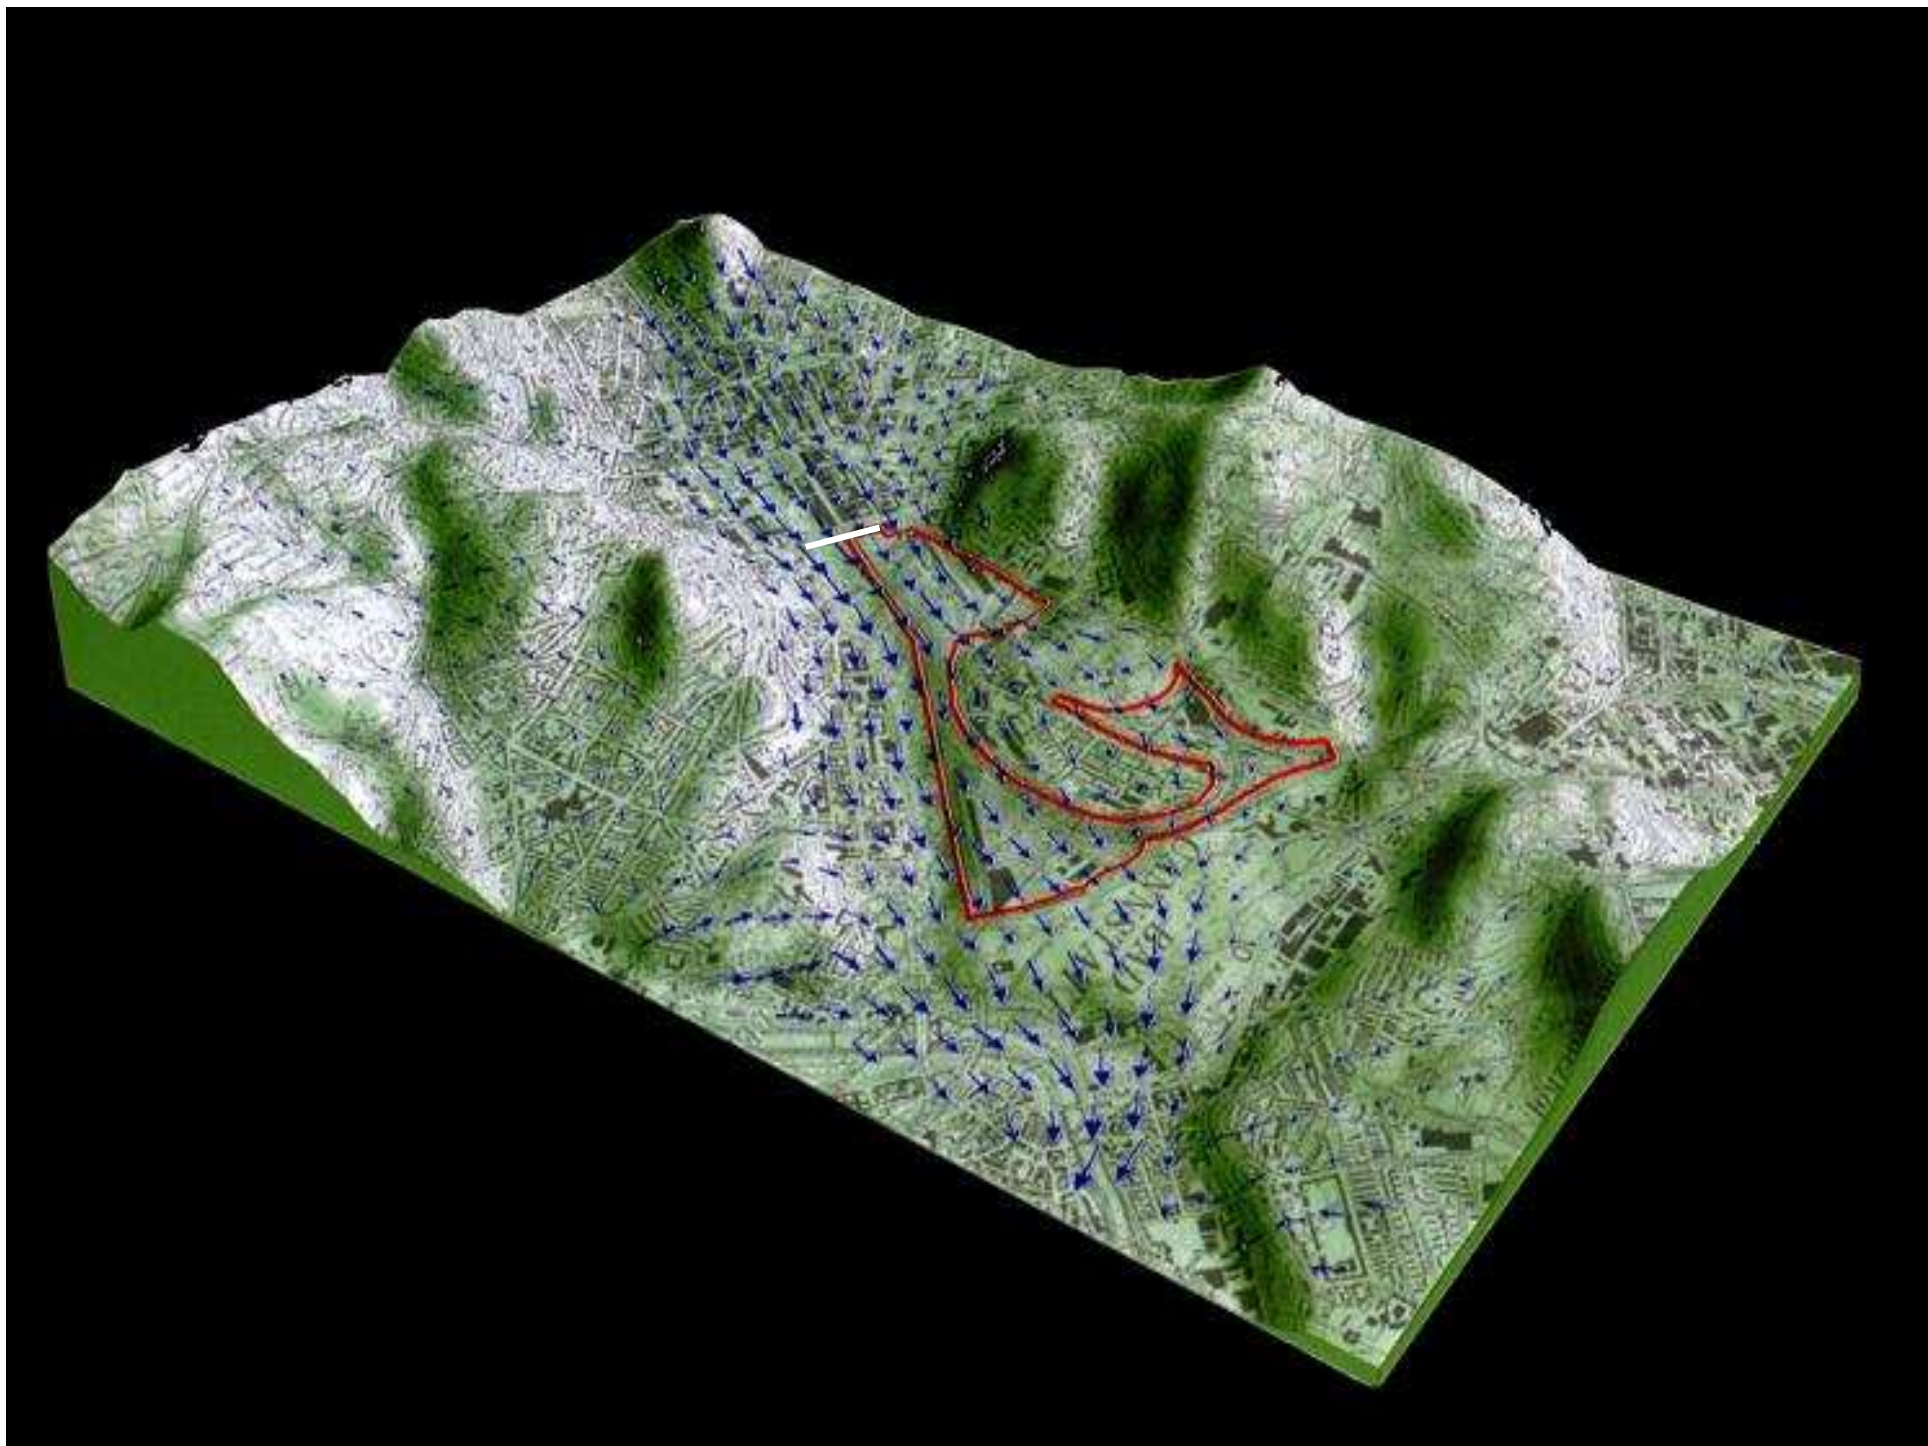

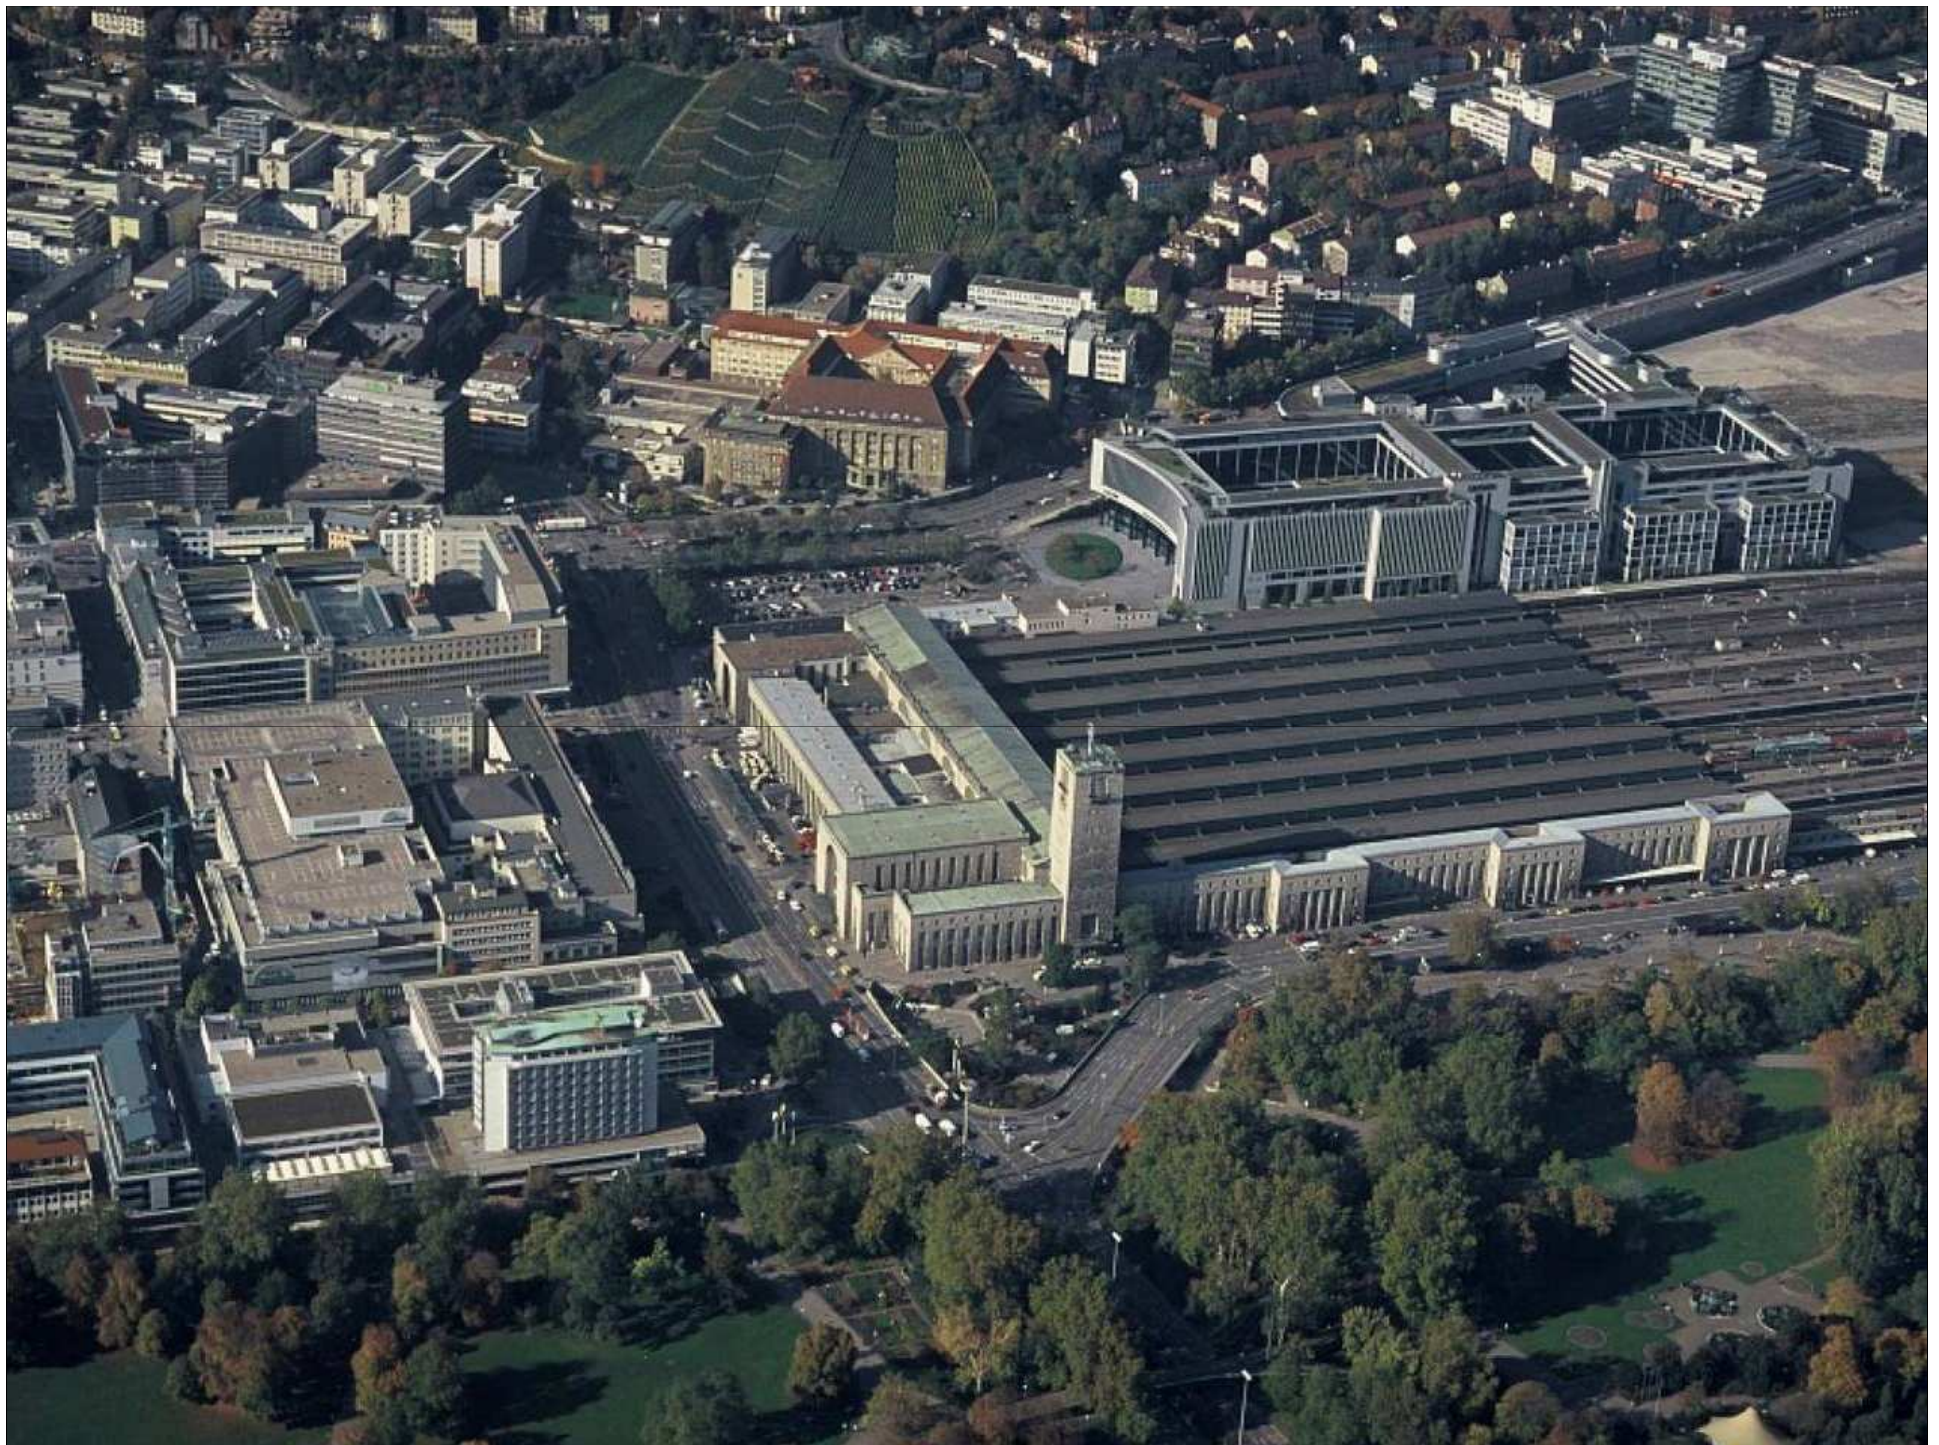

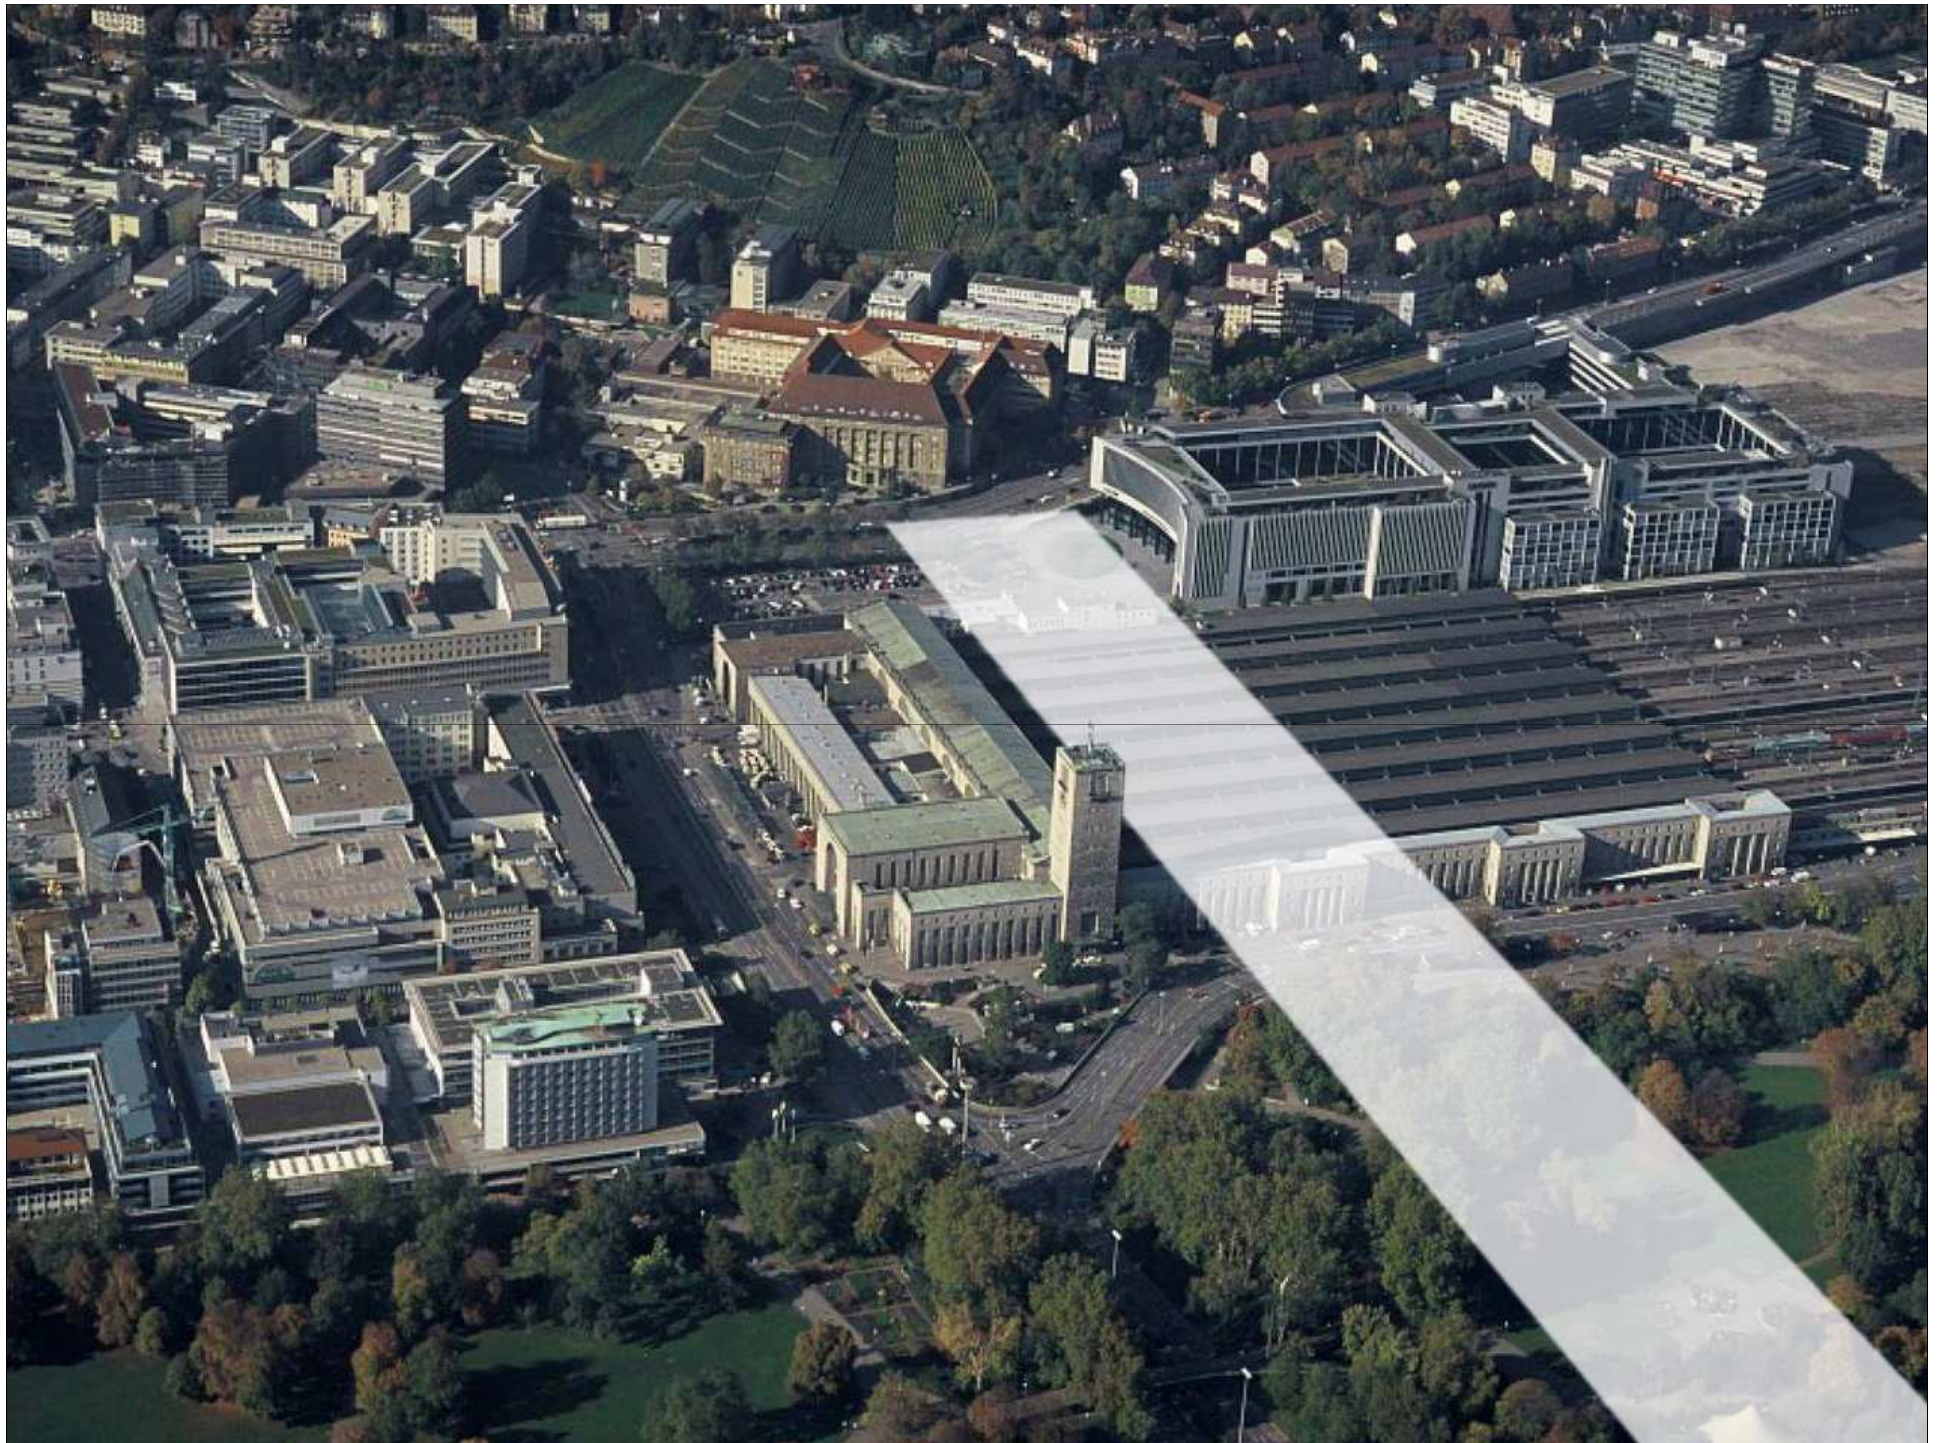

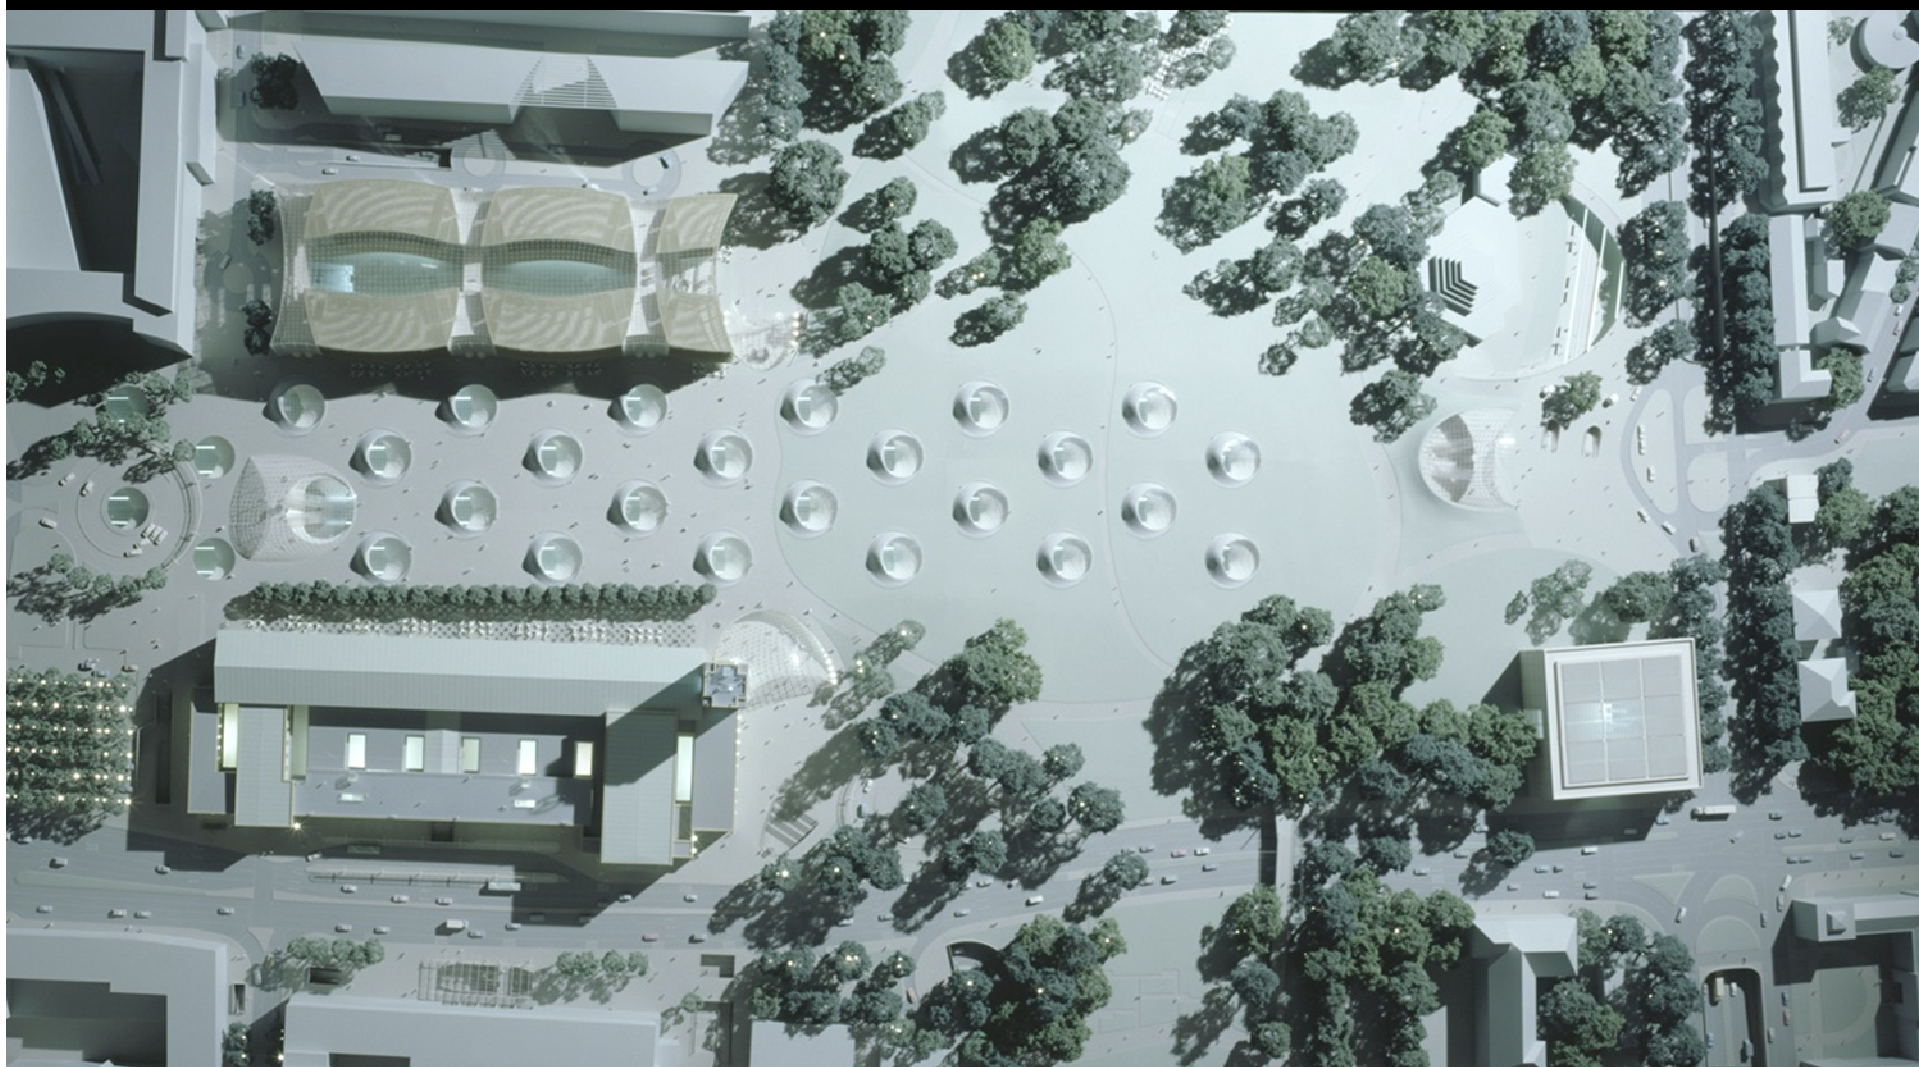

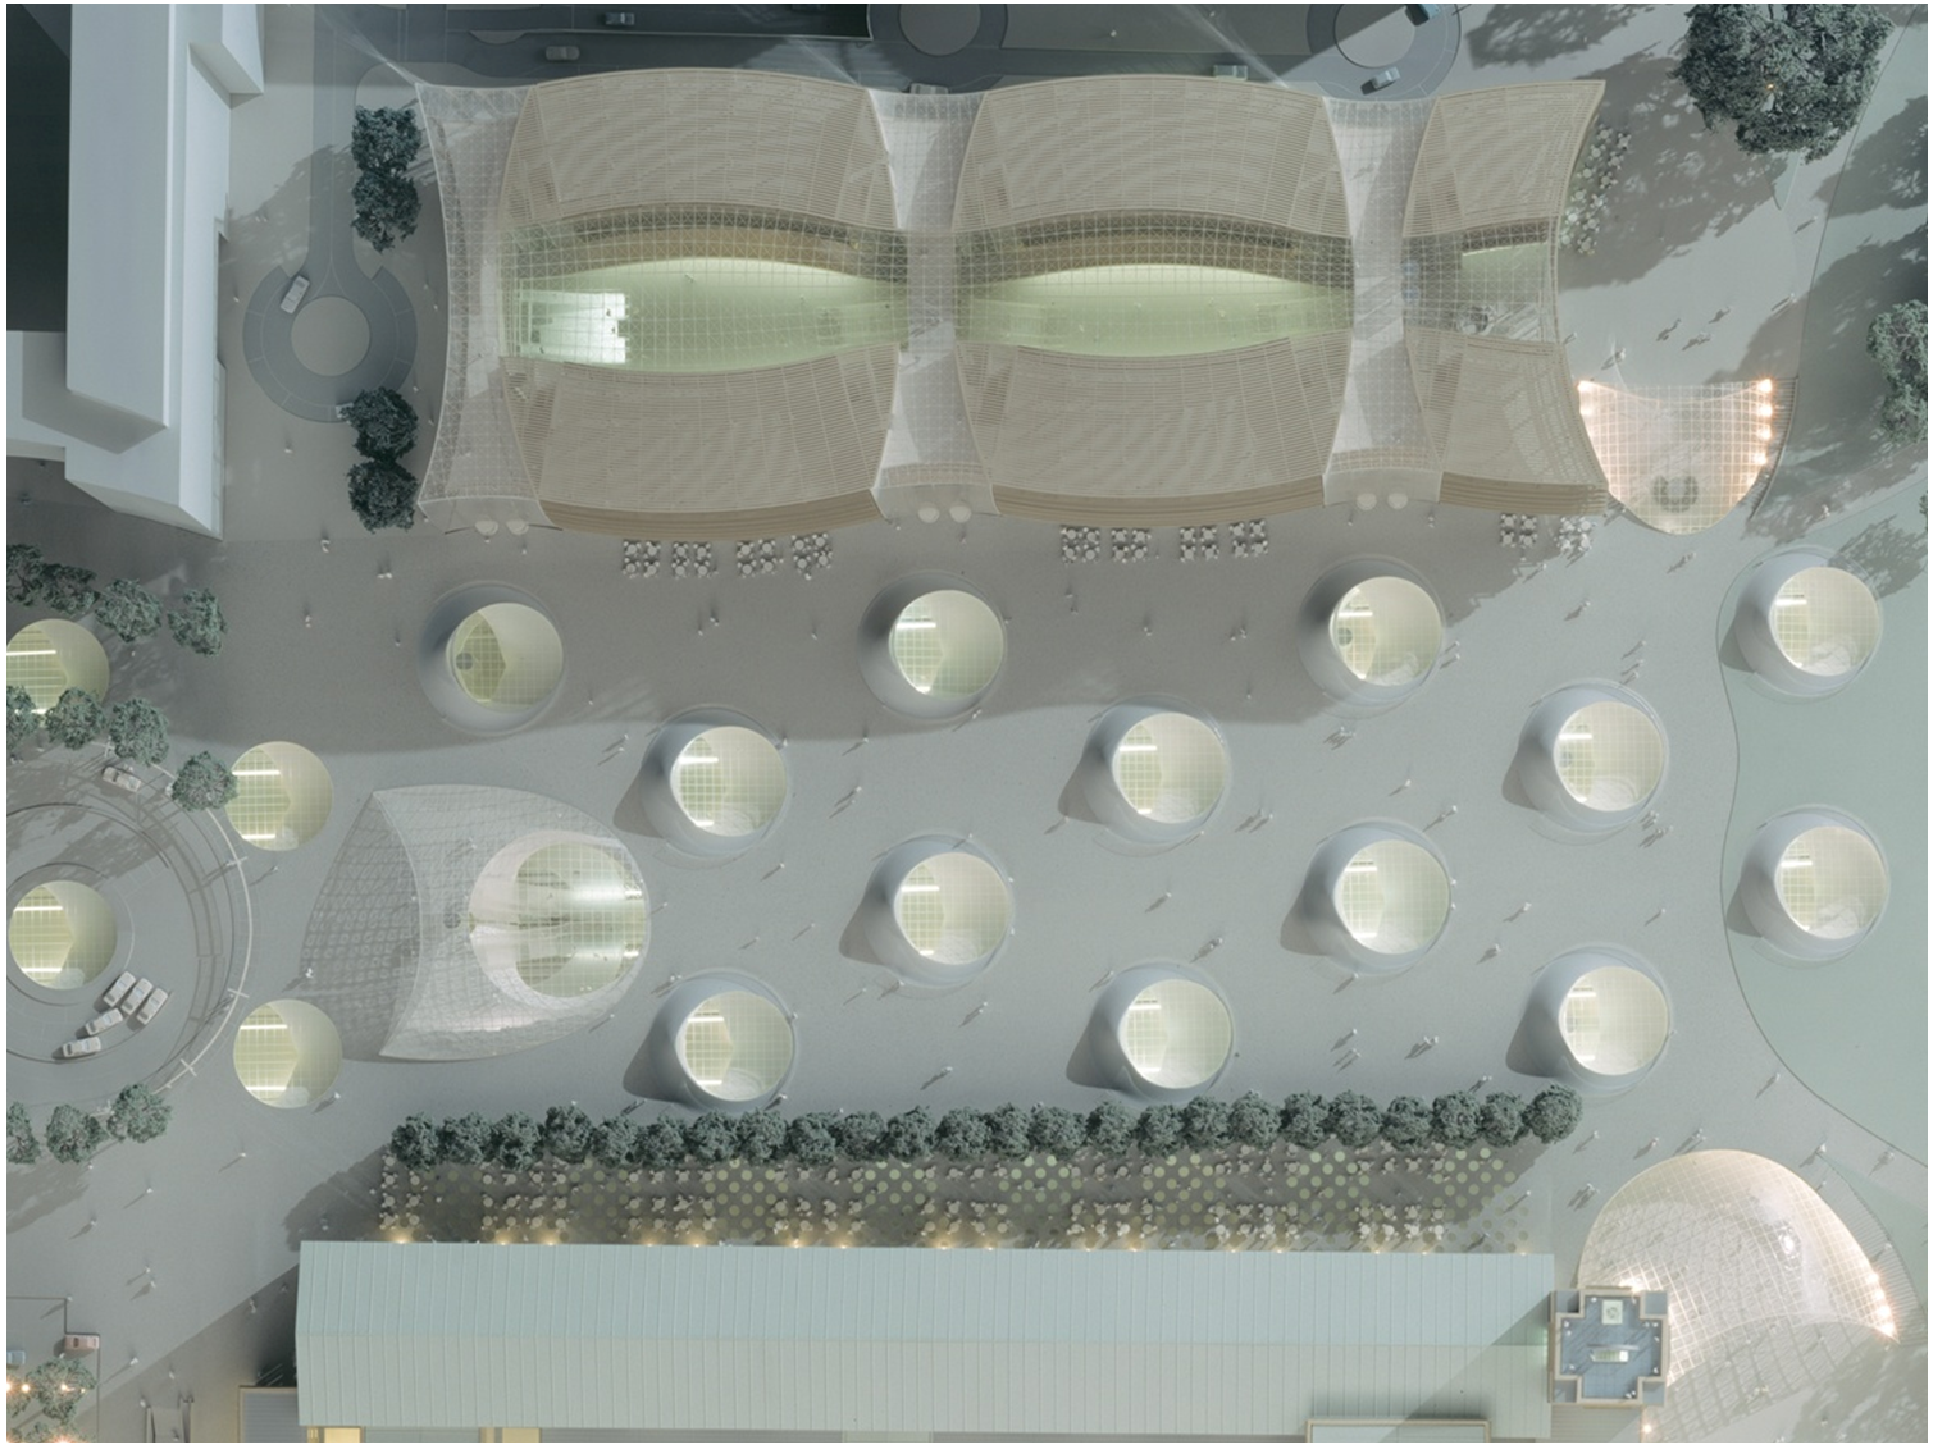

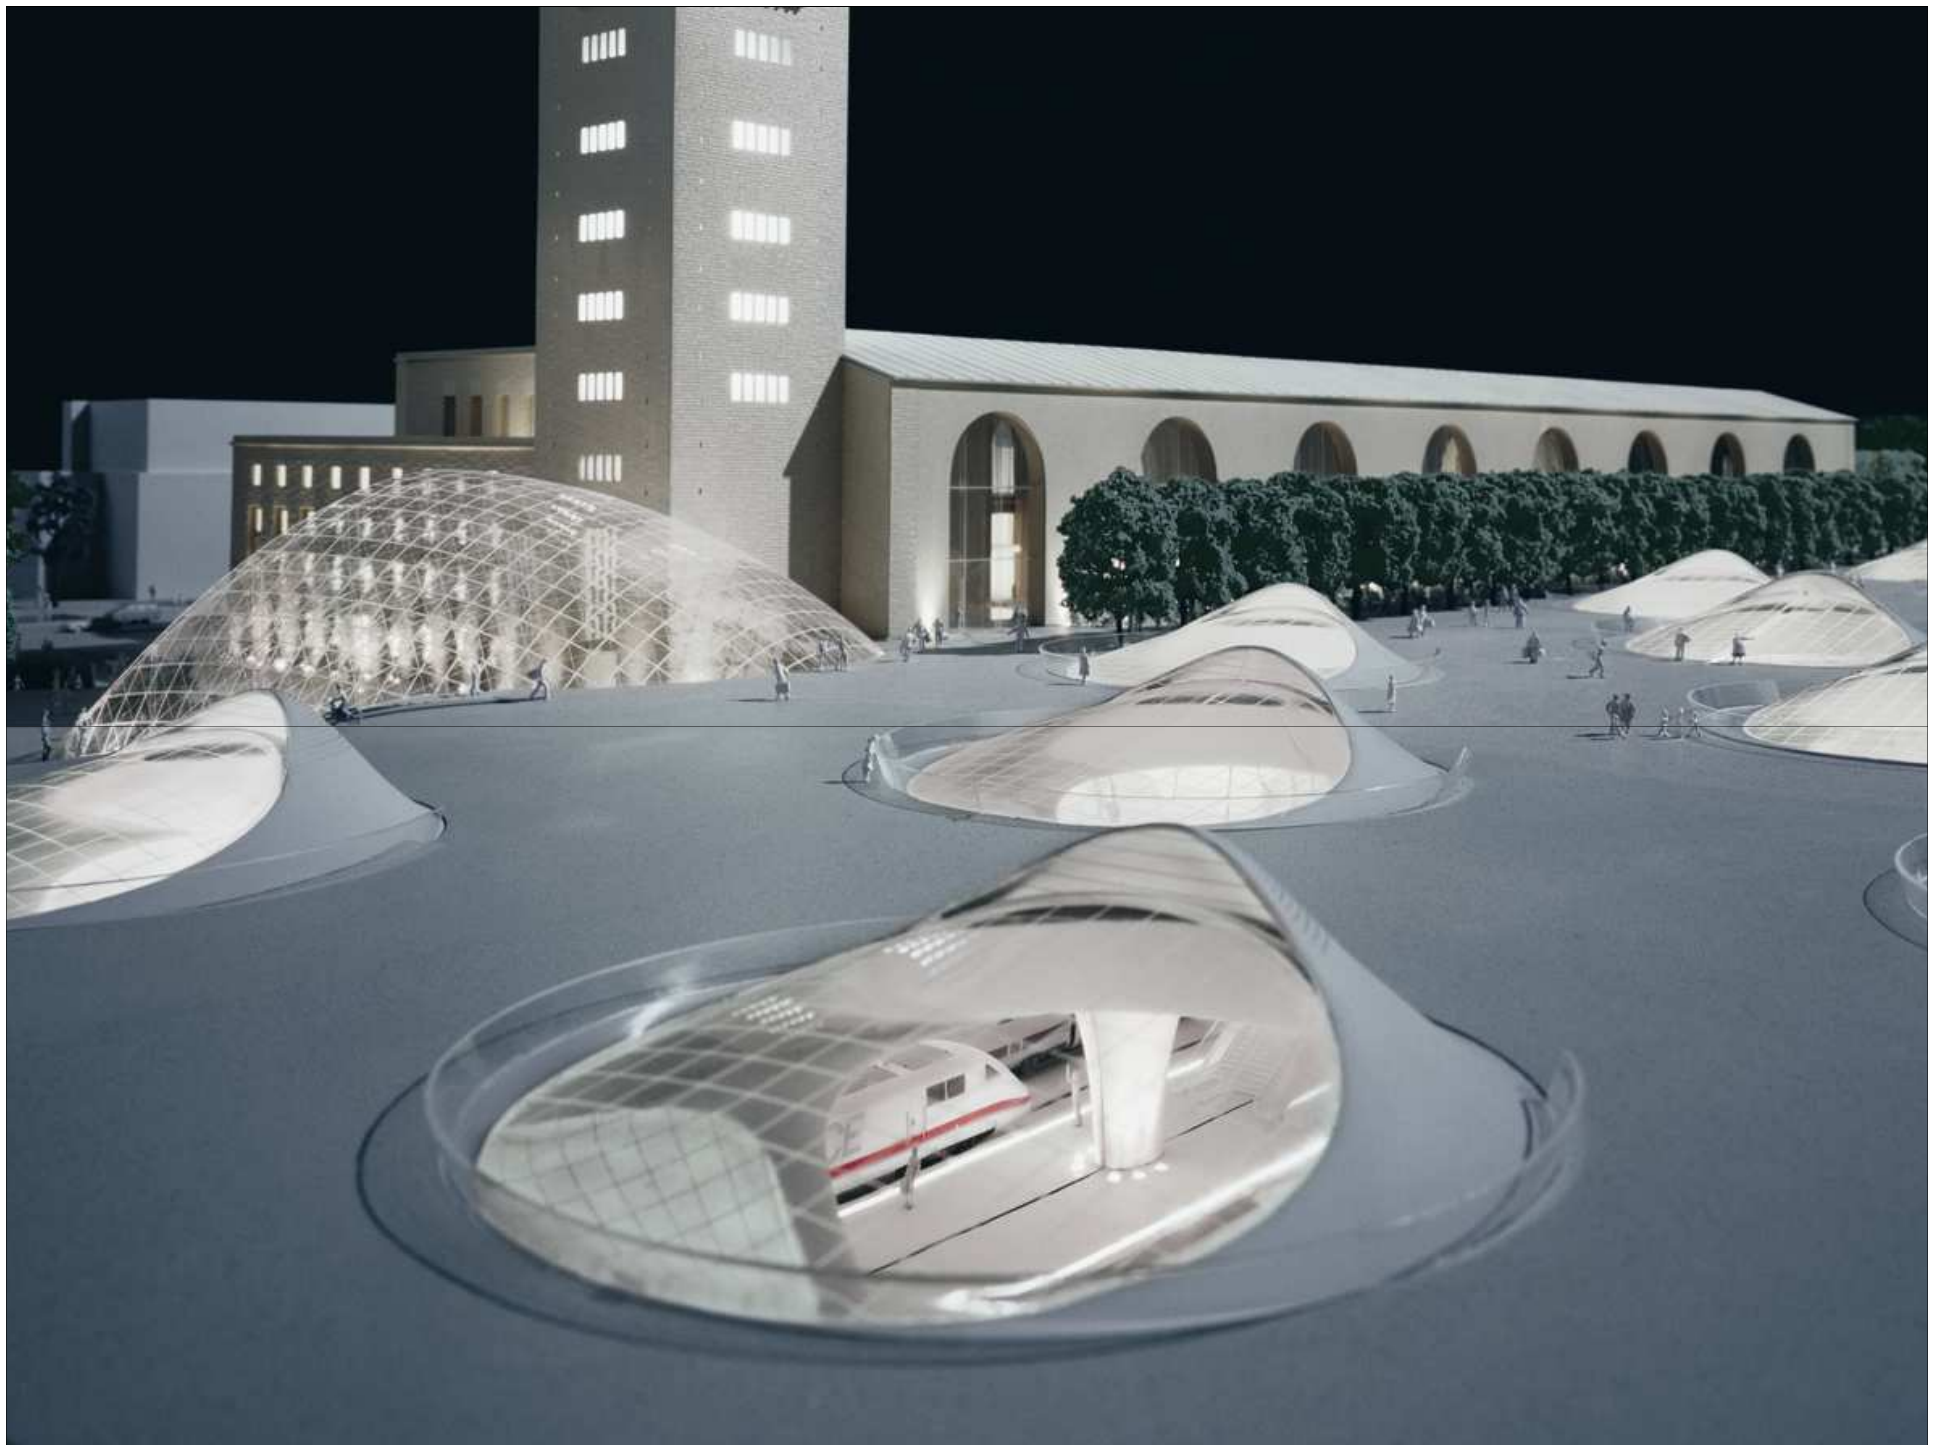

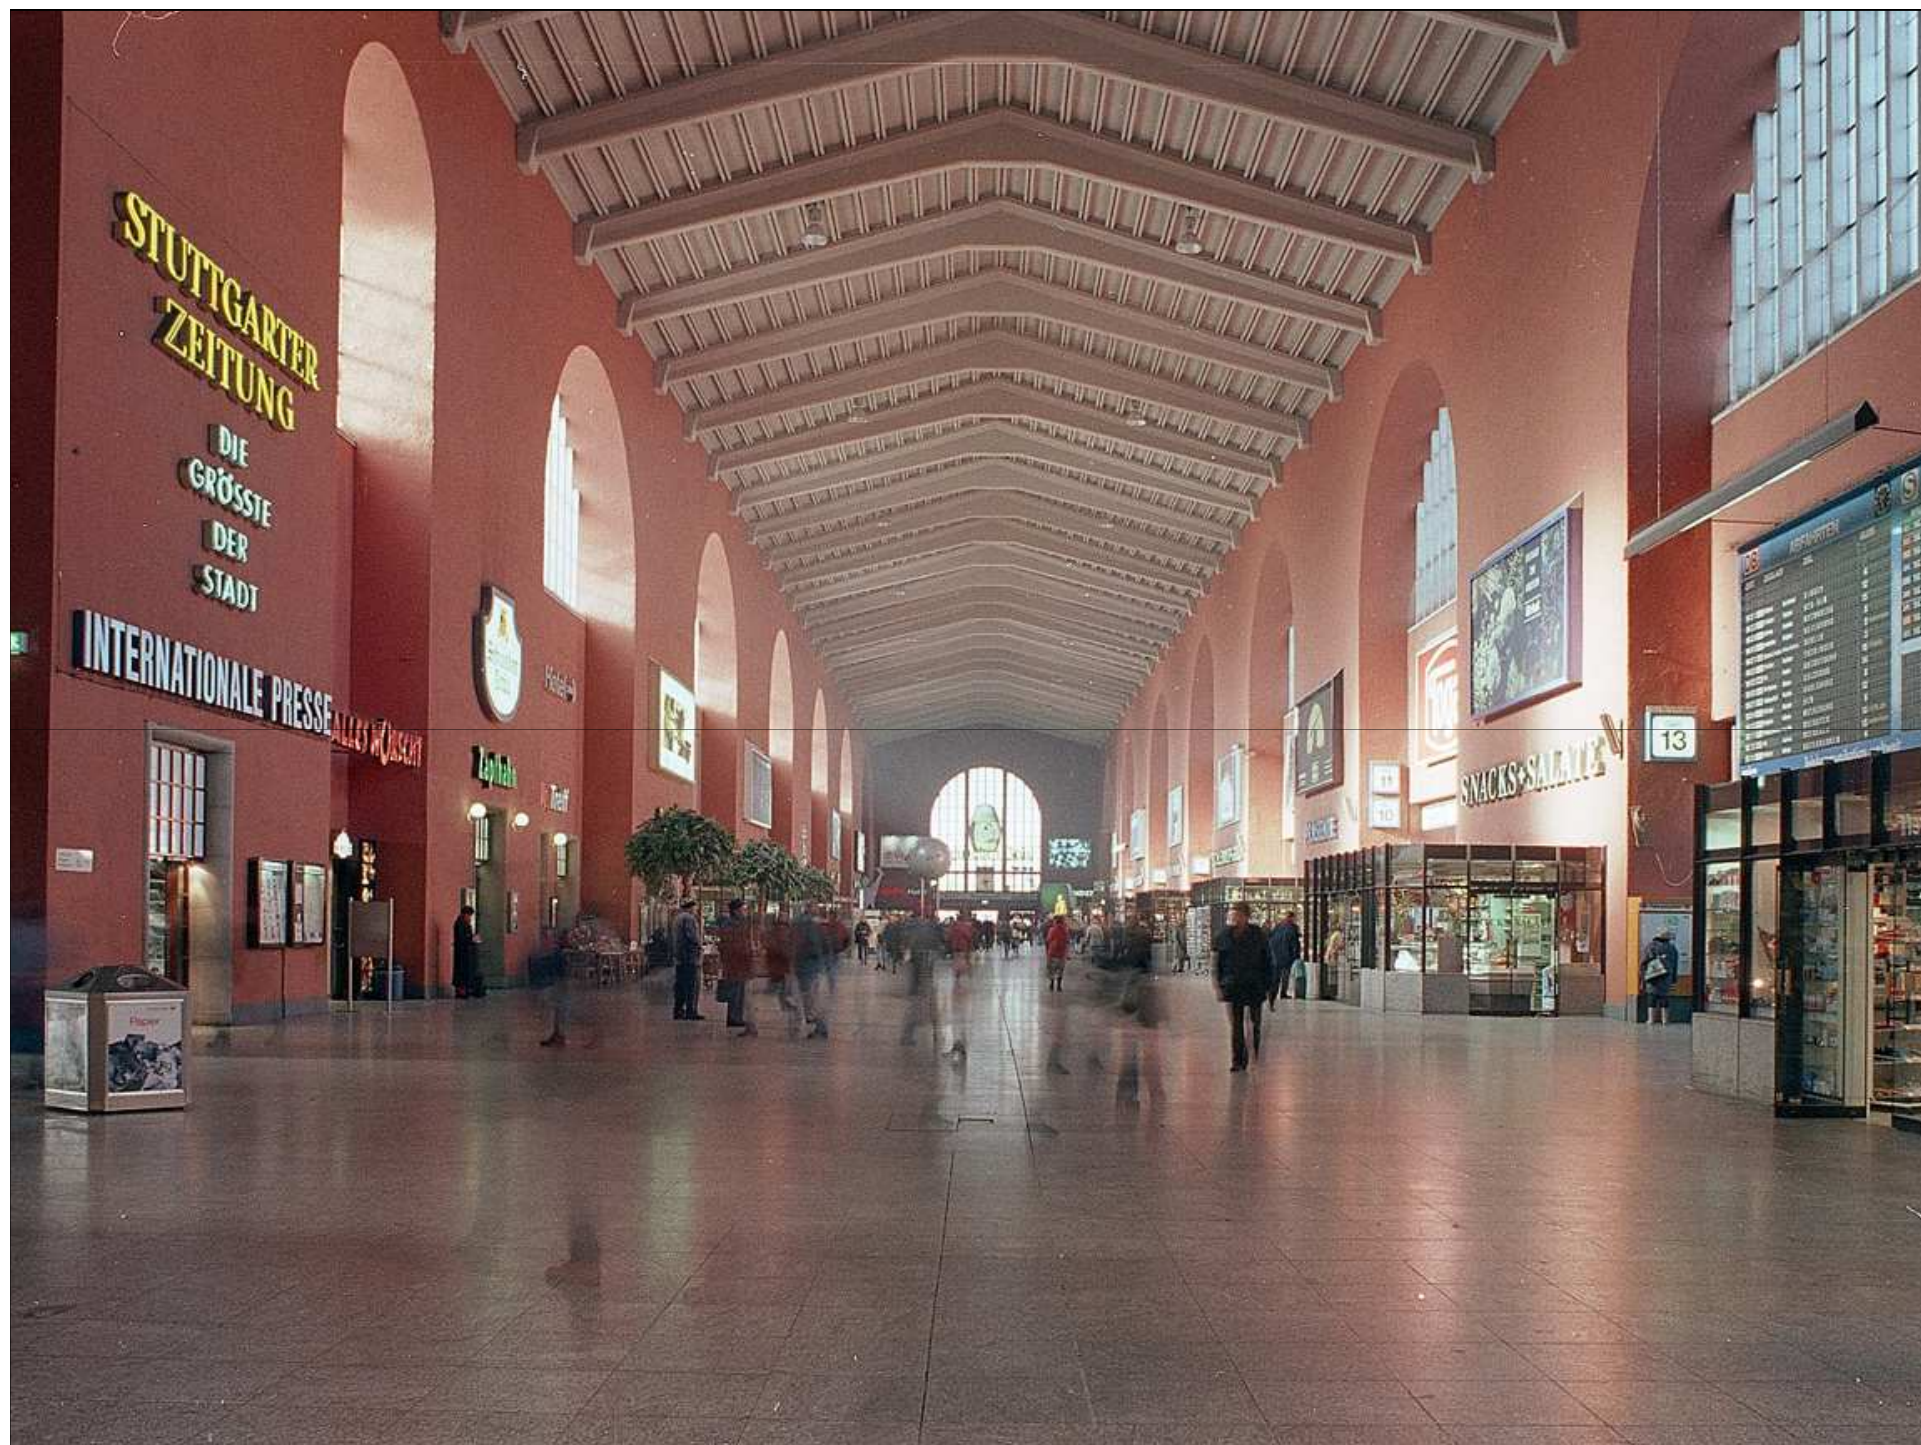

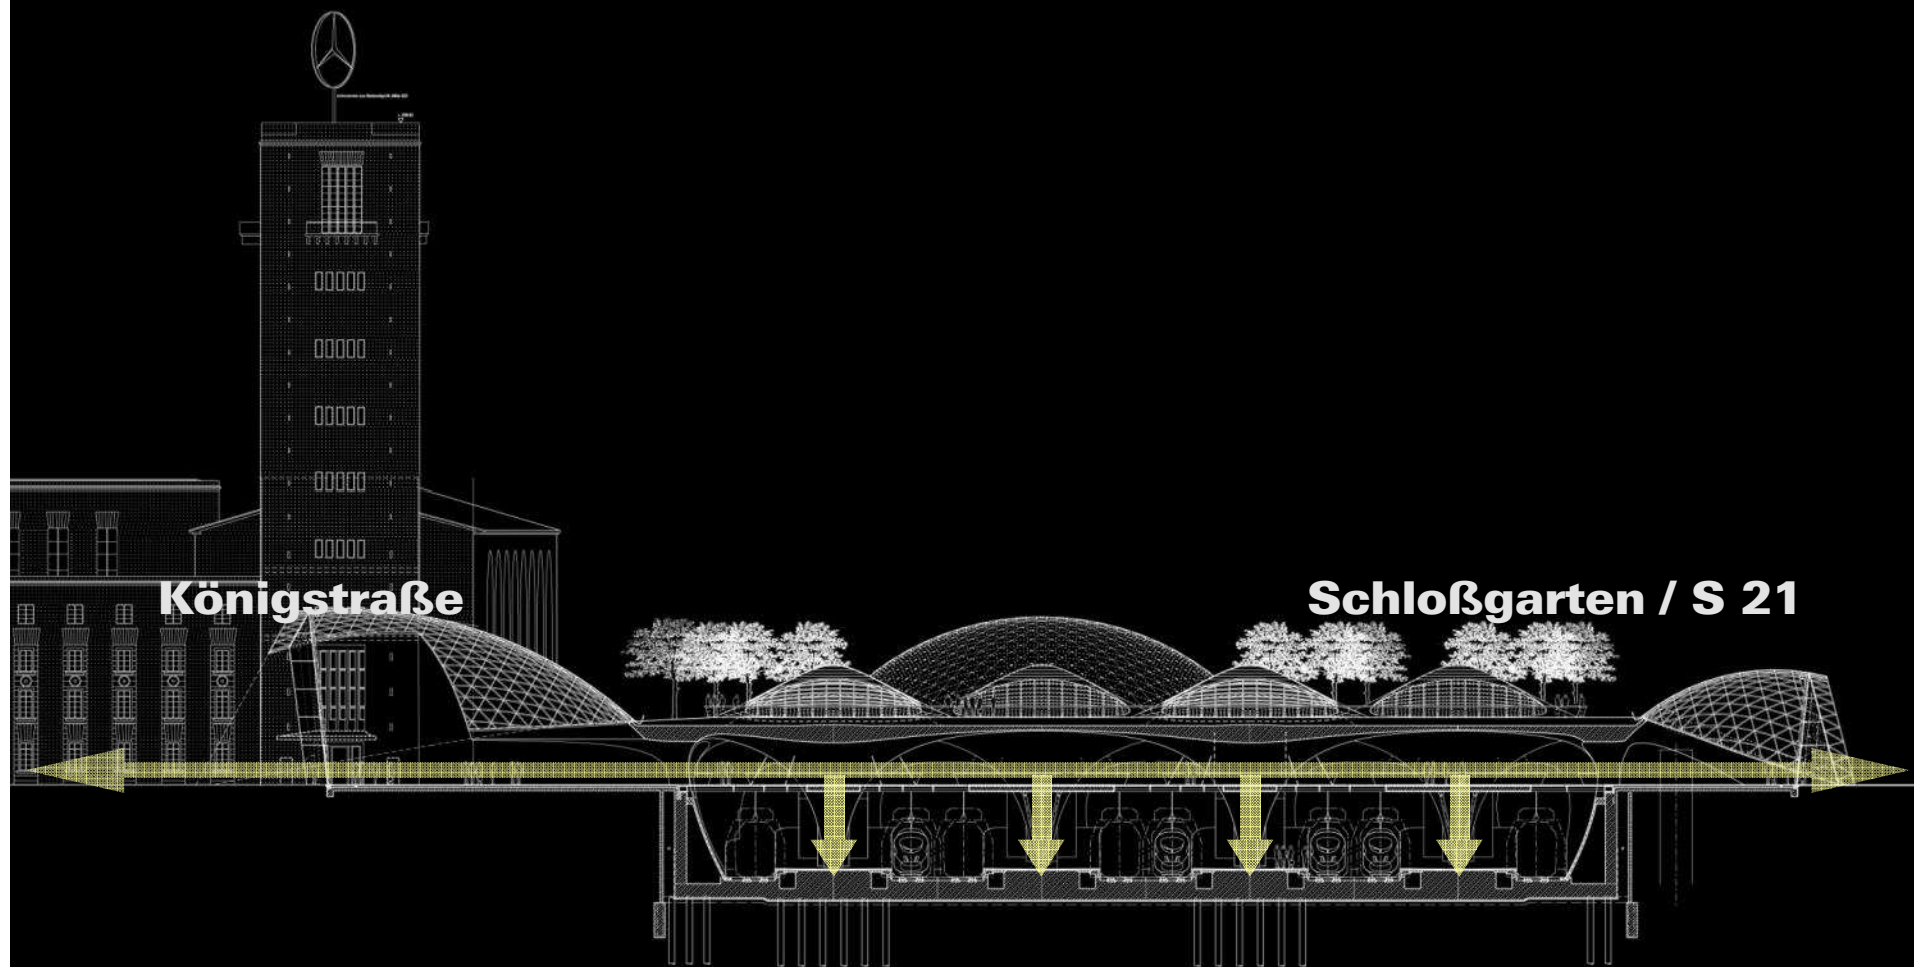

**...wie der
Bonatzbau
transformiert wird...**

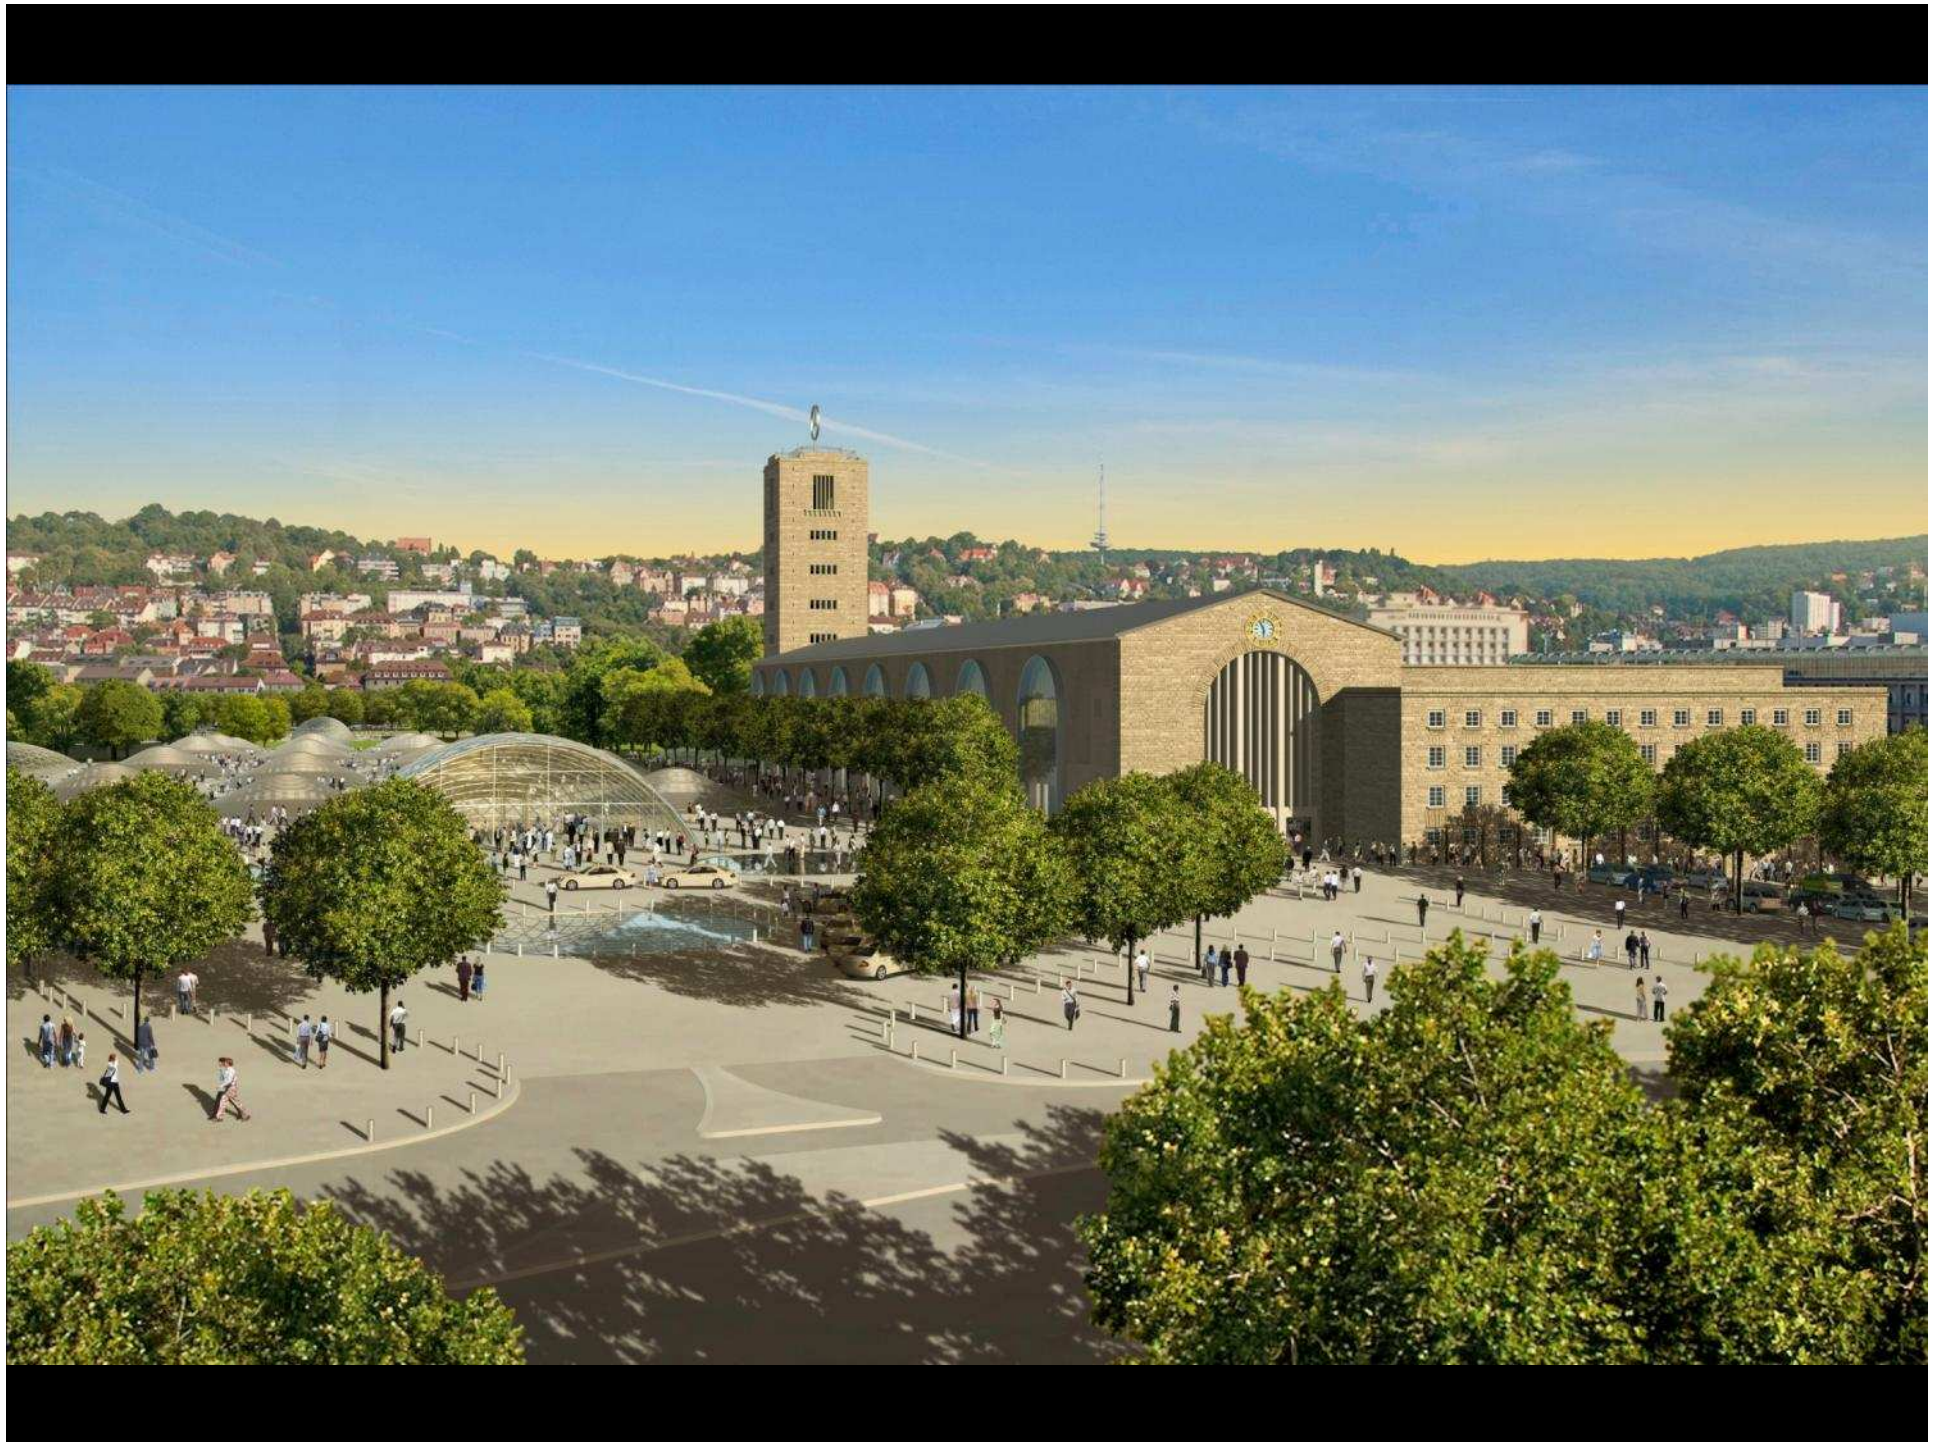

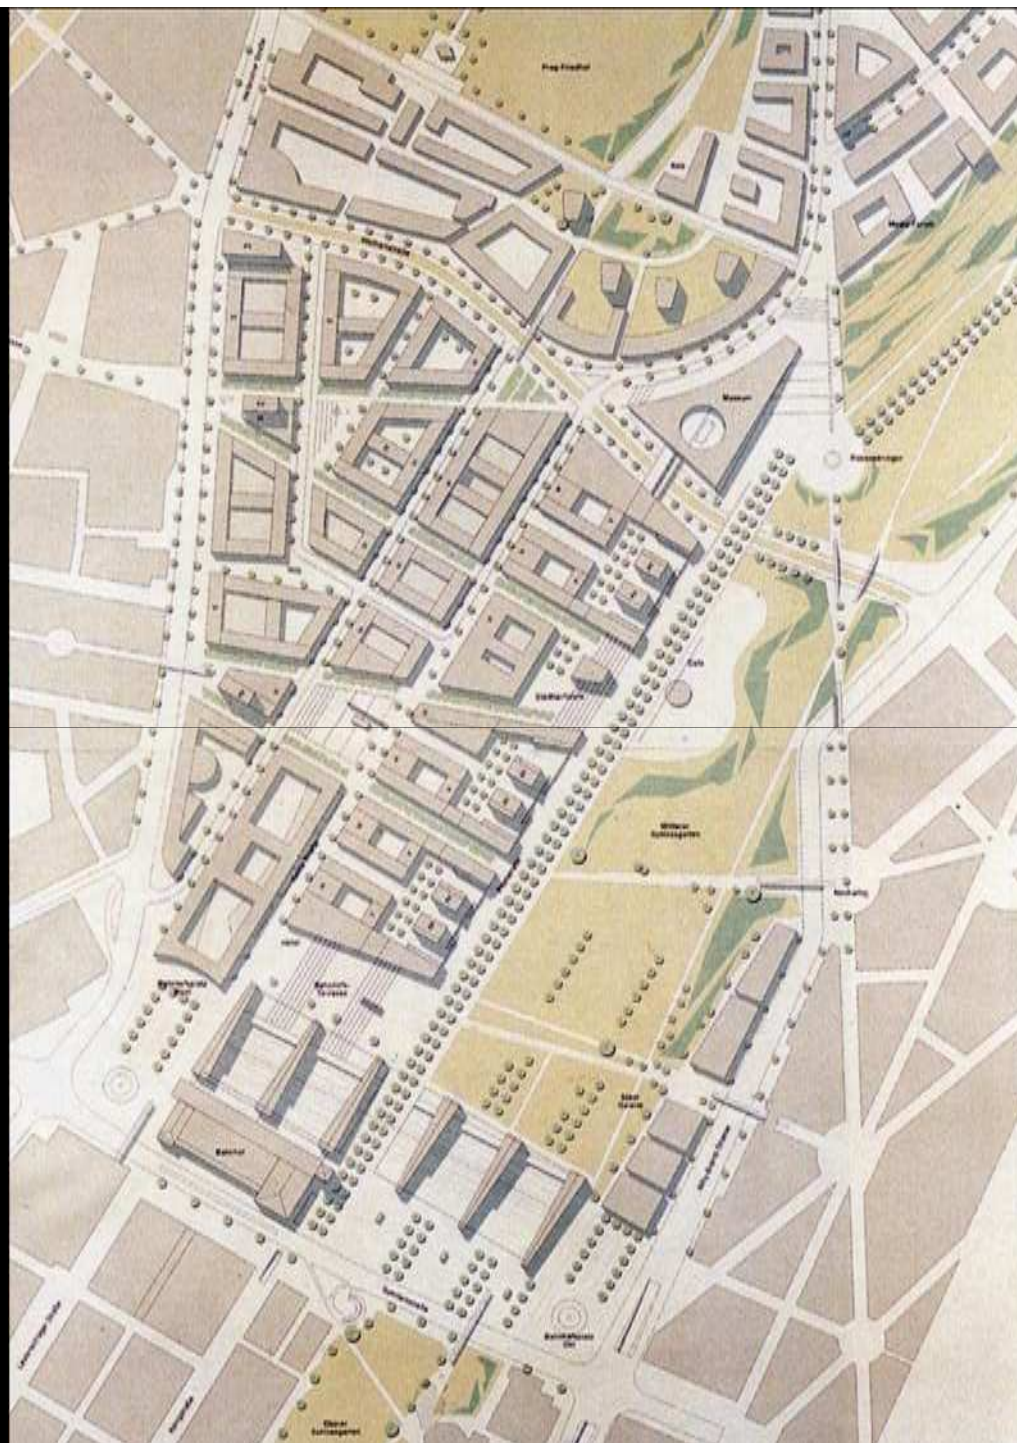

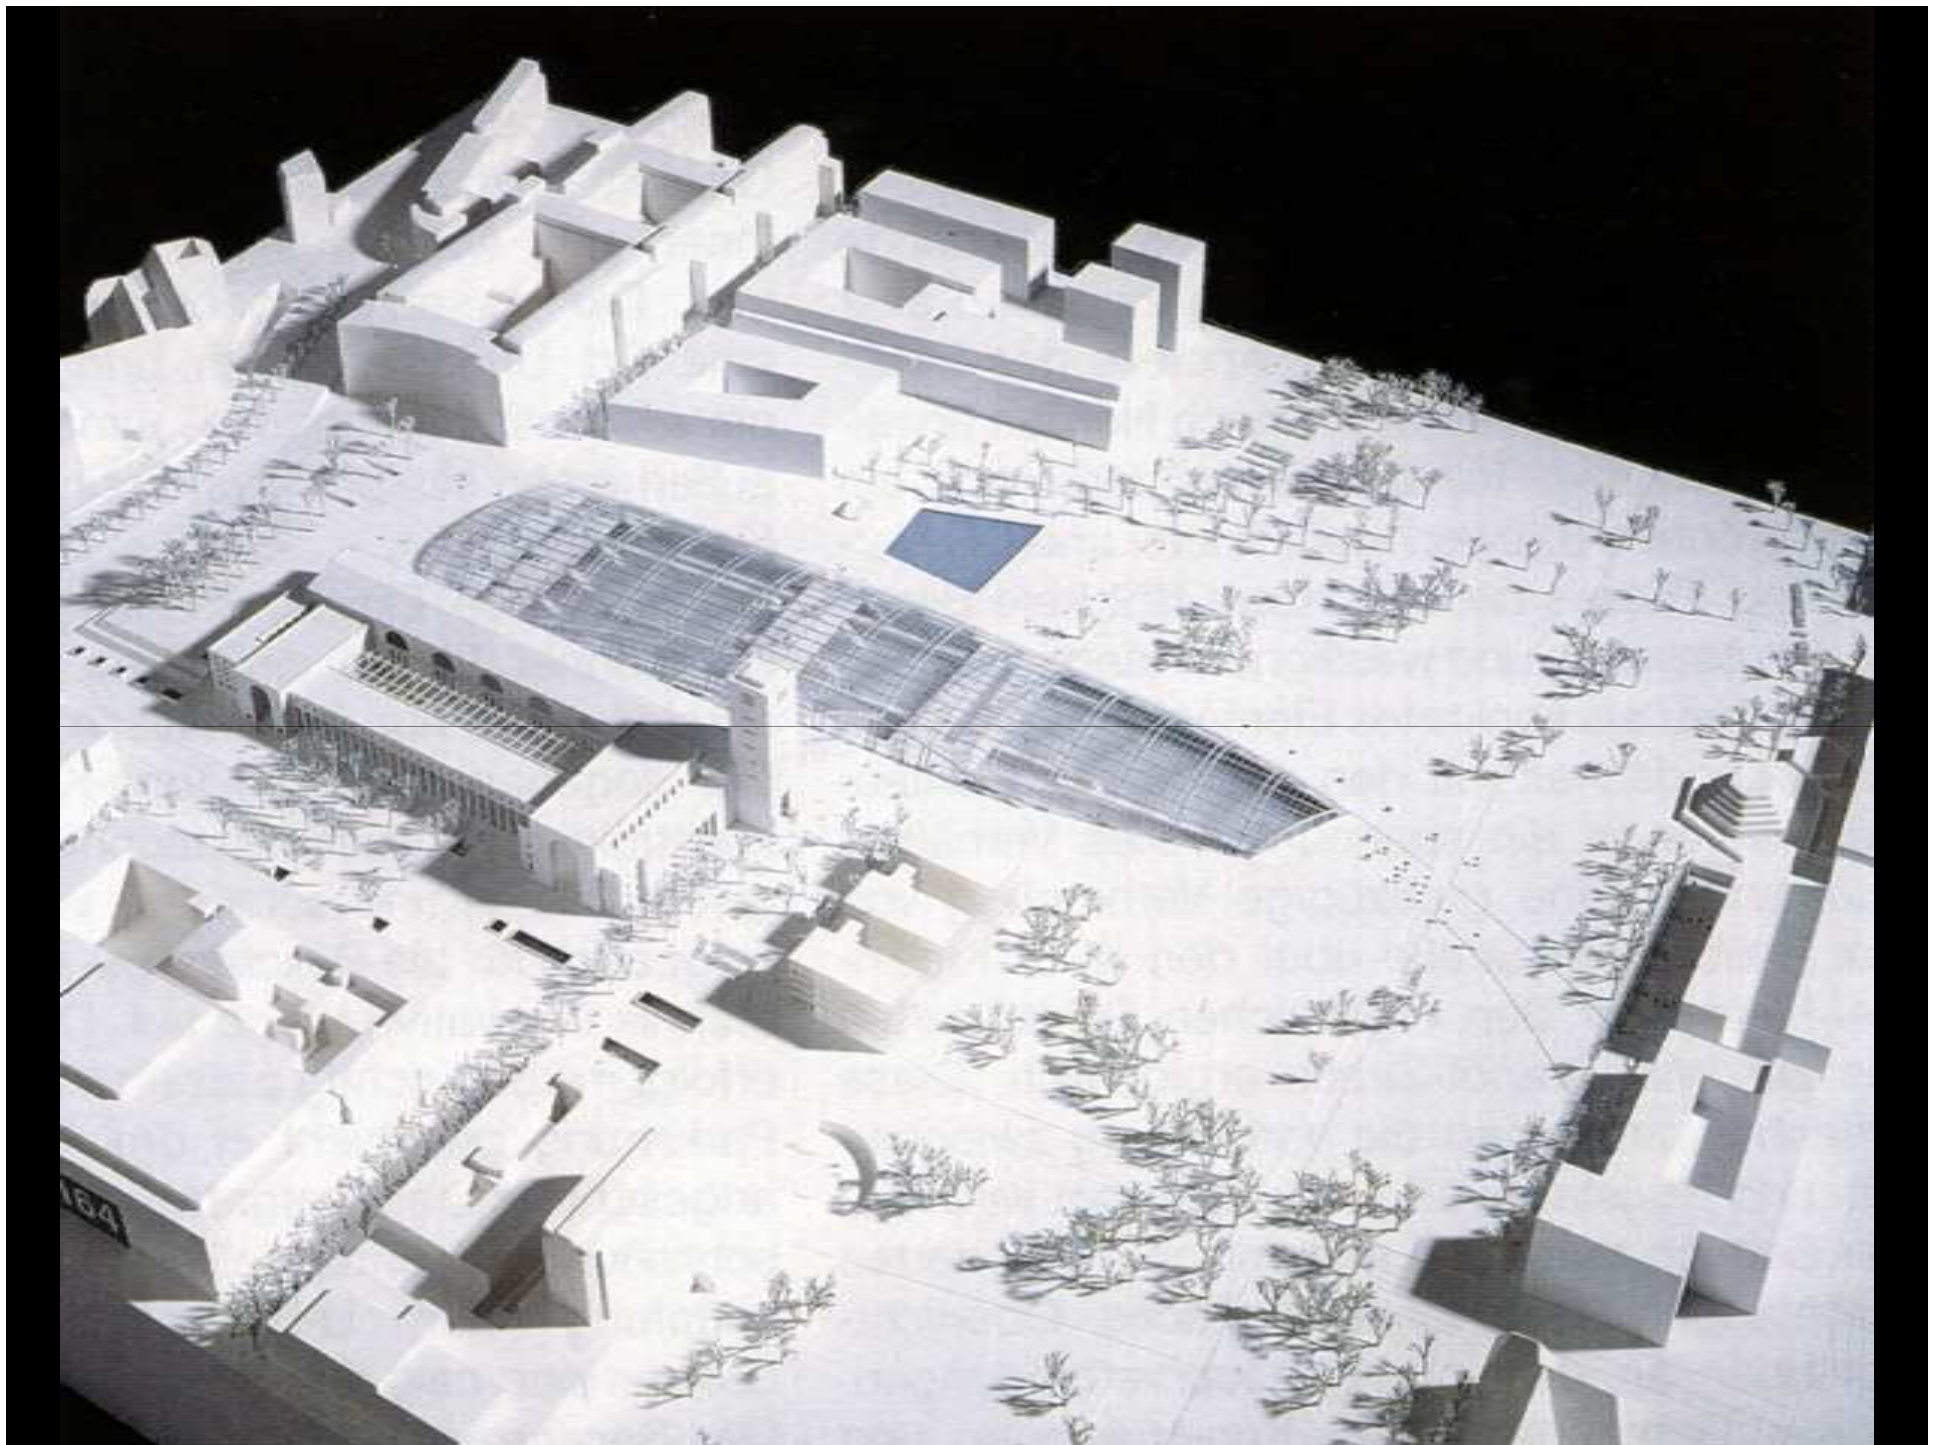

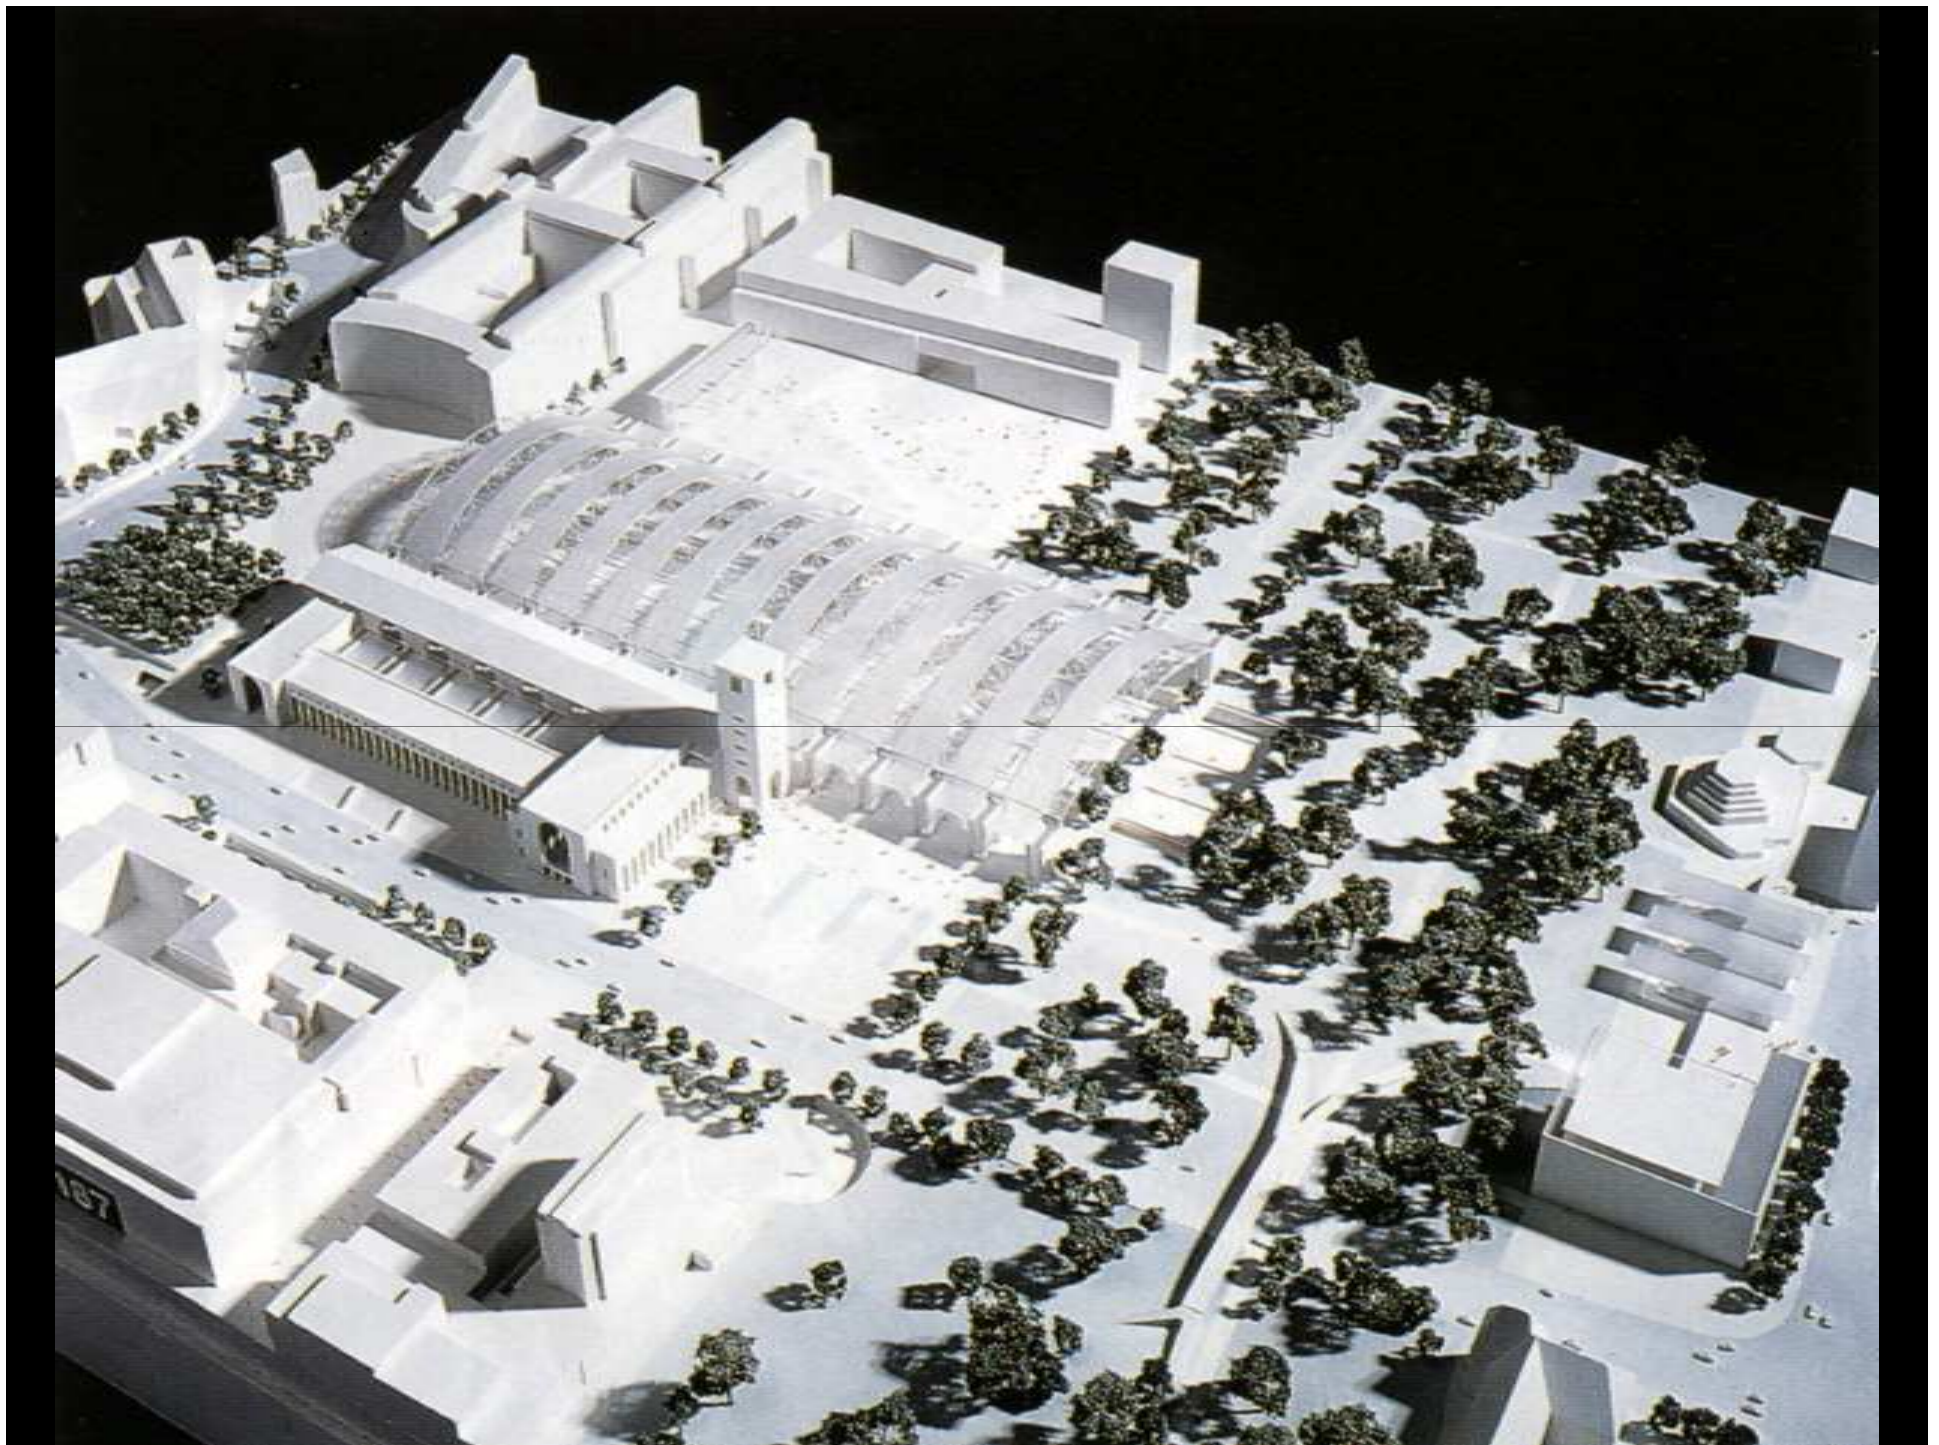

**...wie die neue
Stadt näher an die
alte heranrückt...**

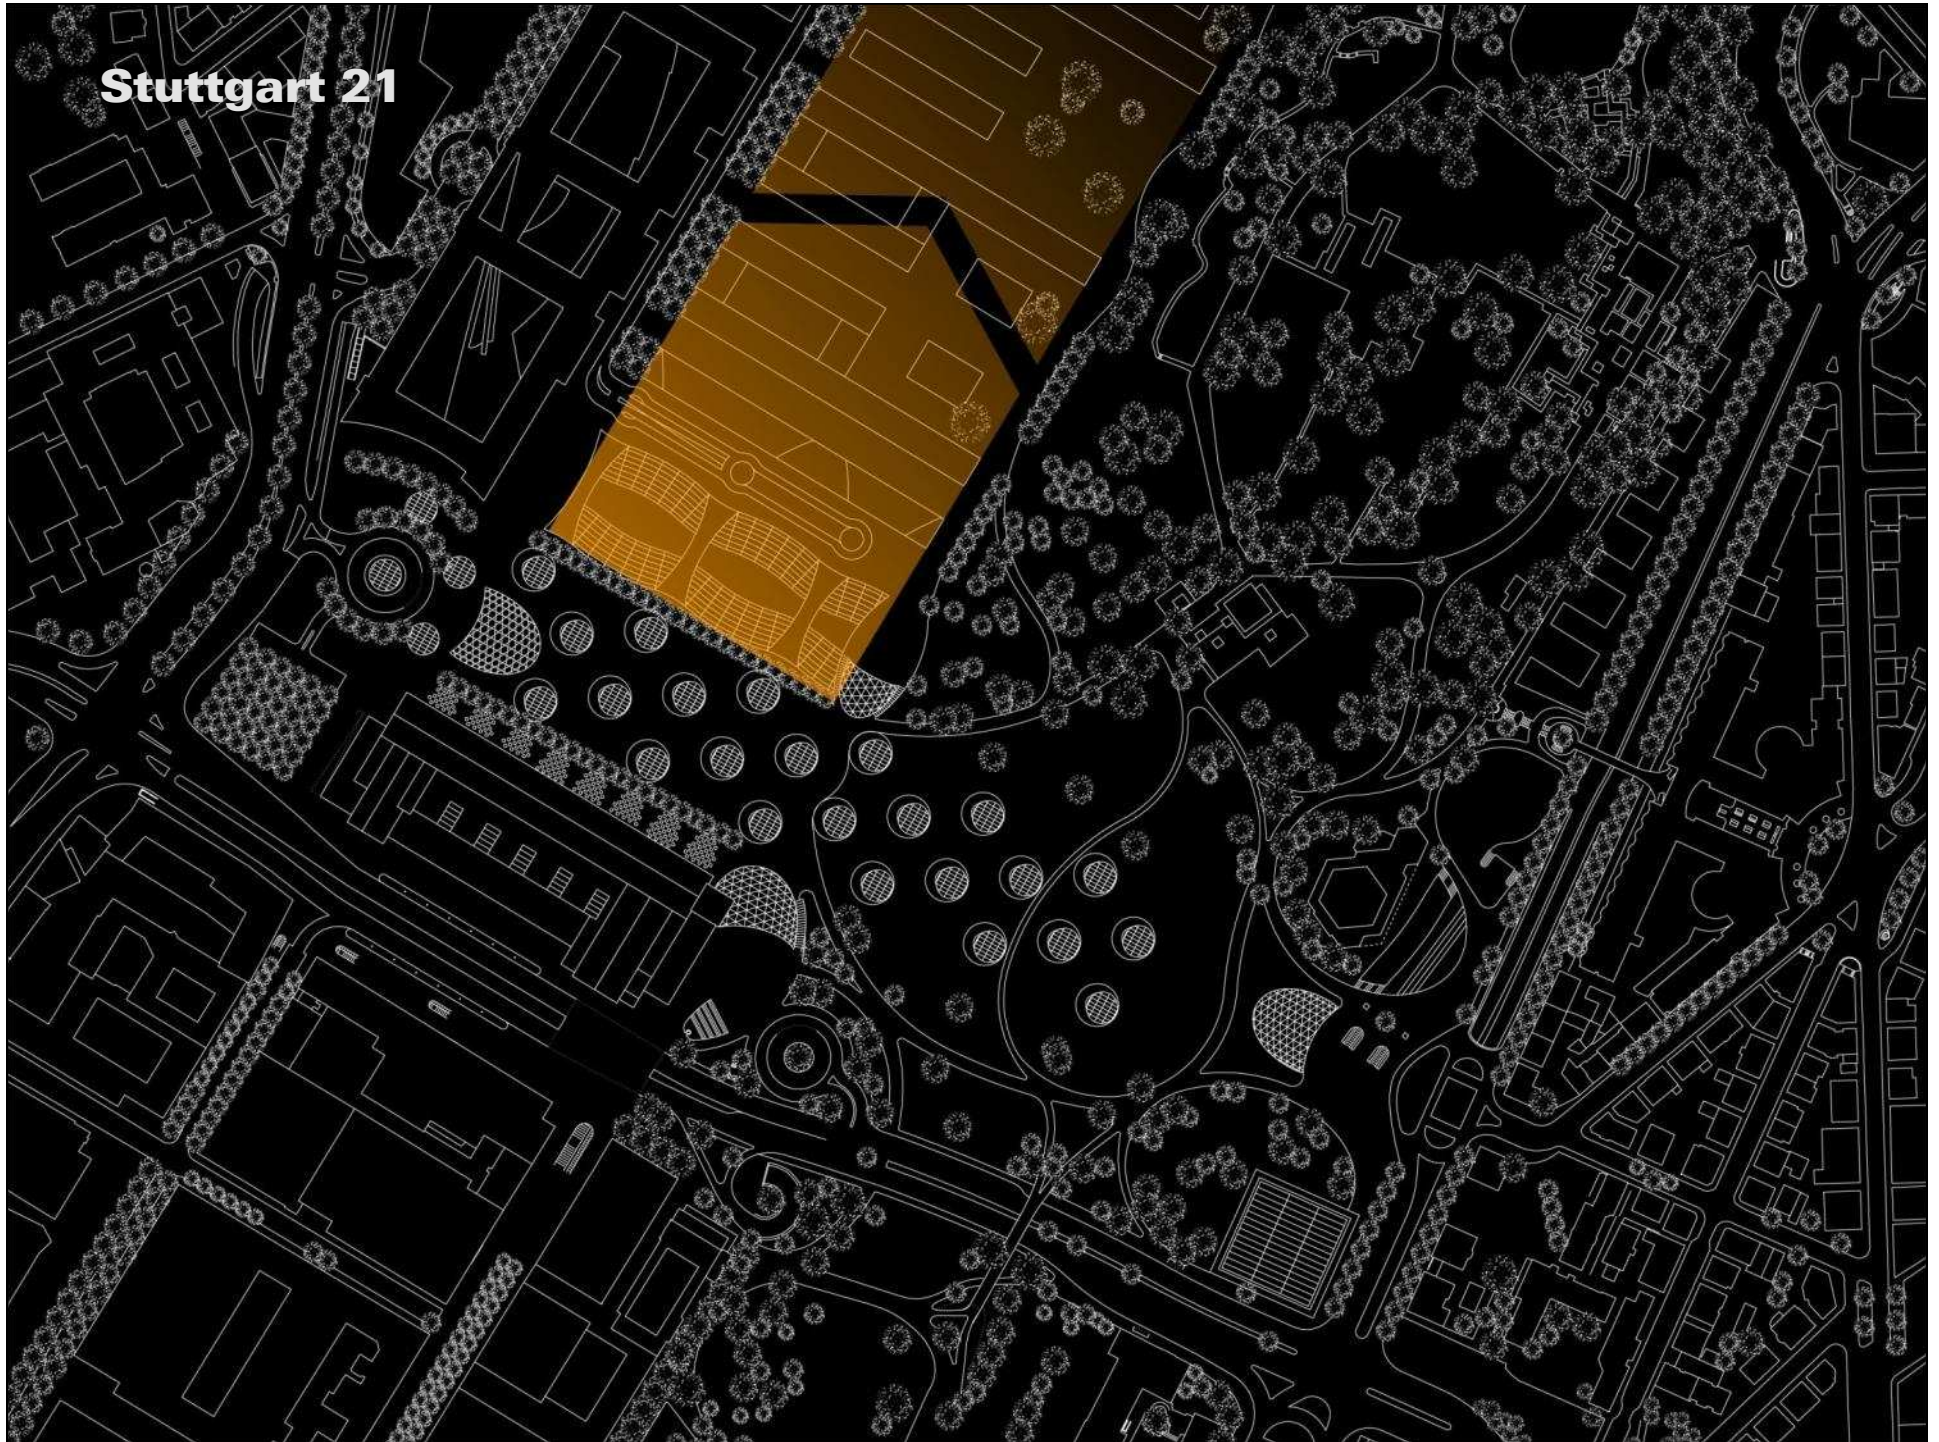

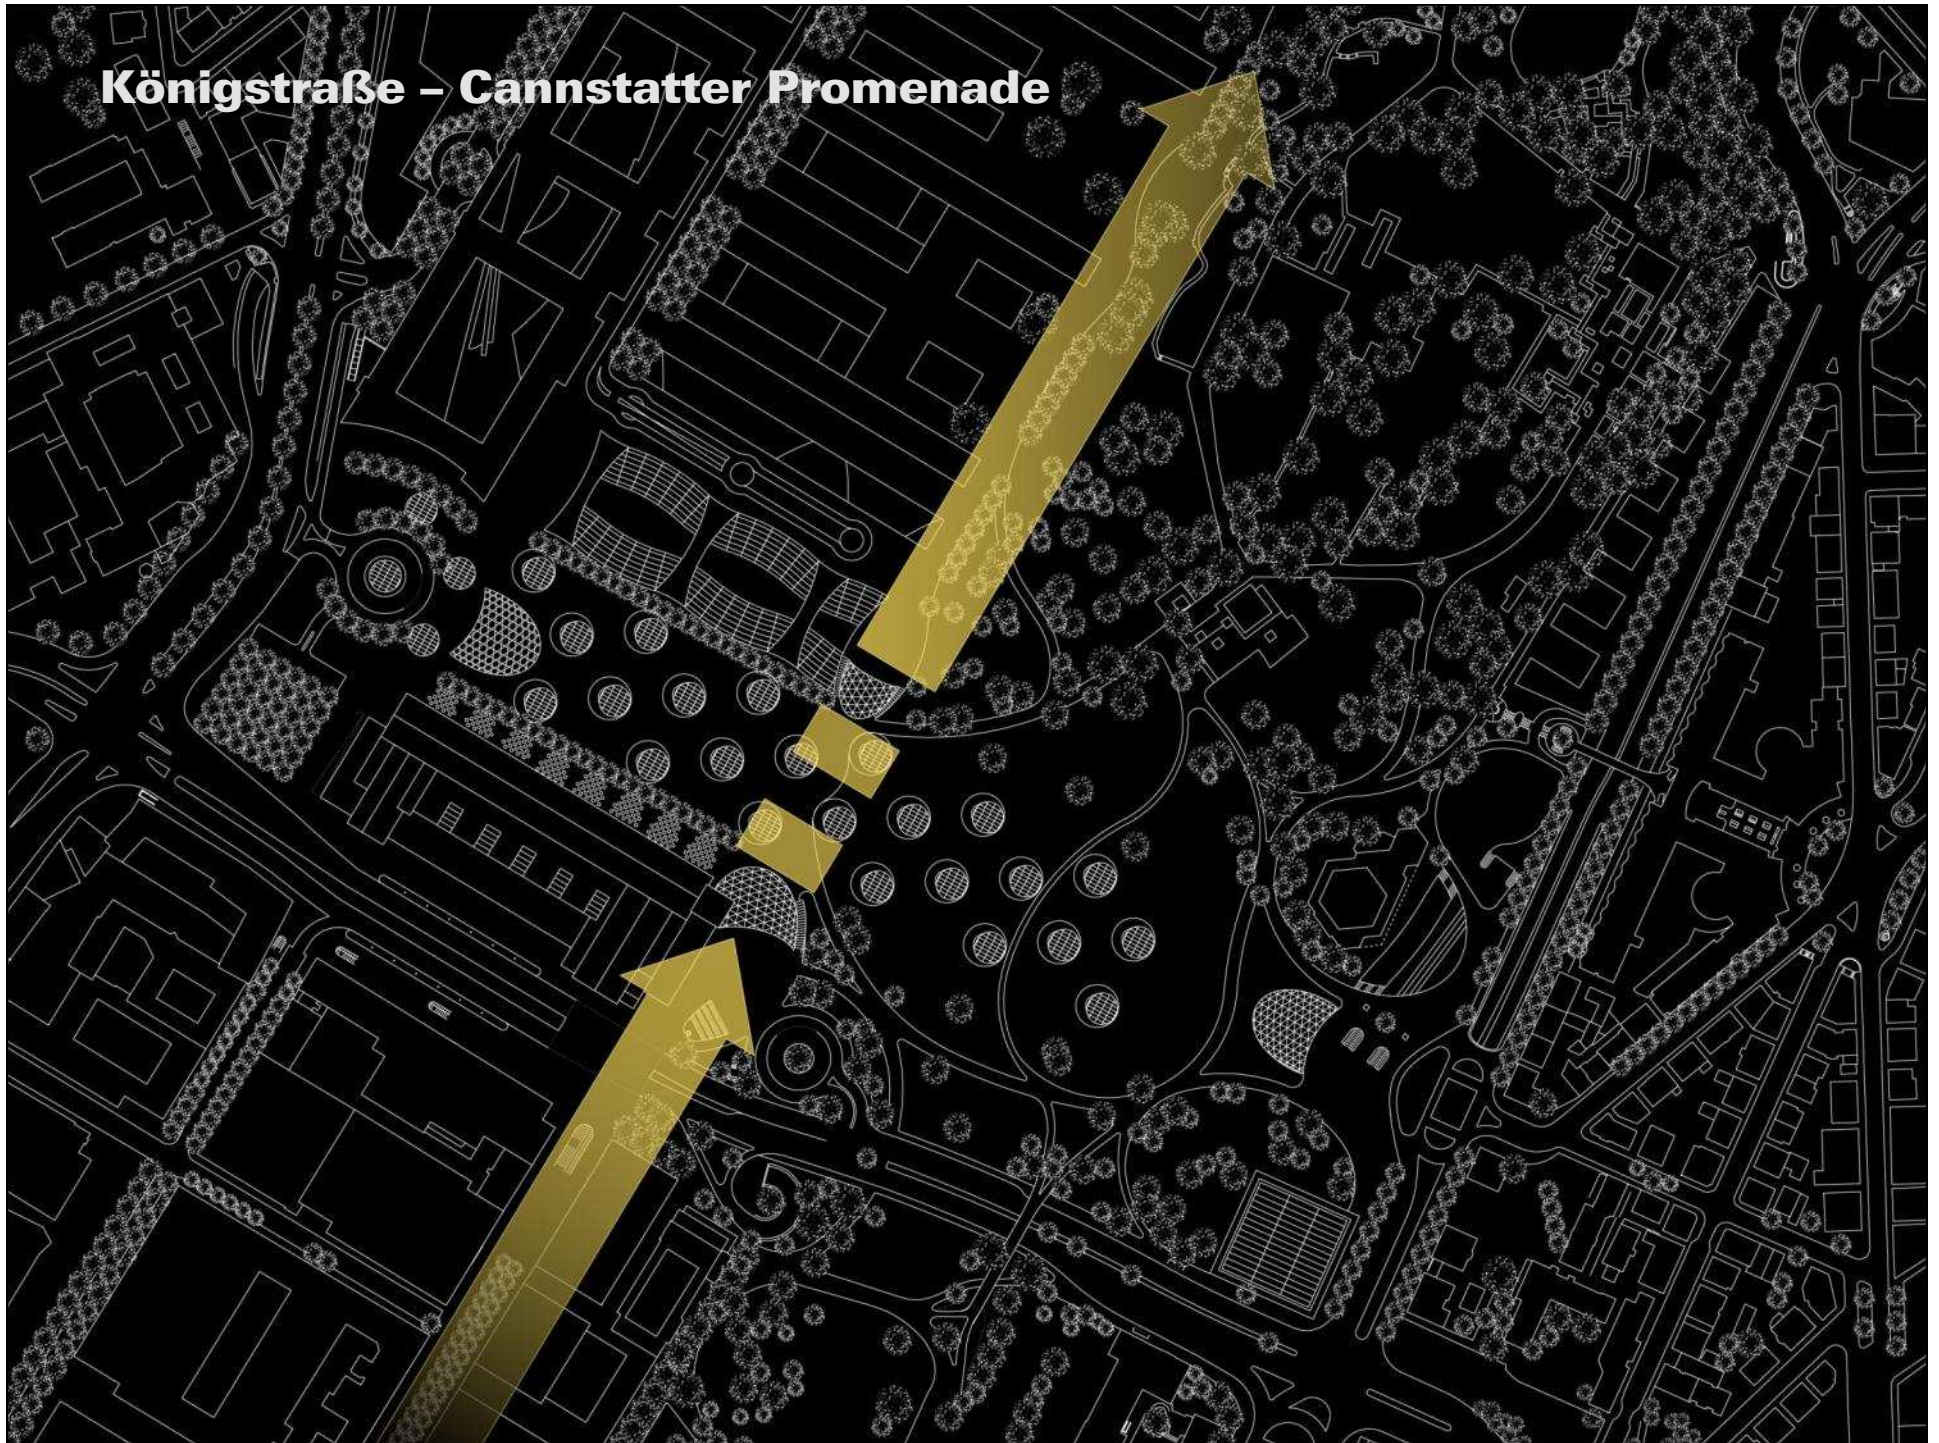

Stuttgart 21

Königstraße – Cannstatter Promenade

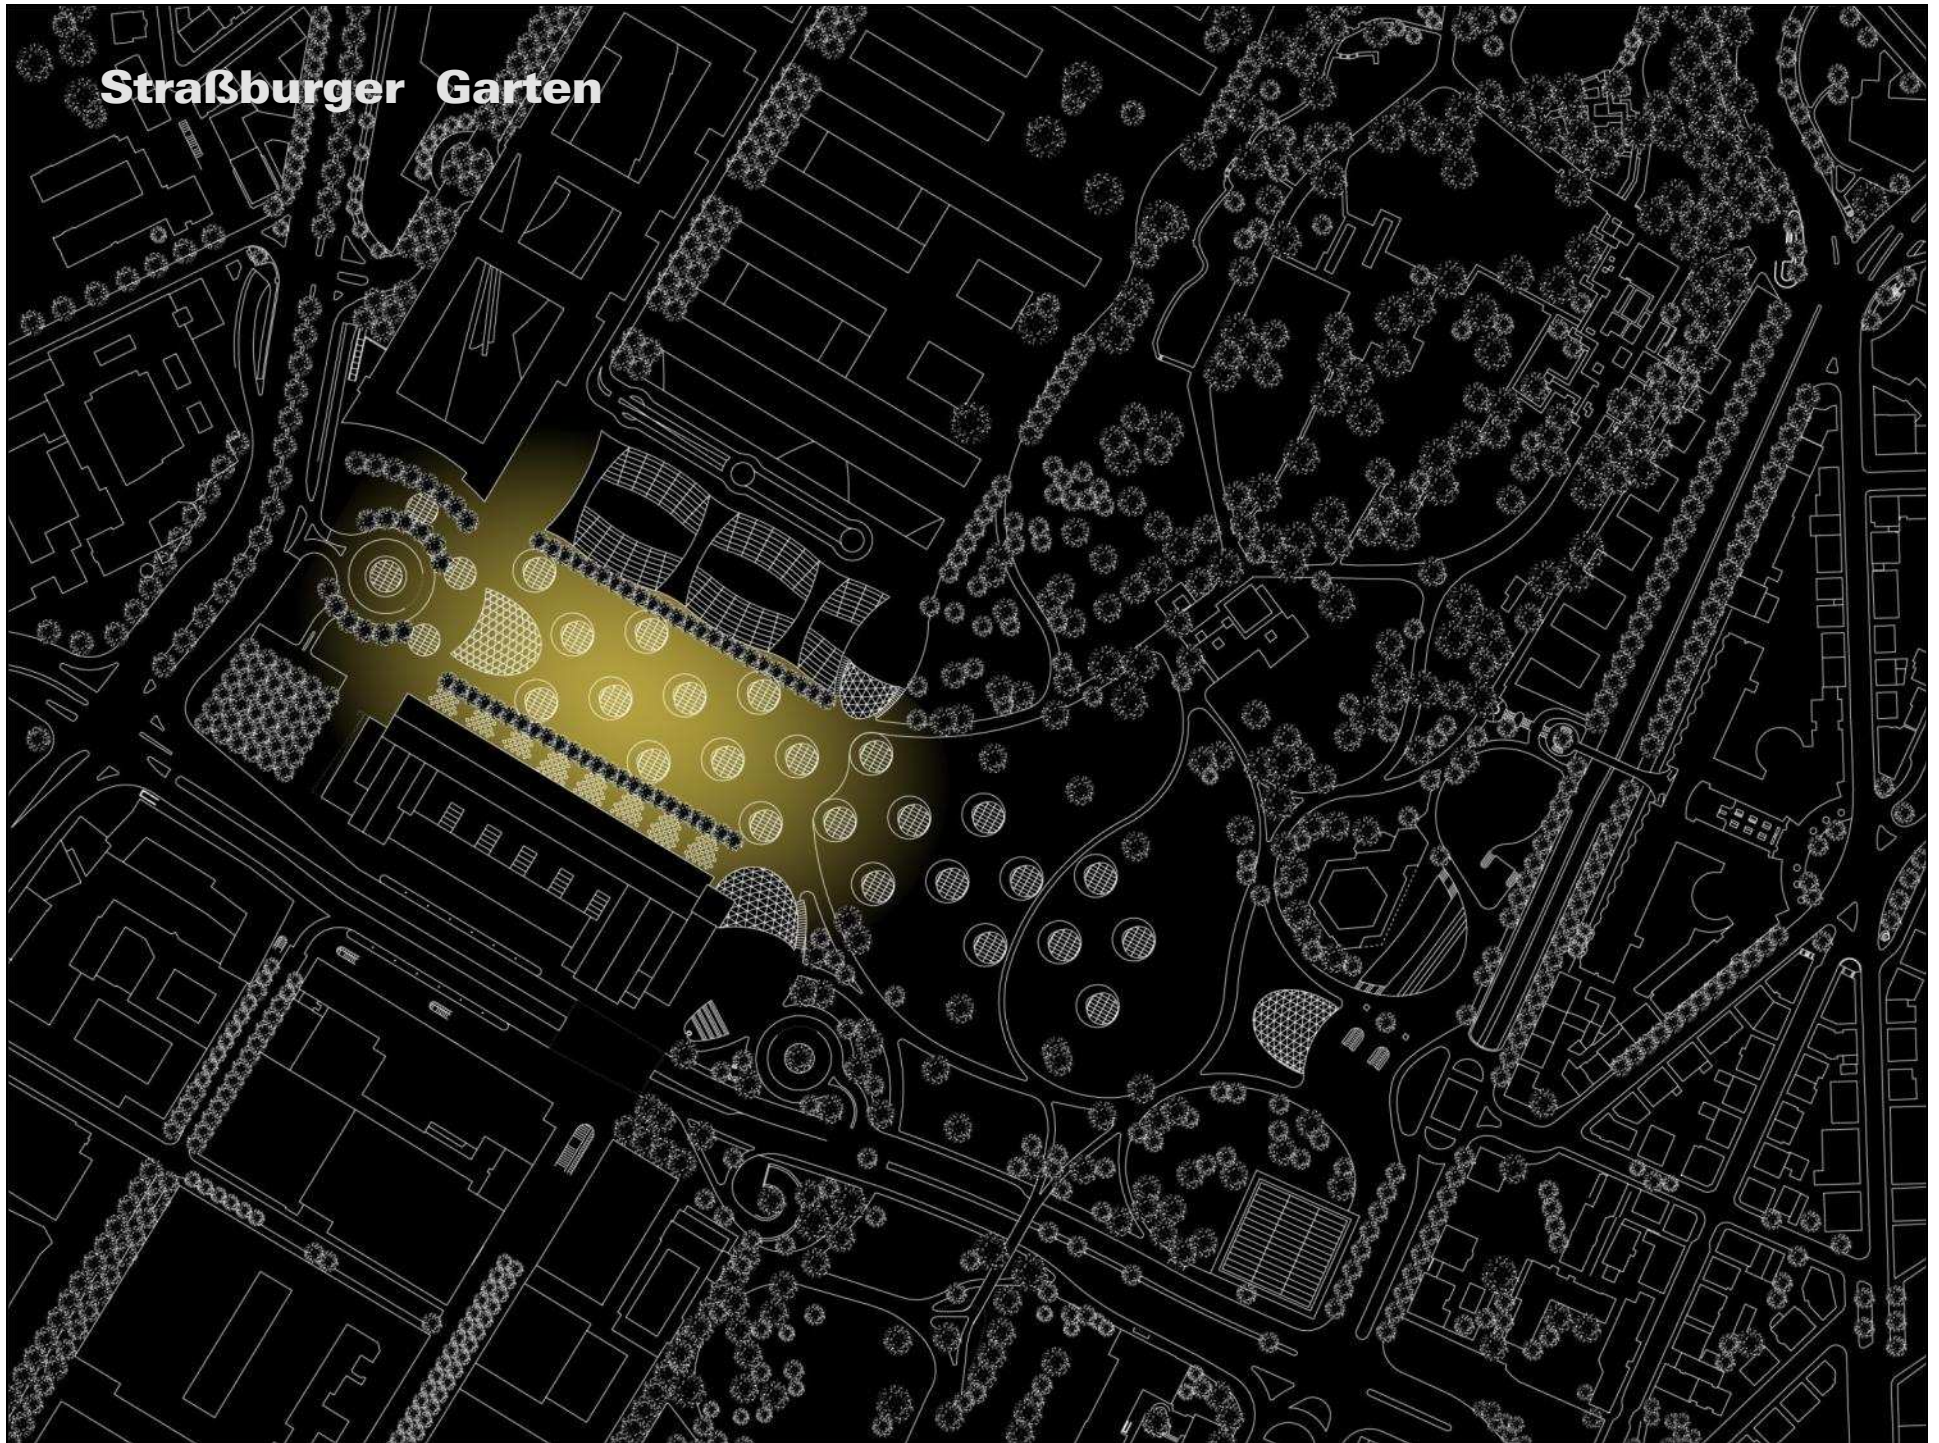

**...wie gross der
Schlossgarten
wirklich ist...**

Schlossgarten

Straßburger Garten

Plan Thouret für den Schlossgarten von 1806

Bundesgartenschau 1961

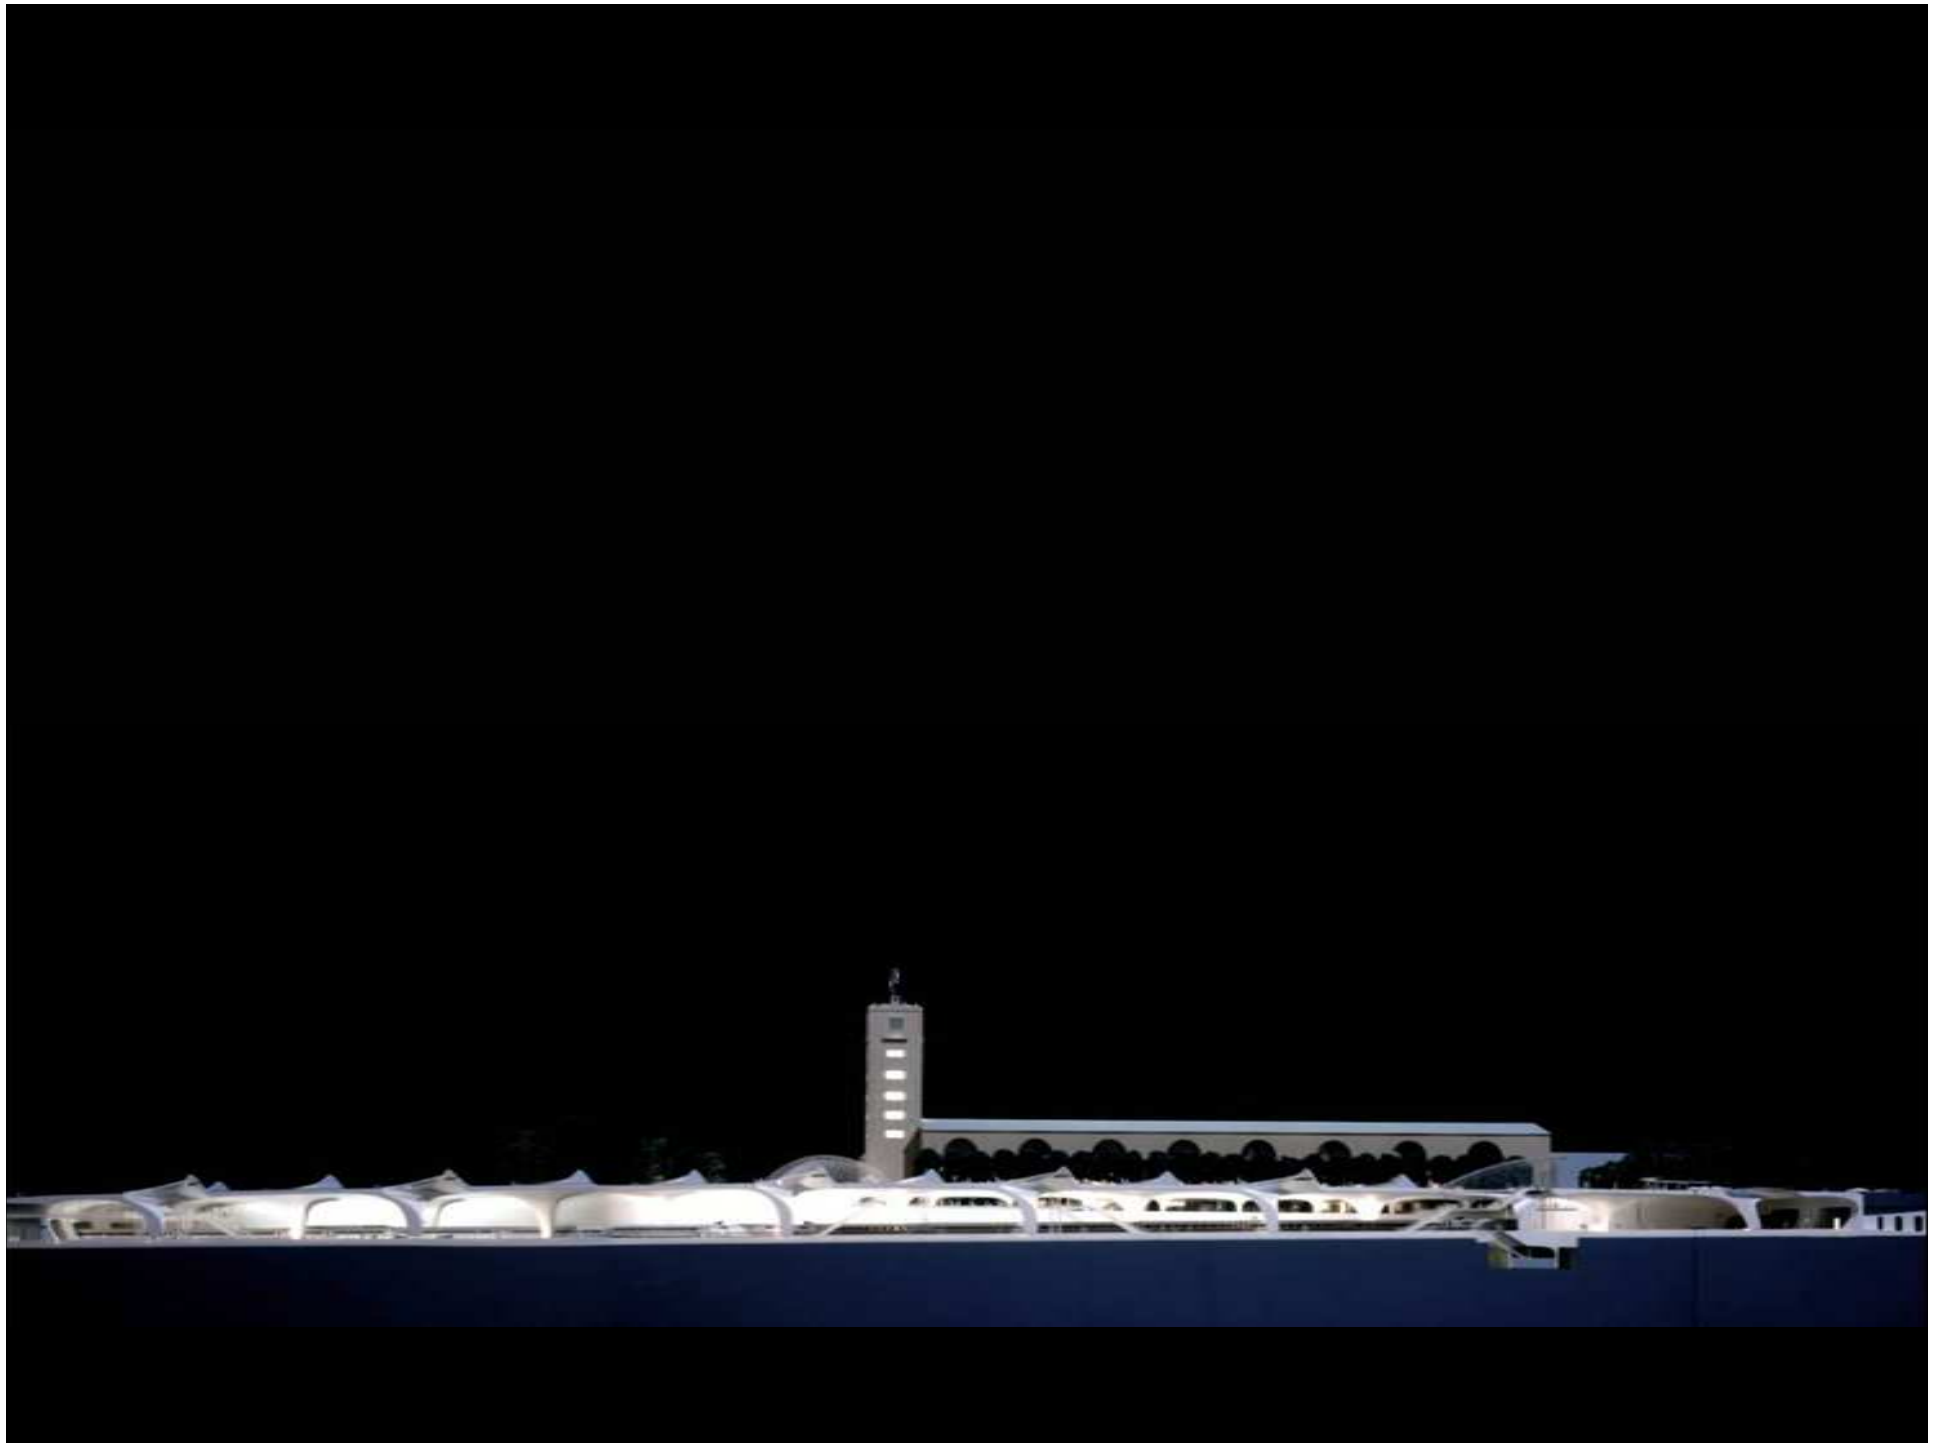

Flächenverlust des Schlossgartens bis 1961

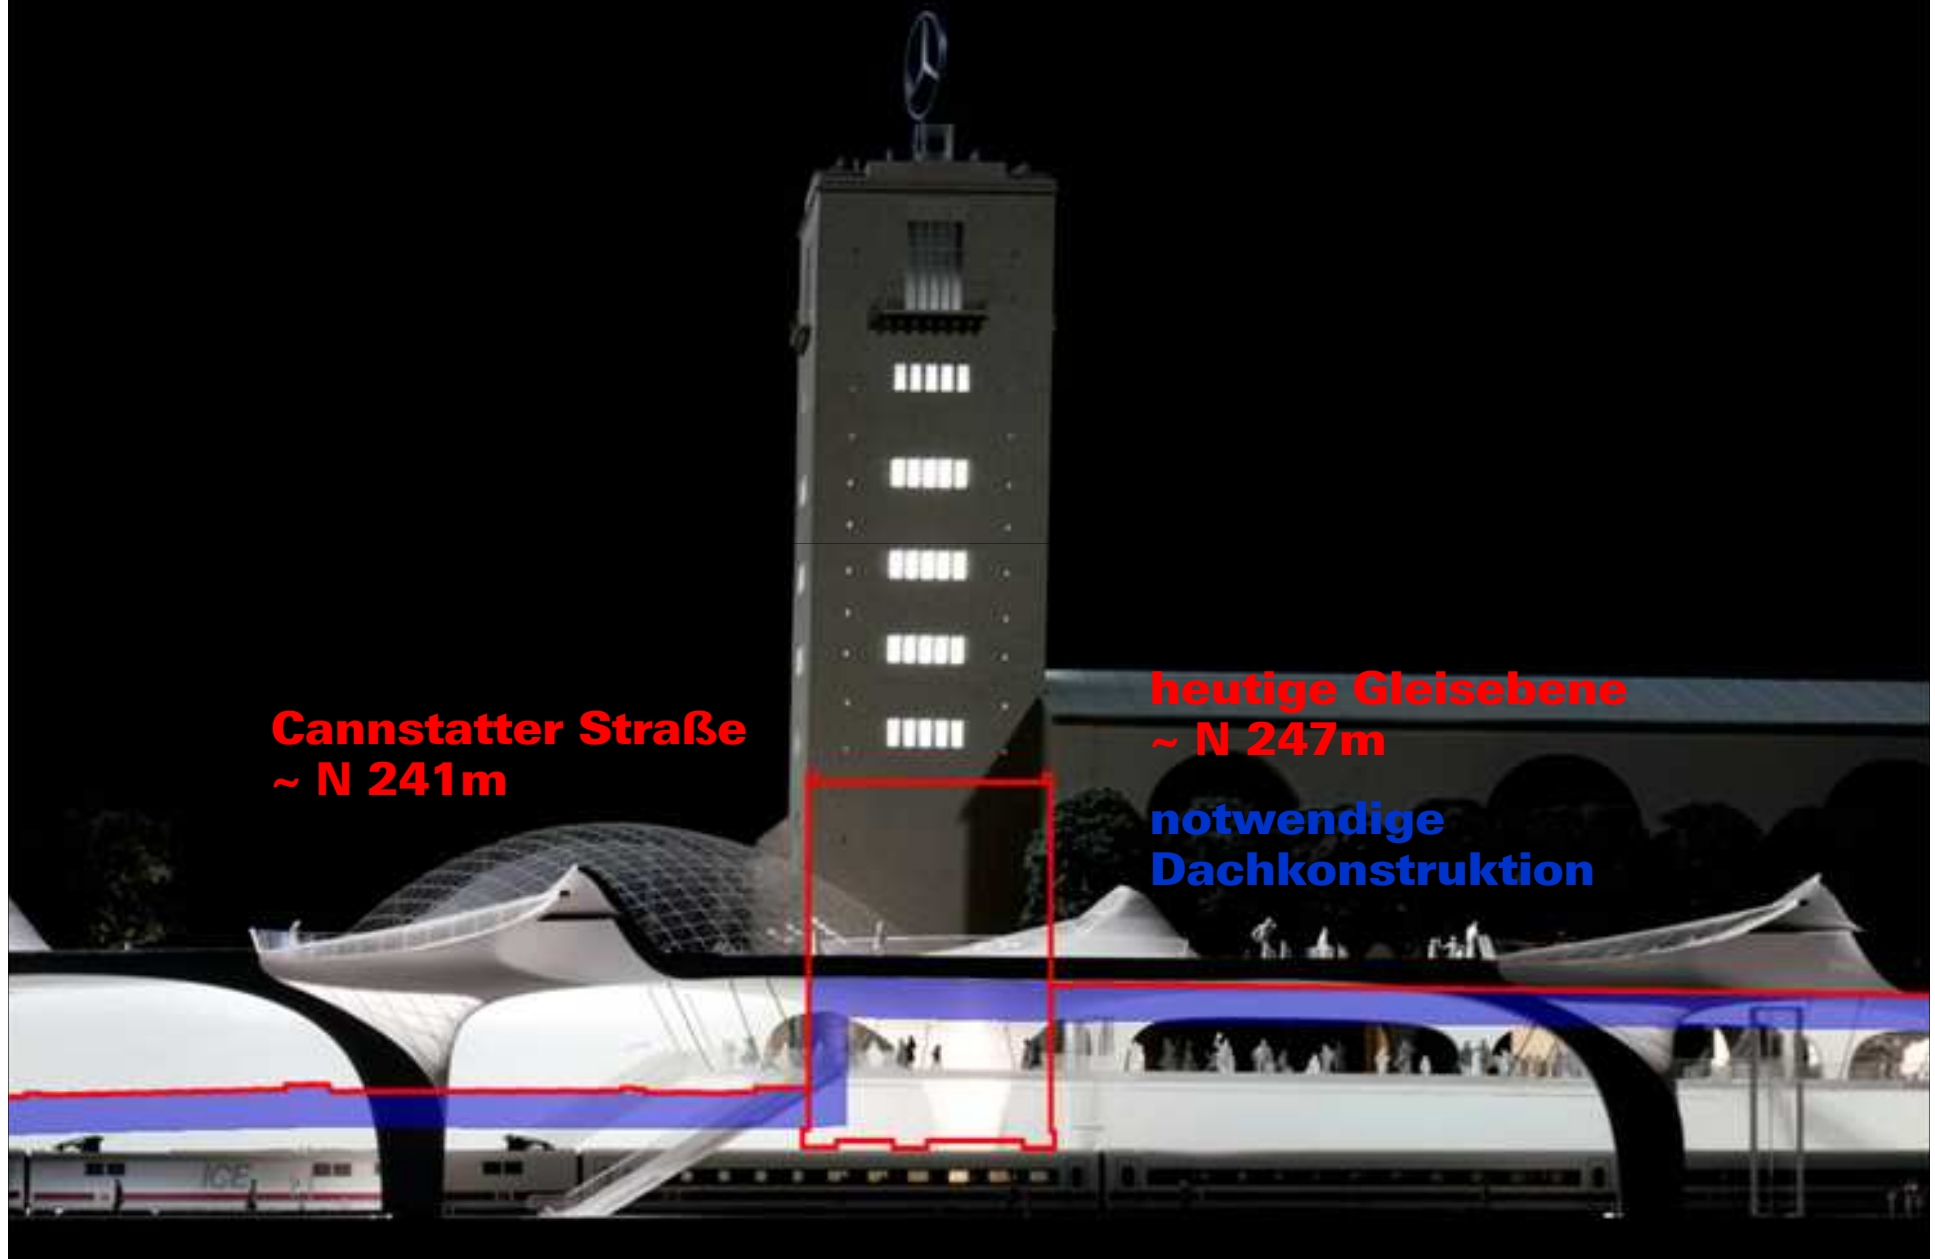

mehr Schloßgarten und Strassburger Garten

**...gibt es einen Wall
im Schlossgarten...?**

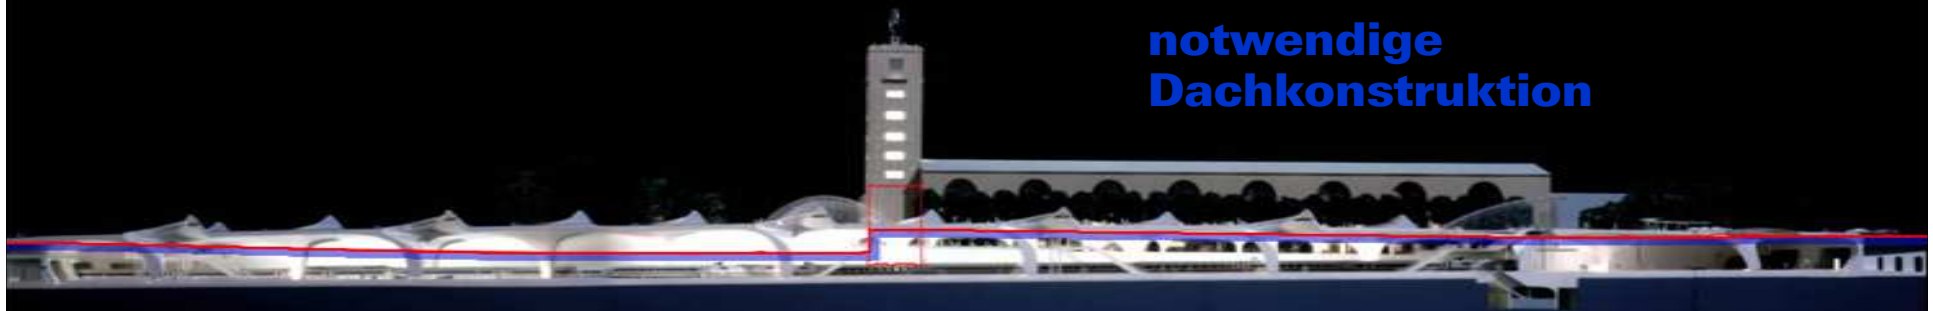

Höhenbedingungen Bahnhofshalle

Höhenbedingungen

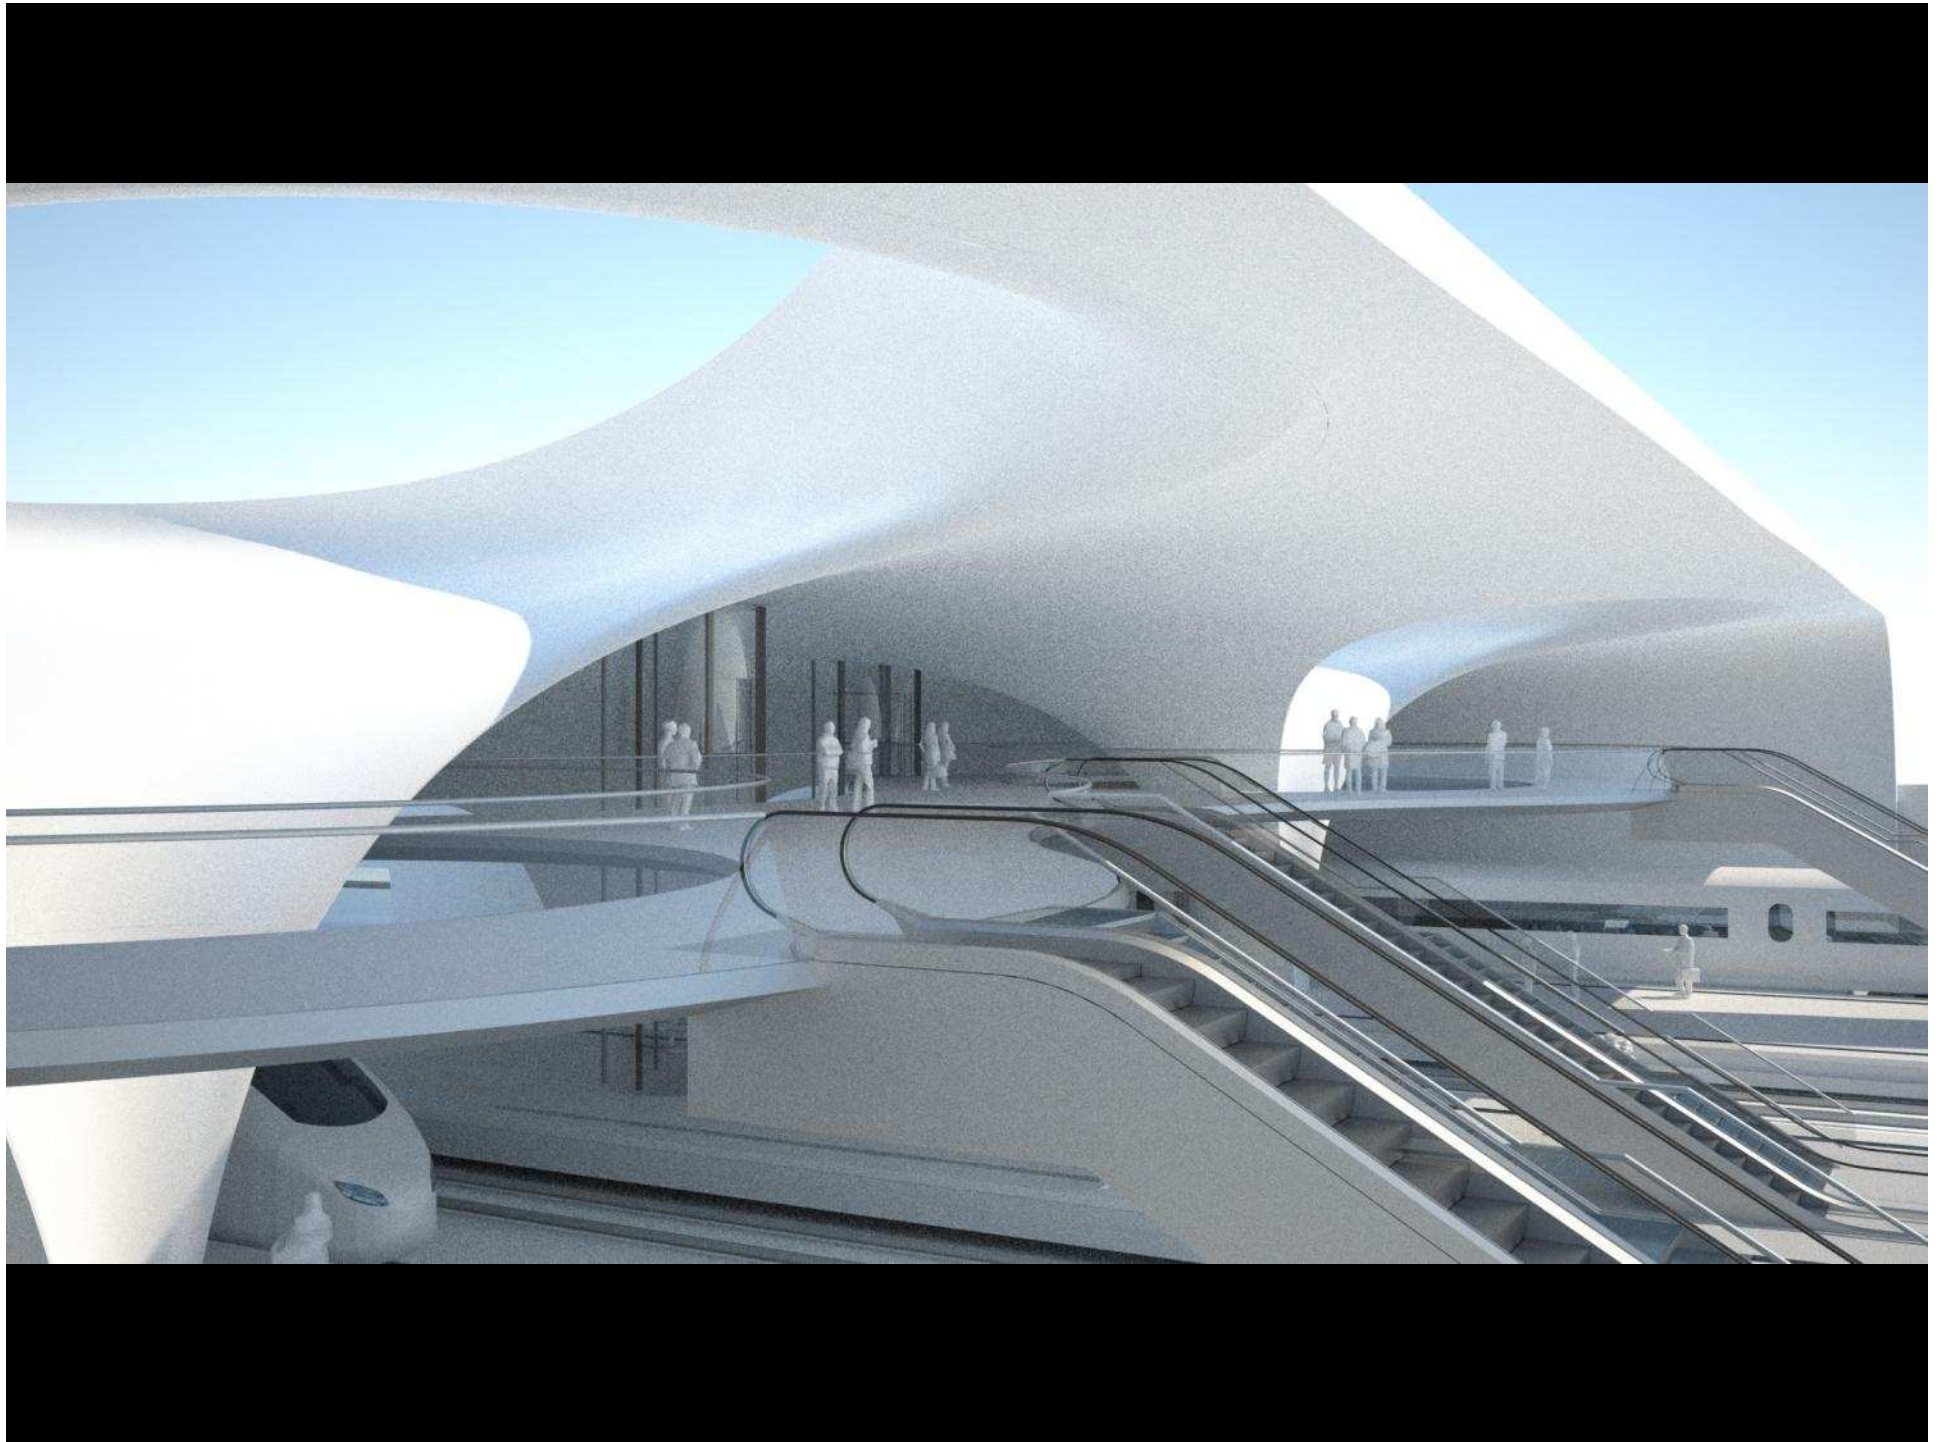

Geländeroberfläche

**notwendige
Dachkonstruktion**

**...wie der Bahnhof
funktioniert und die
Stadt verbindet...**

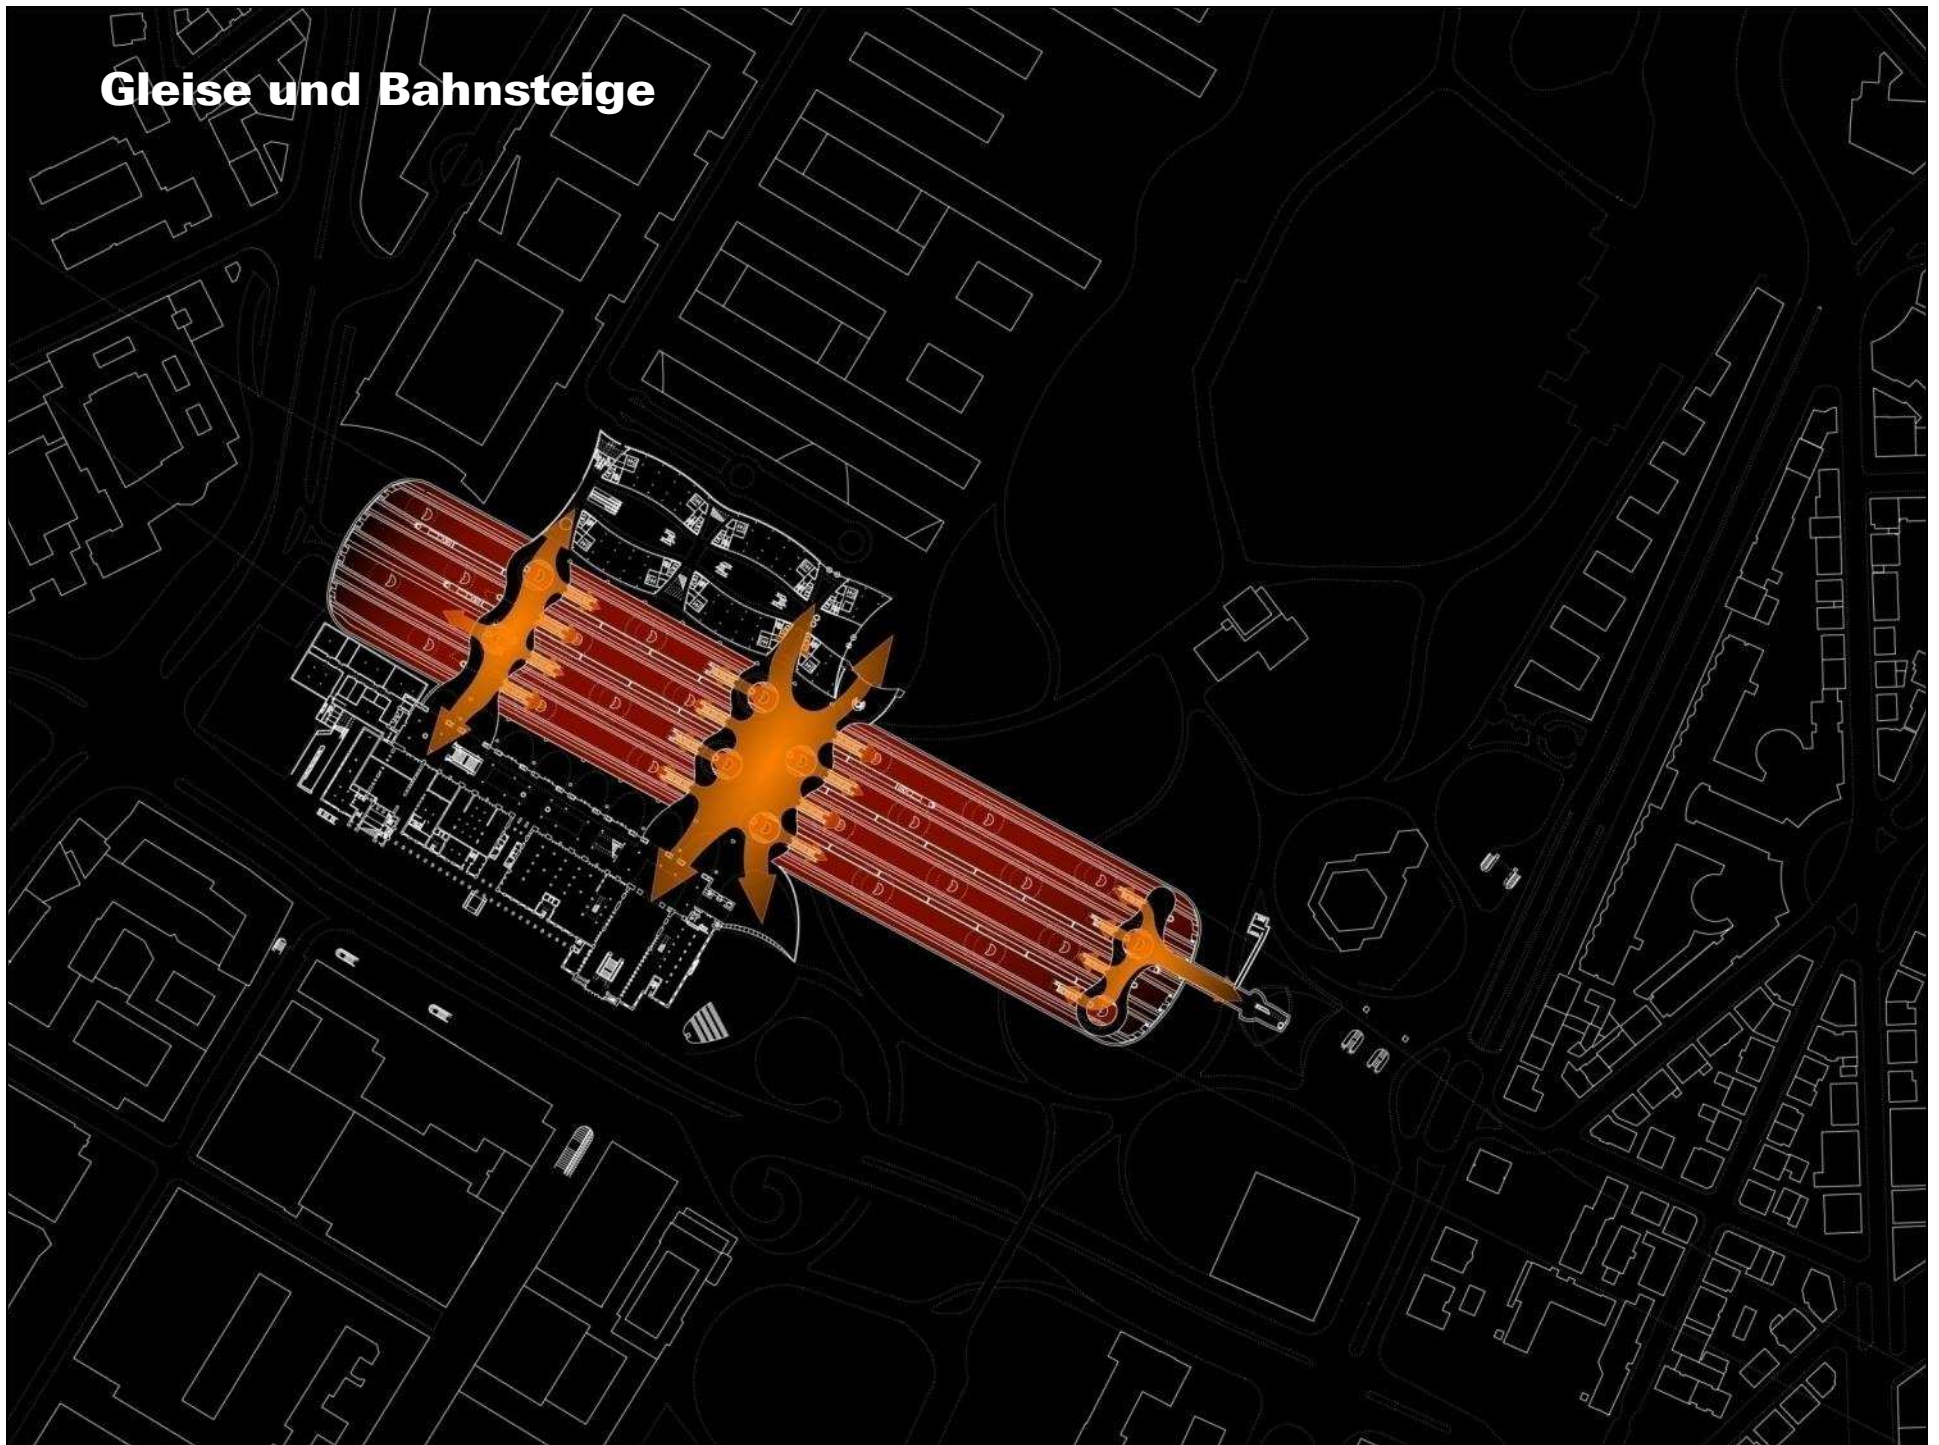

Eingänge

Fußwege

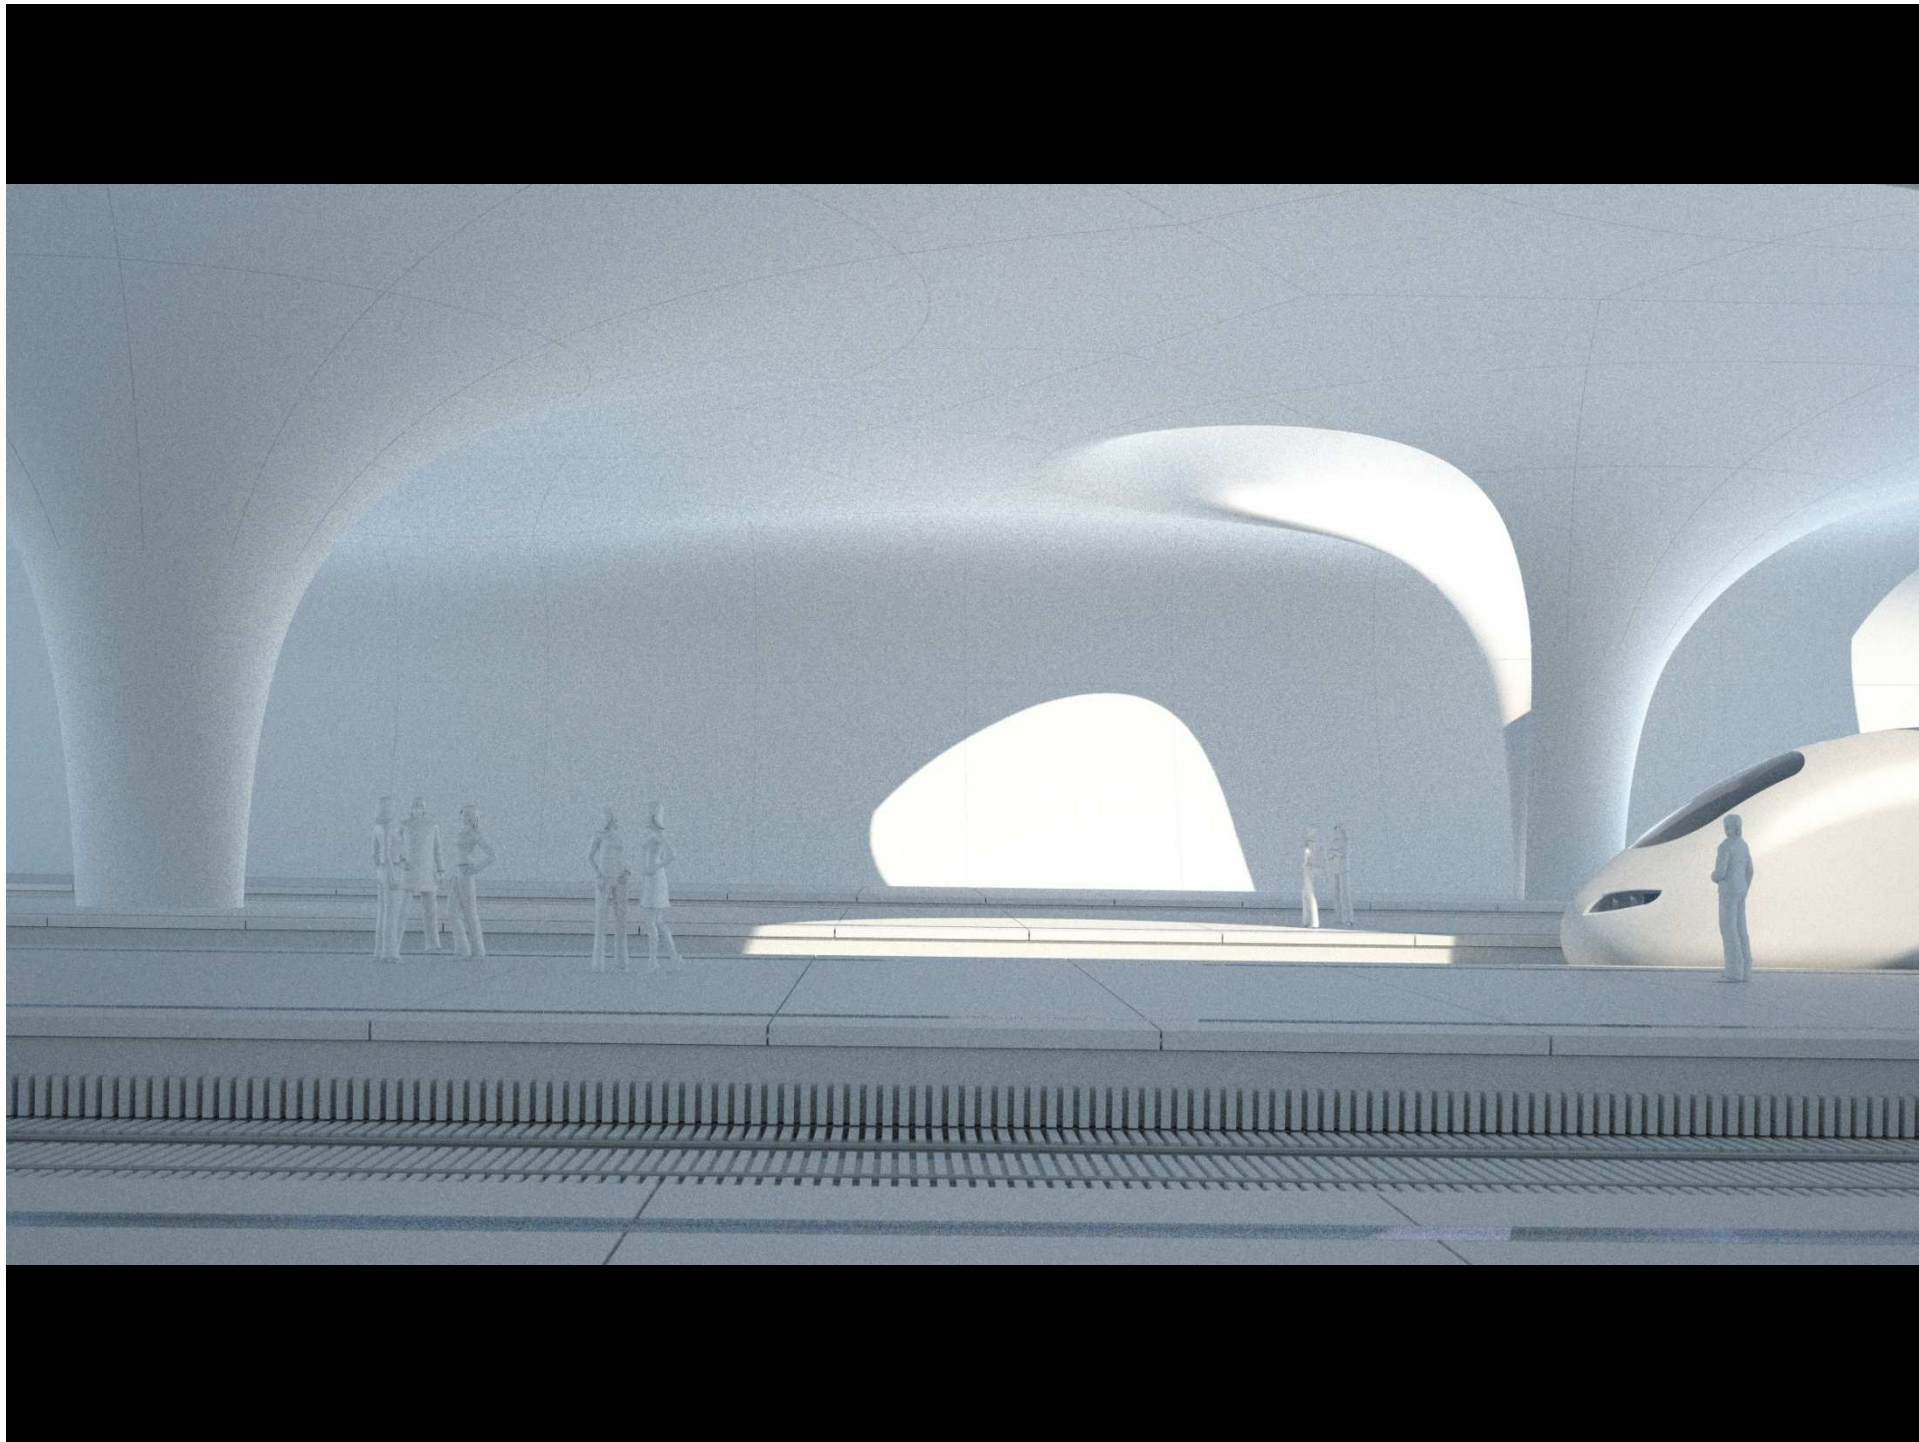

Gleise und Bahnsteige

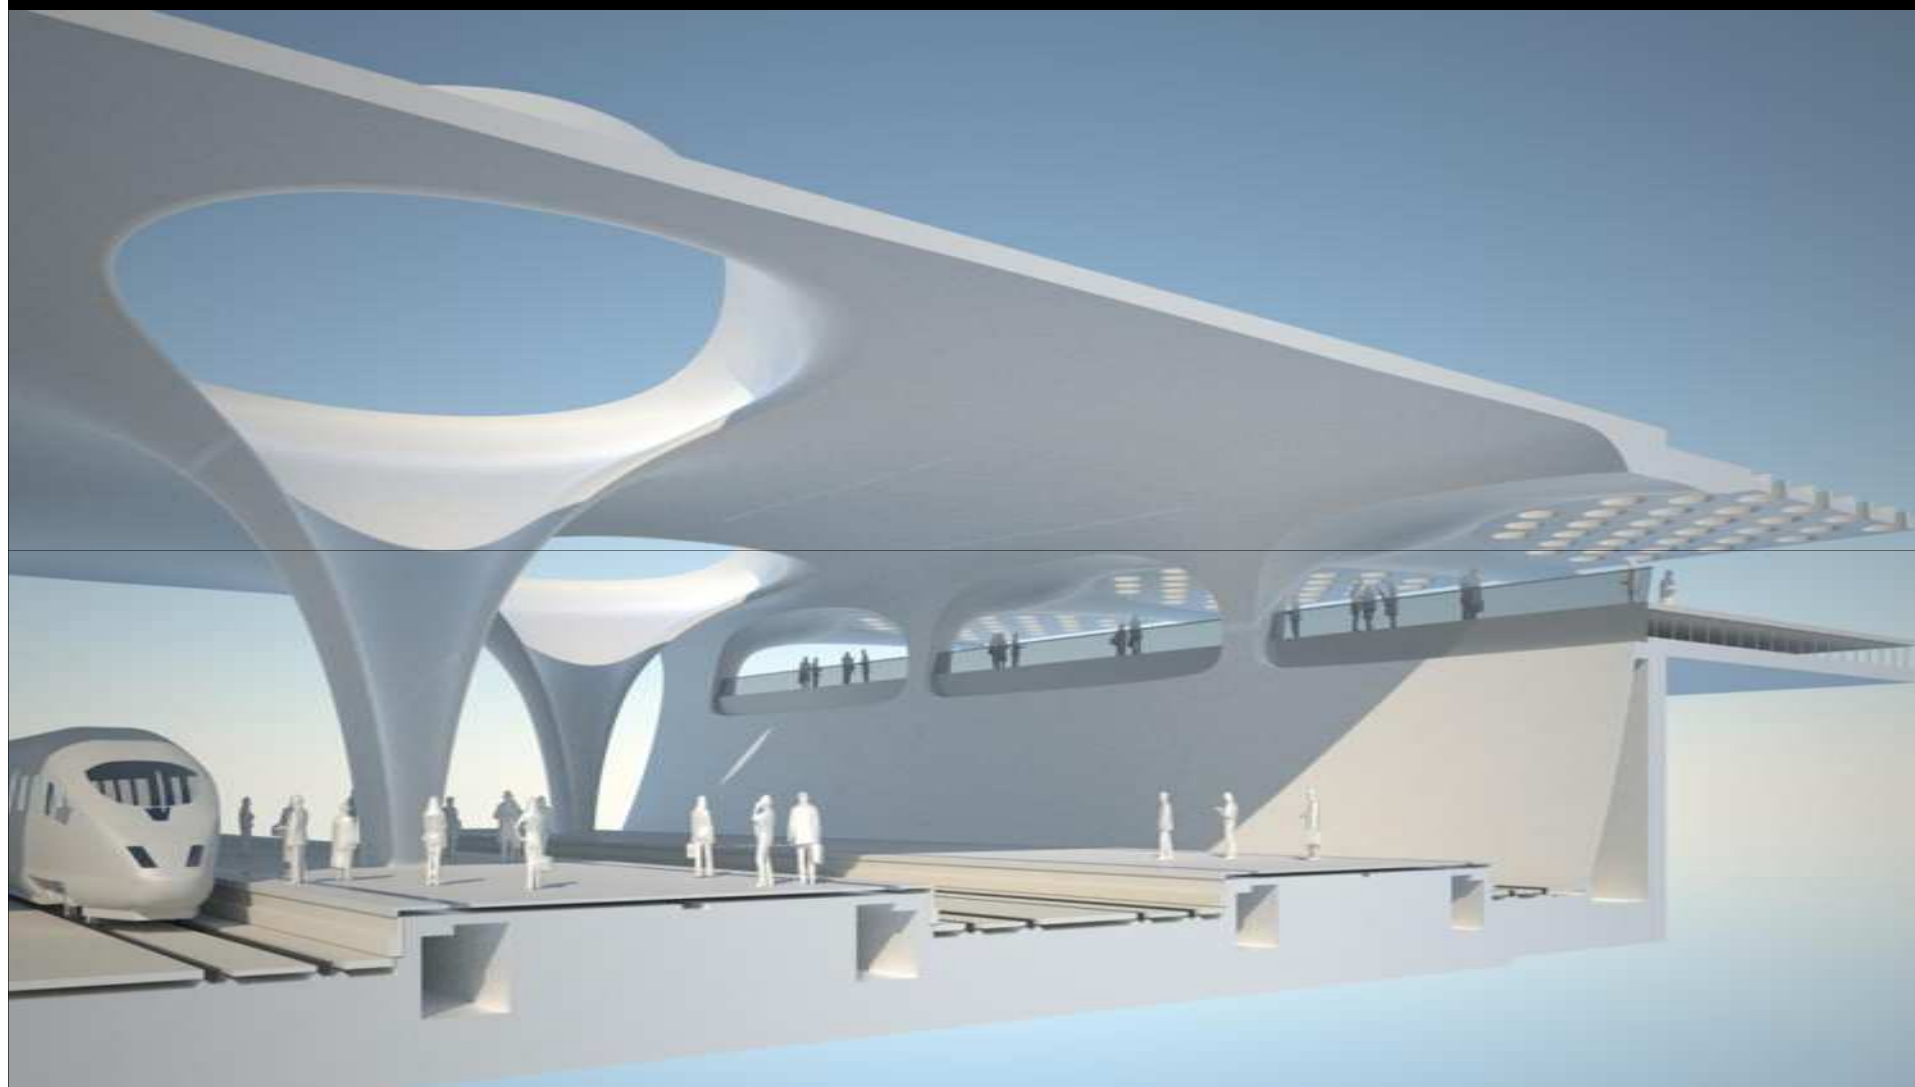

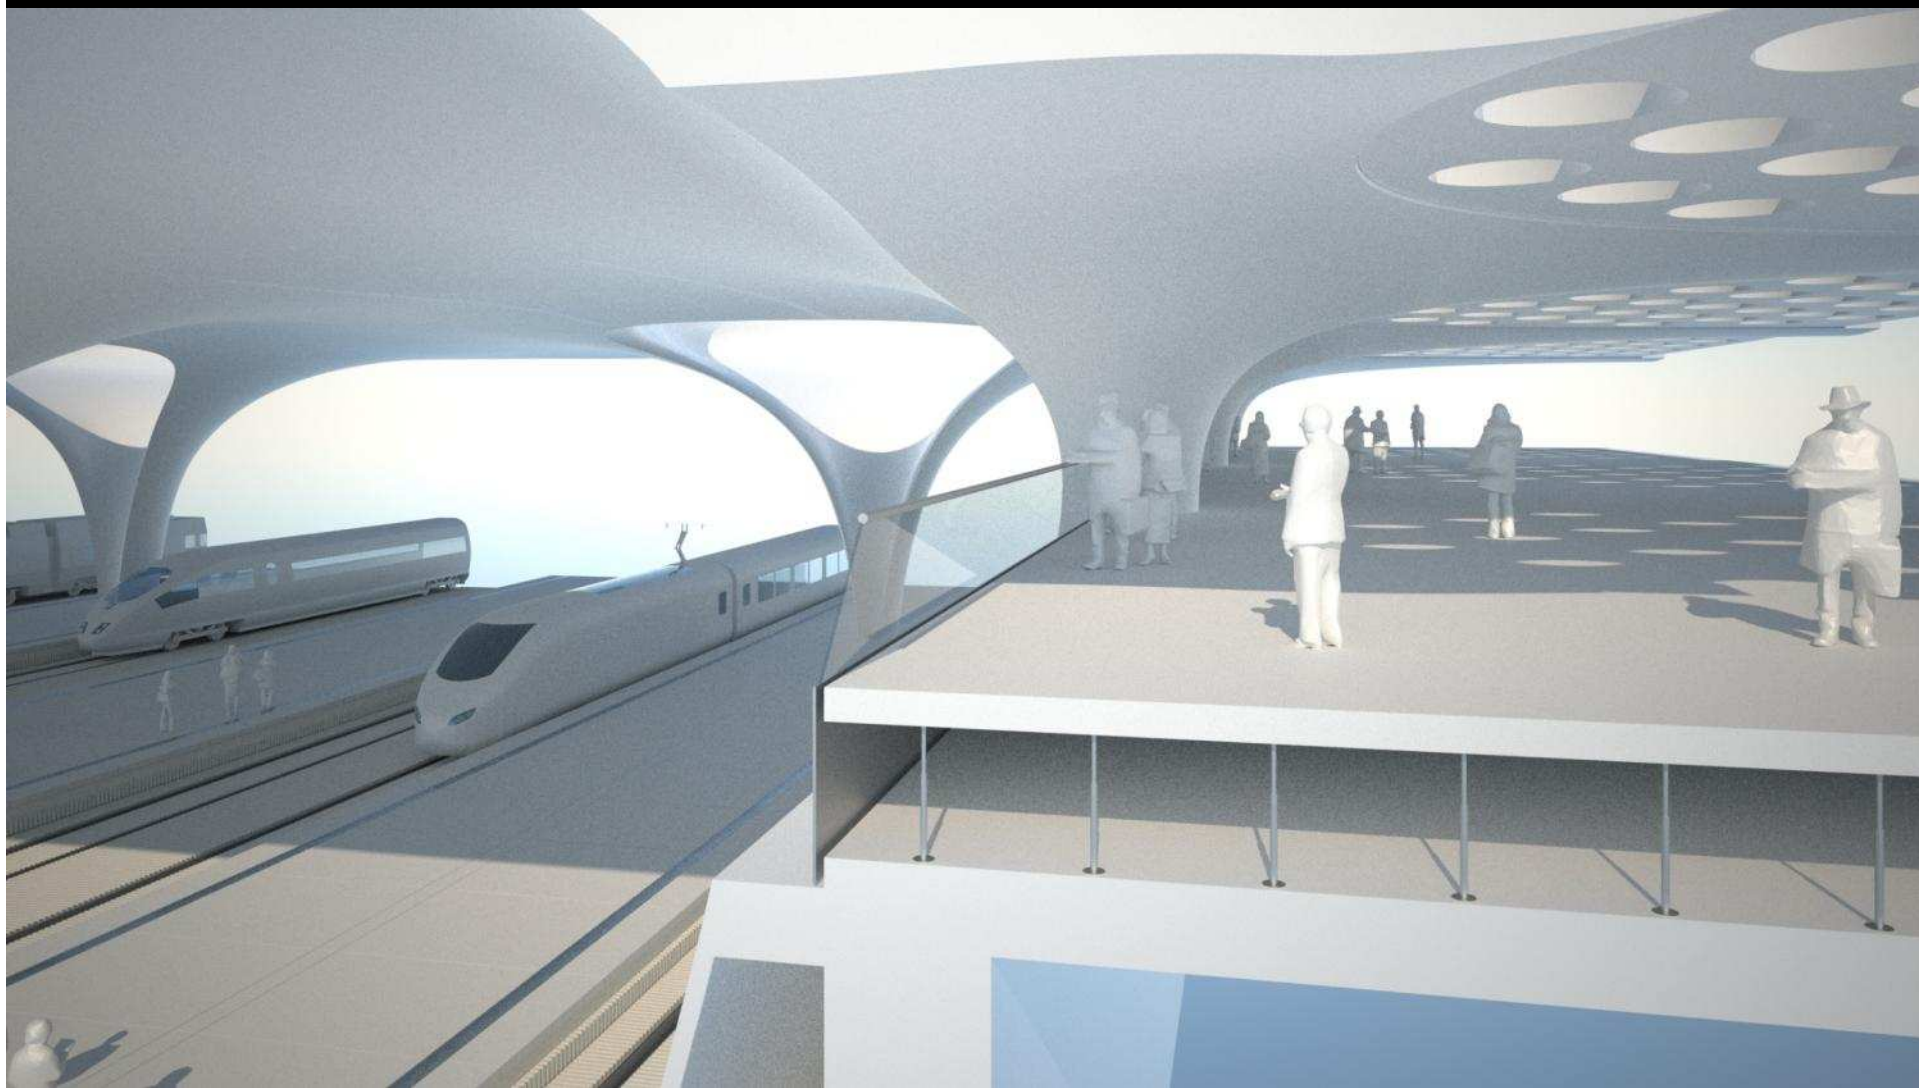

Tunnel

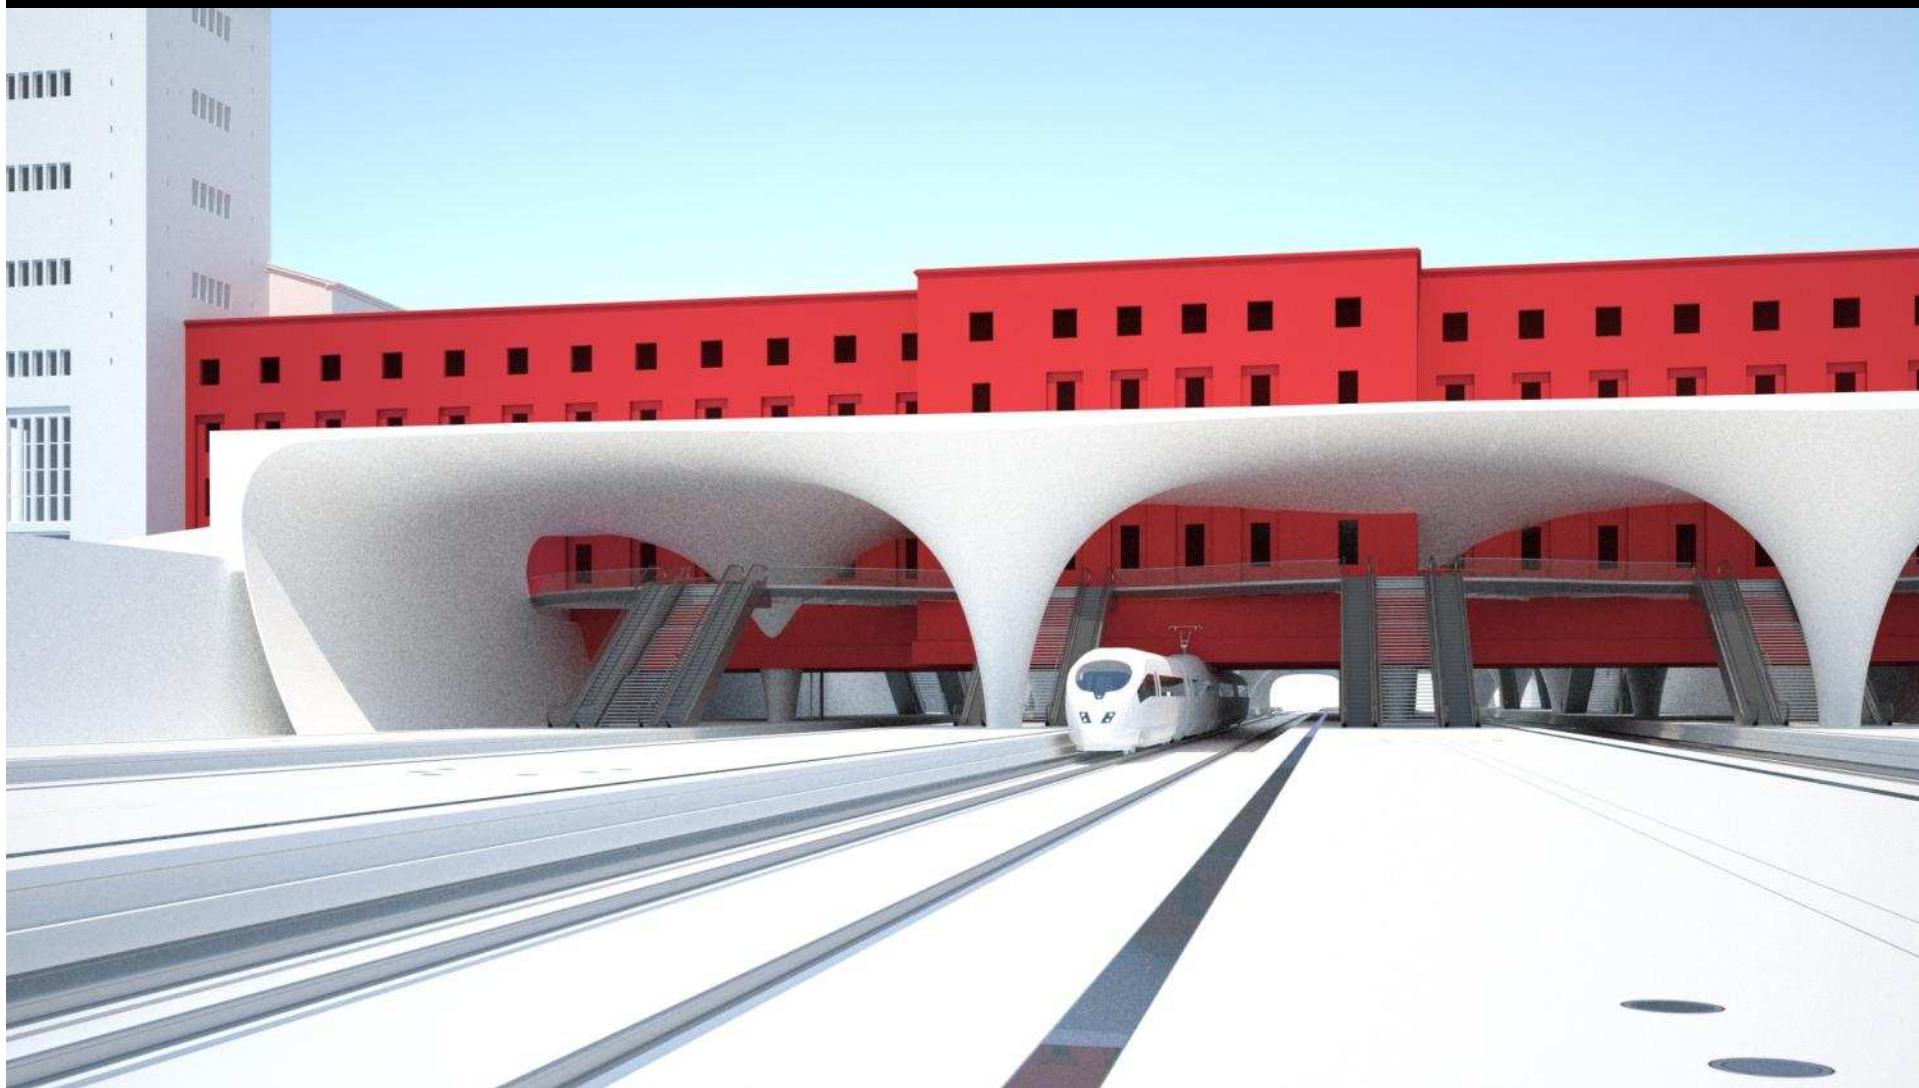

**...wie der Bahnhof
in seine Umgebung
eingebunden wird...**

**...warum die
Flügelbauten
abgerissen werden
müssen...**

2,00m notwendige Konstruktion

5,90m ü.SO Lichtraum nach EBO

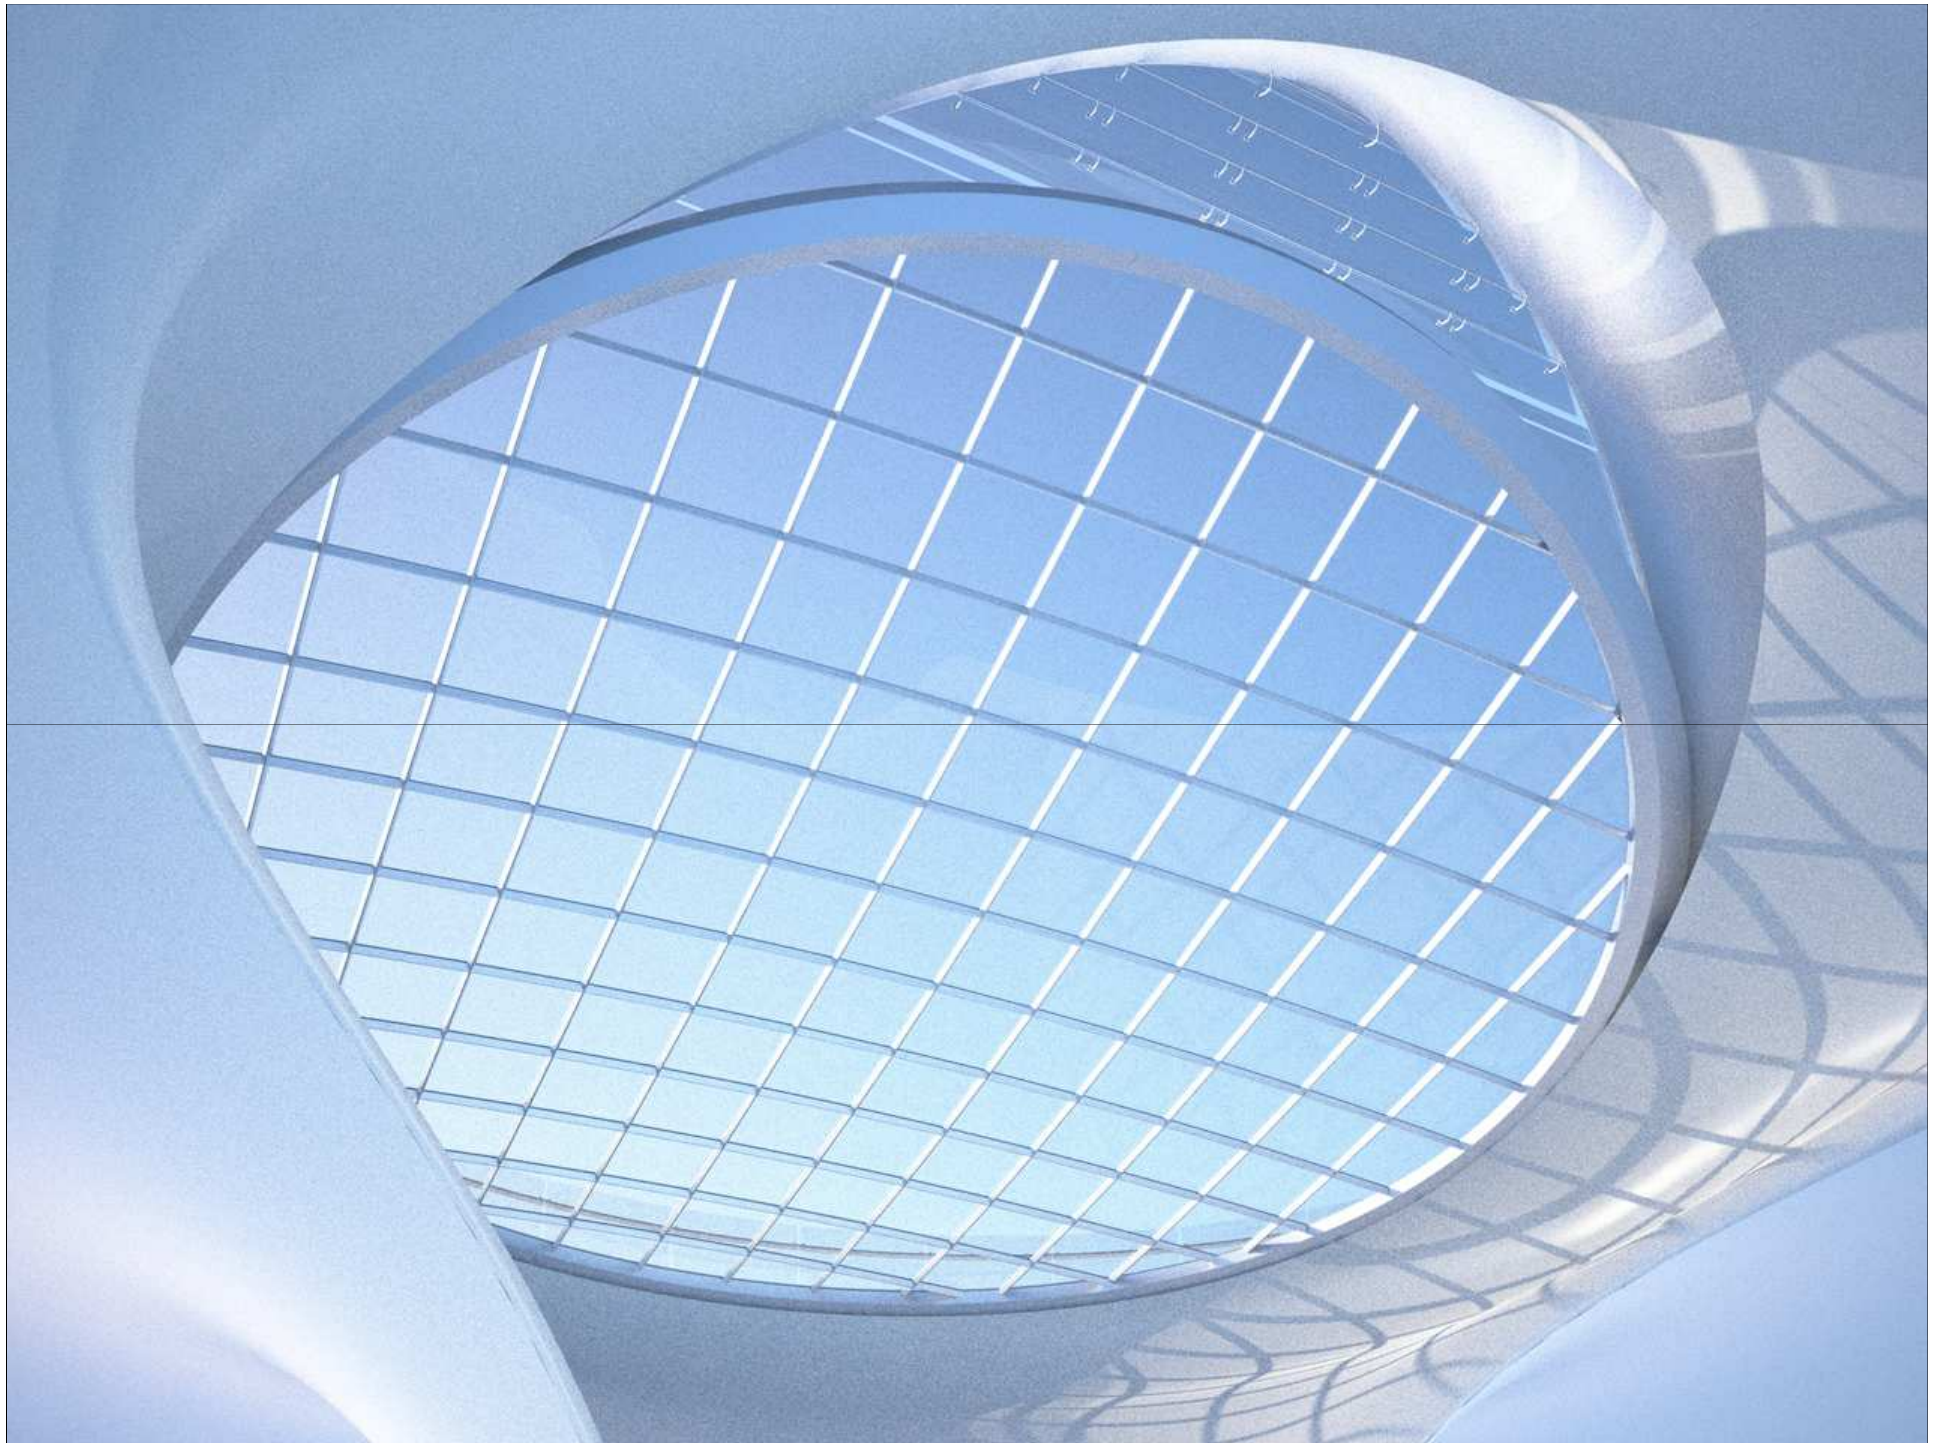

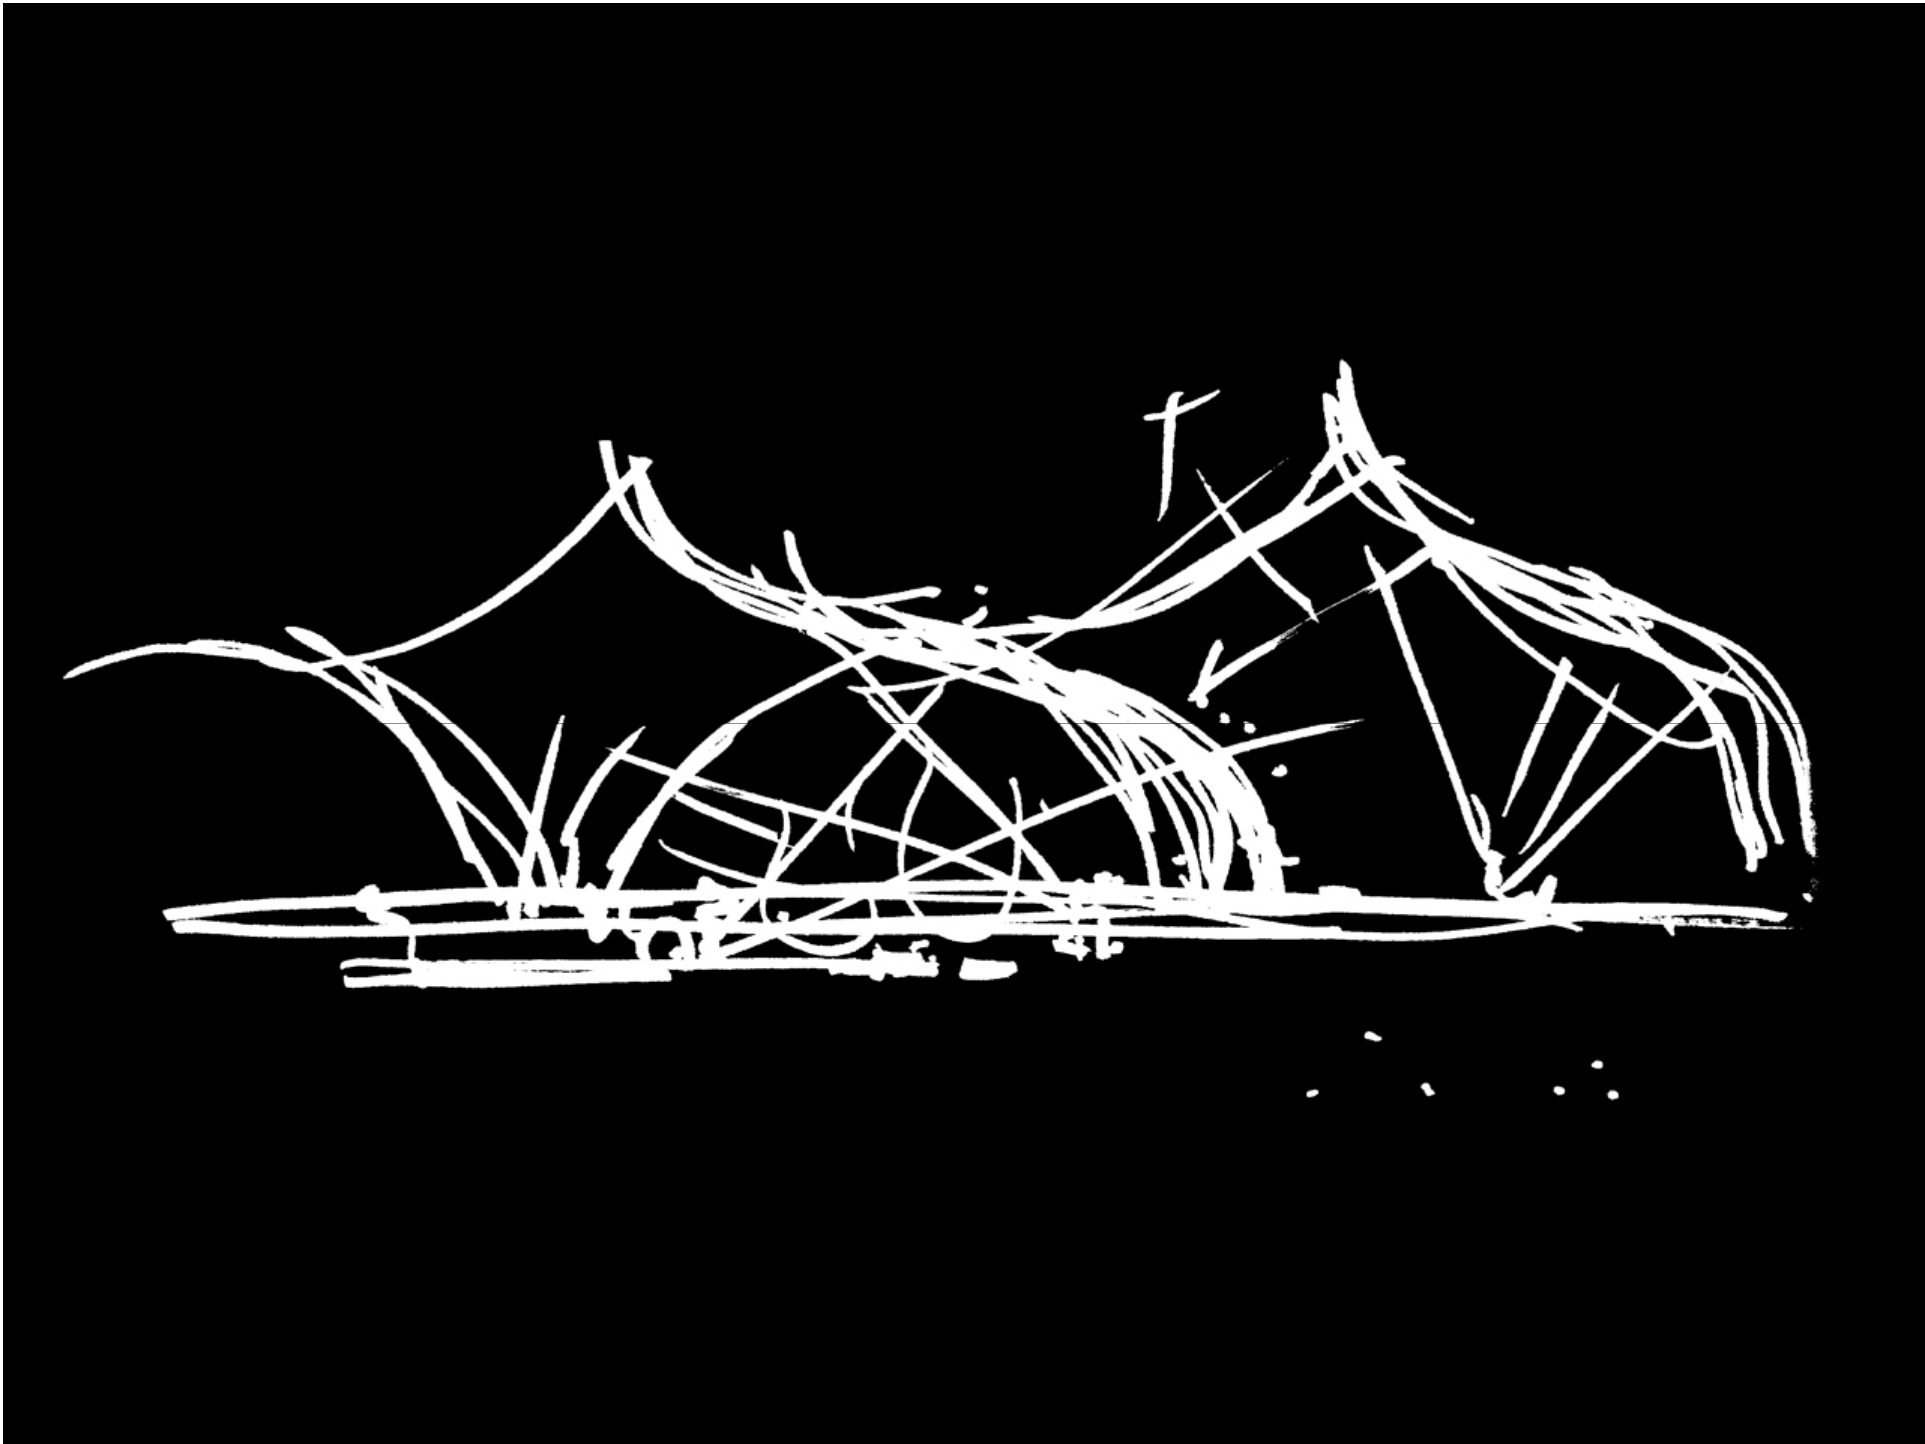

**...warum es die
Lichtaugen gibt...**

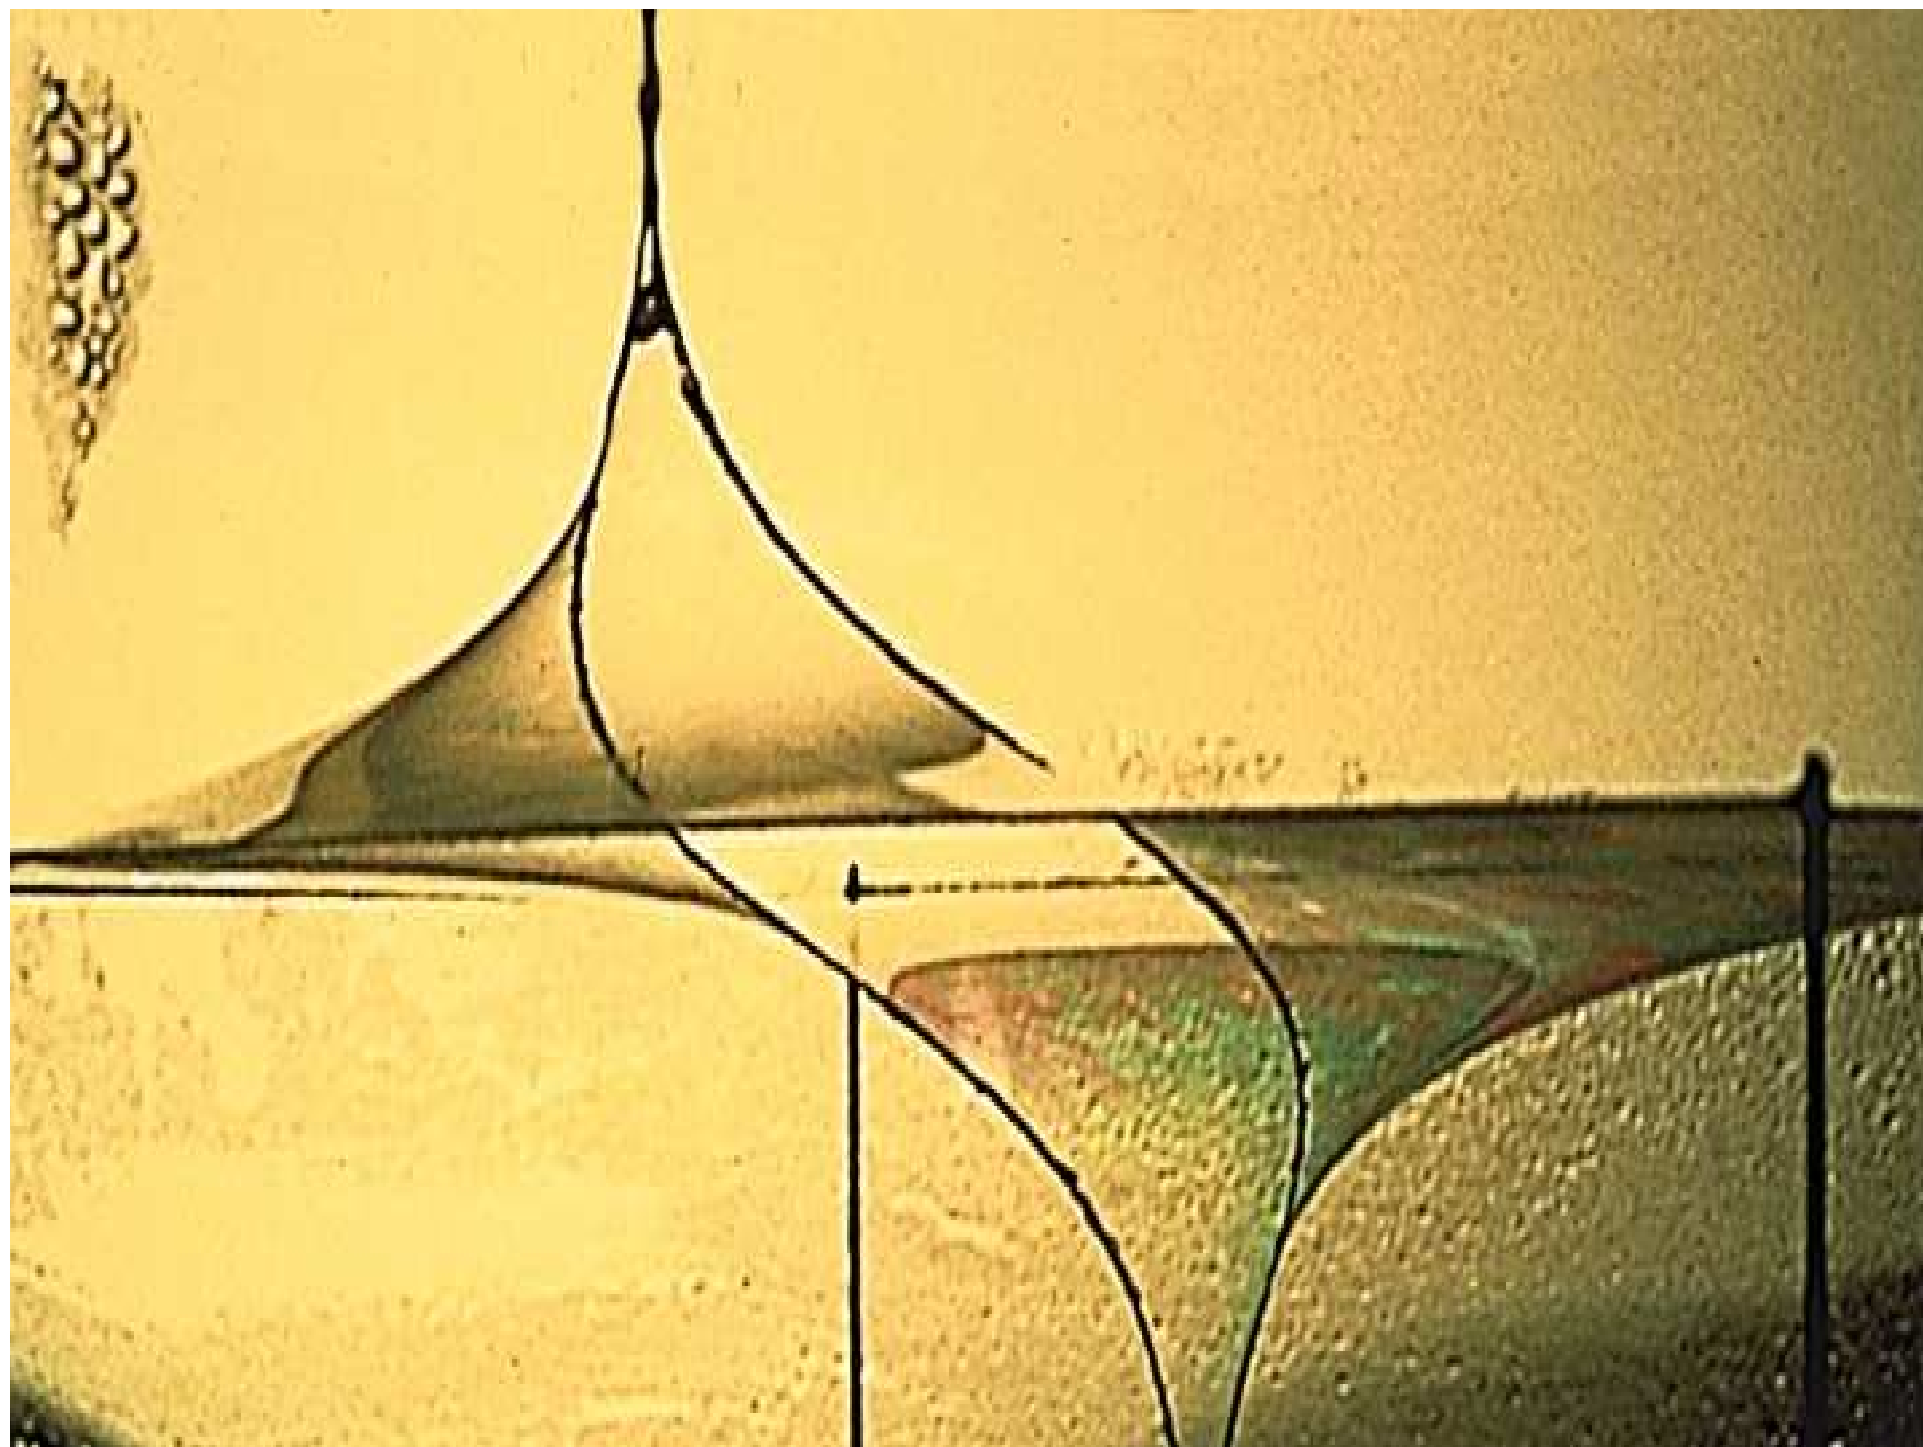

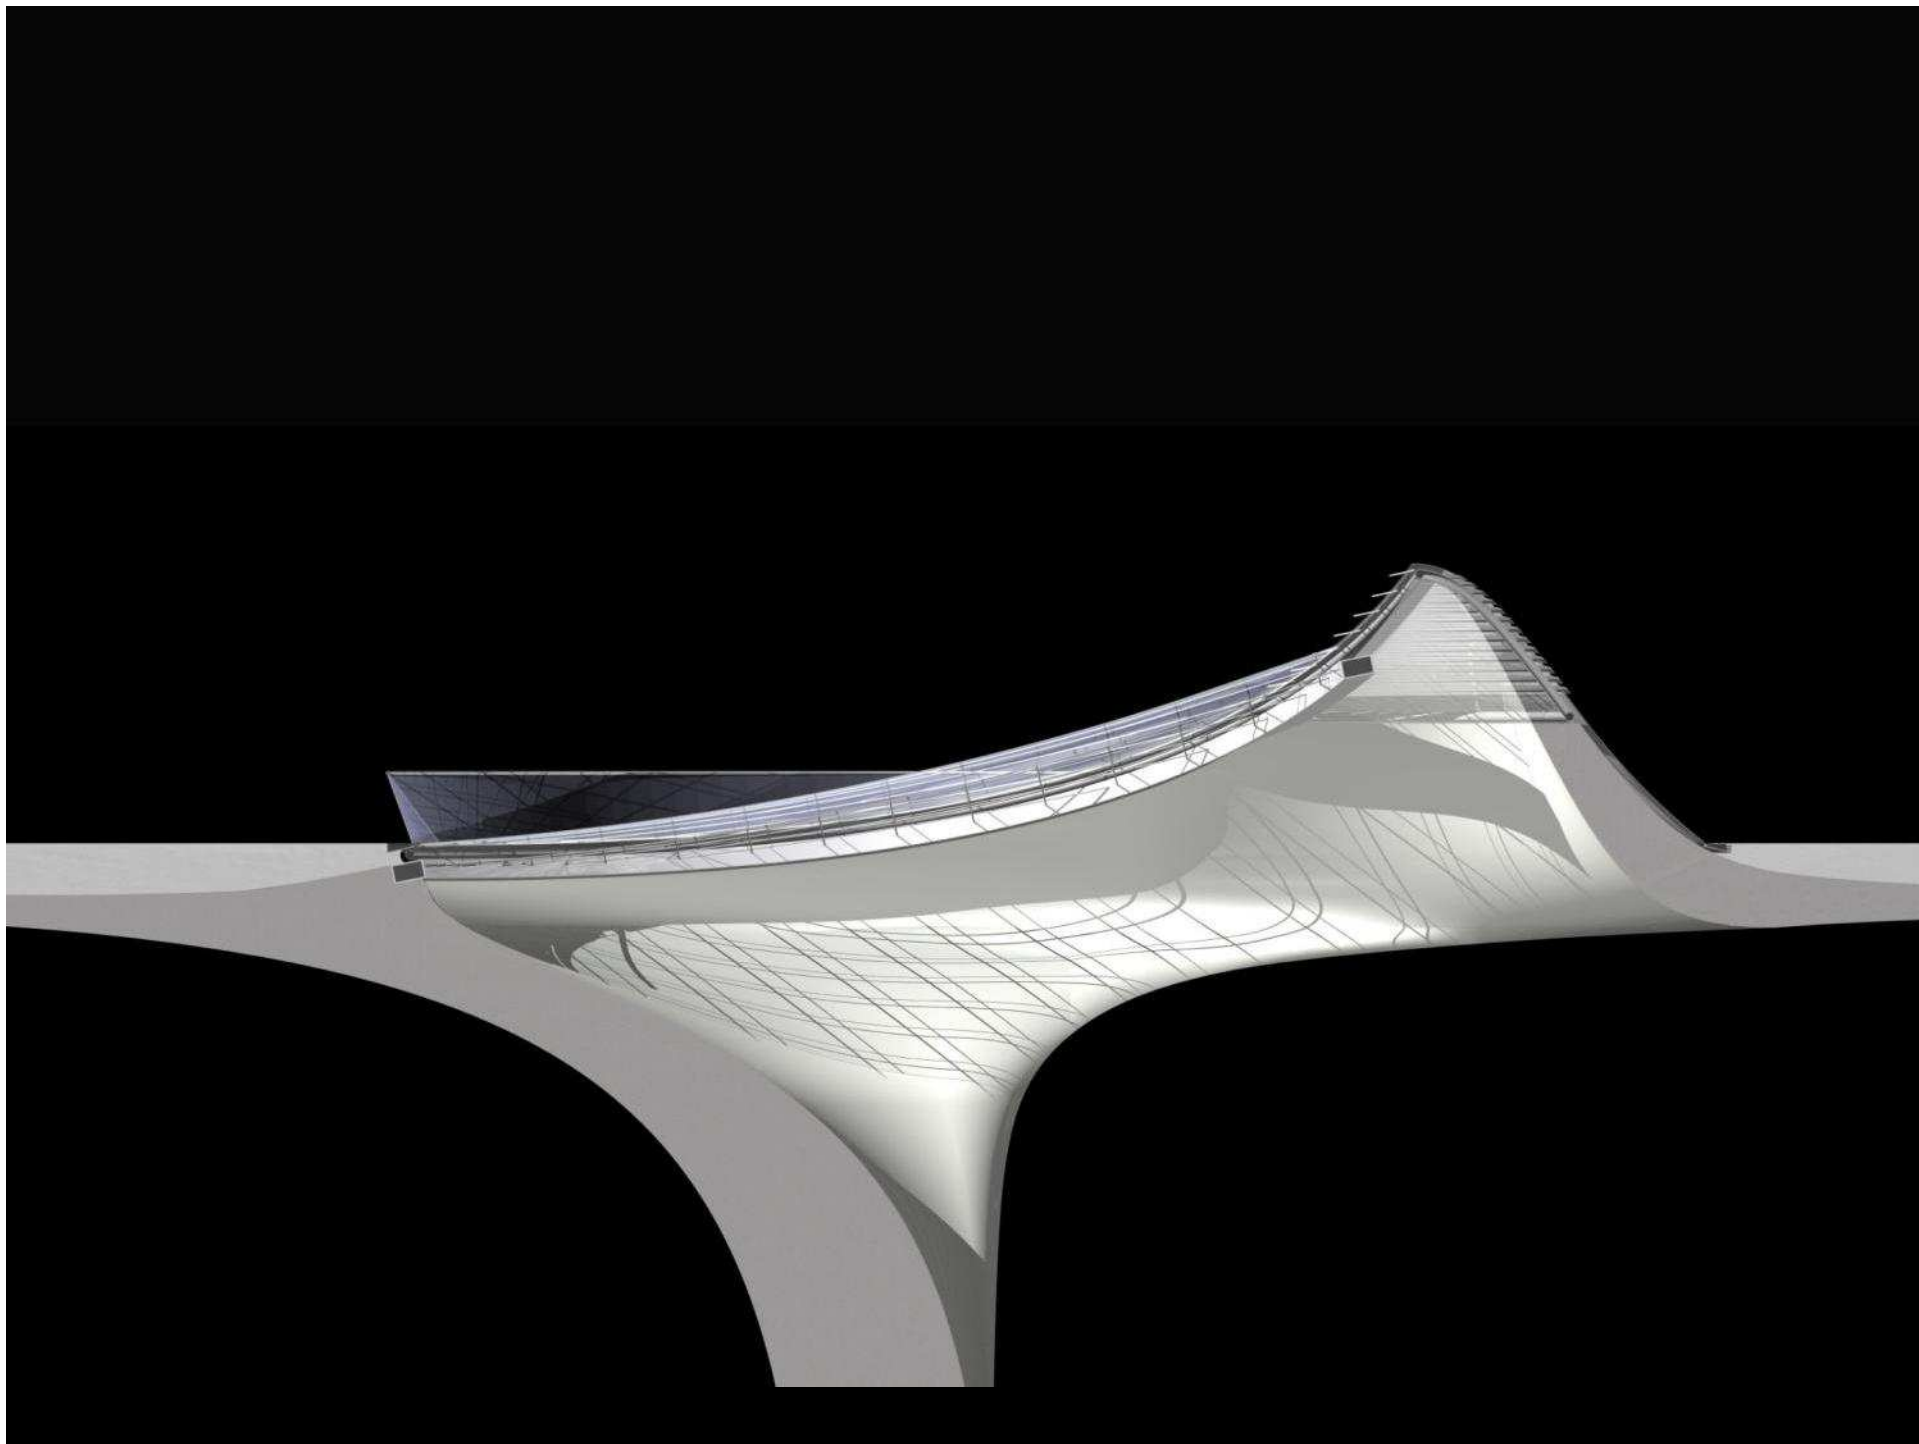

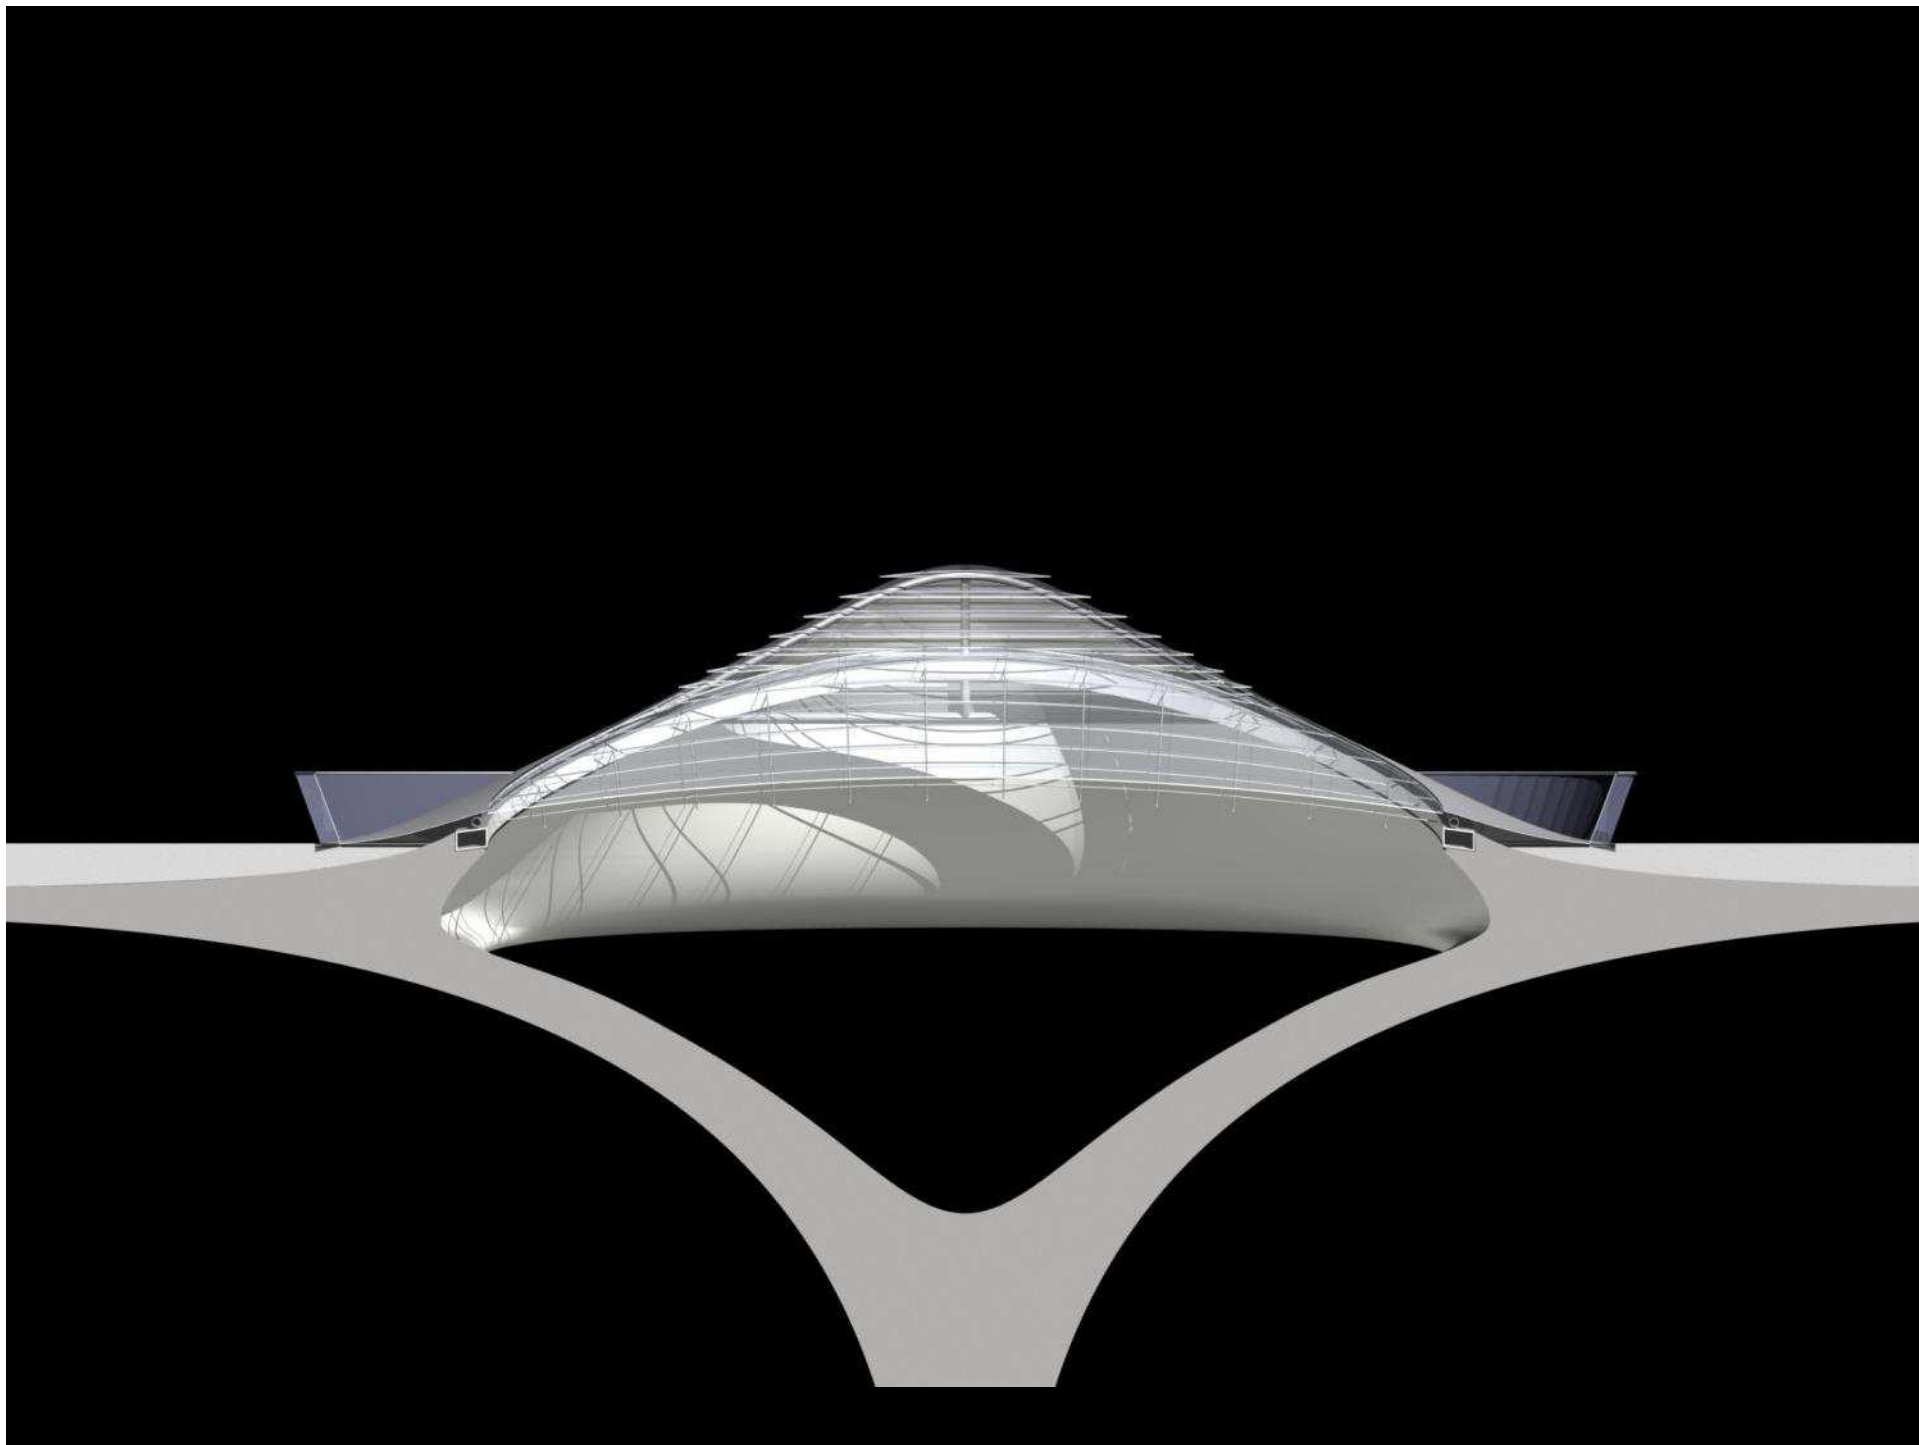

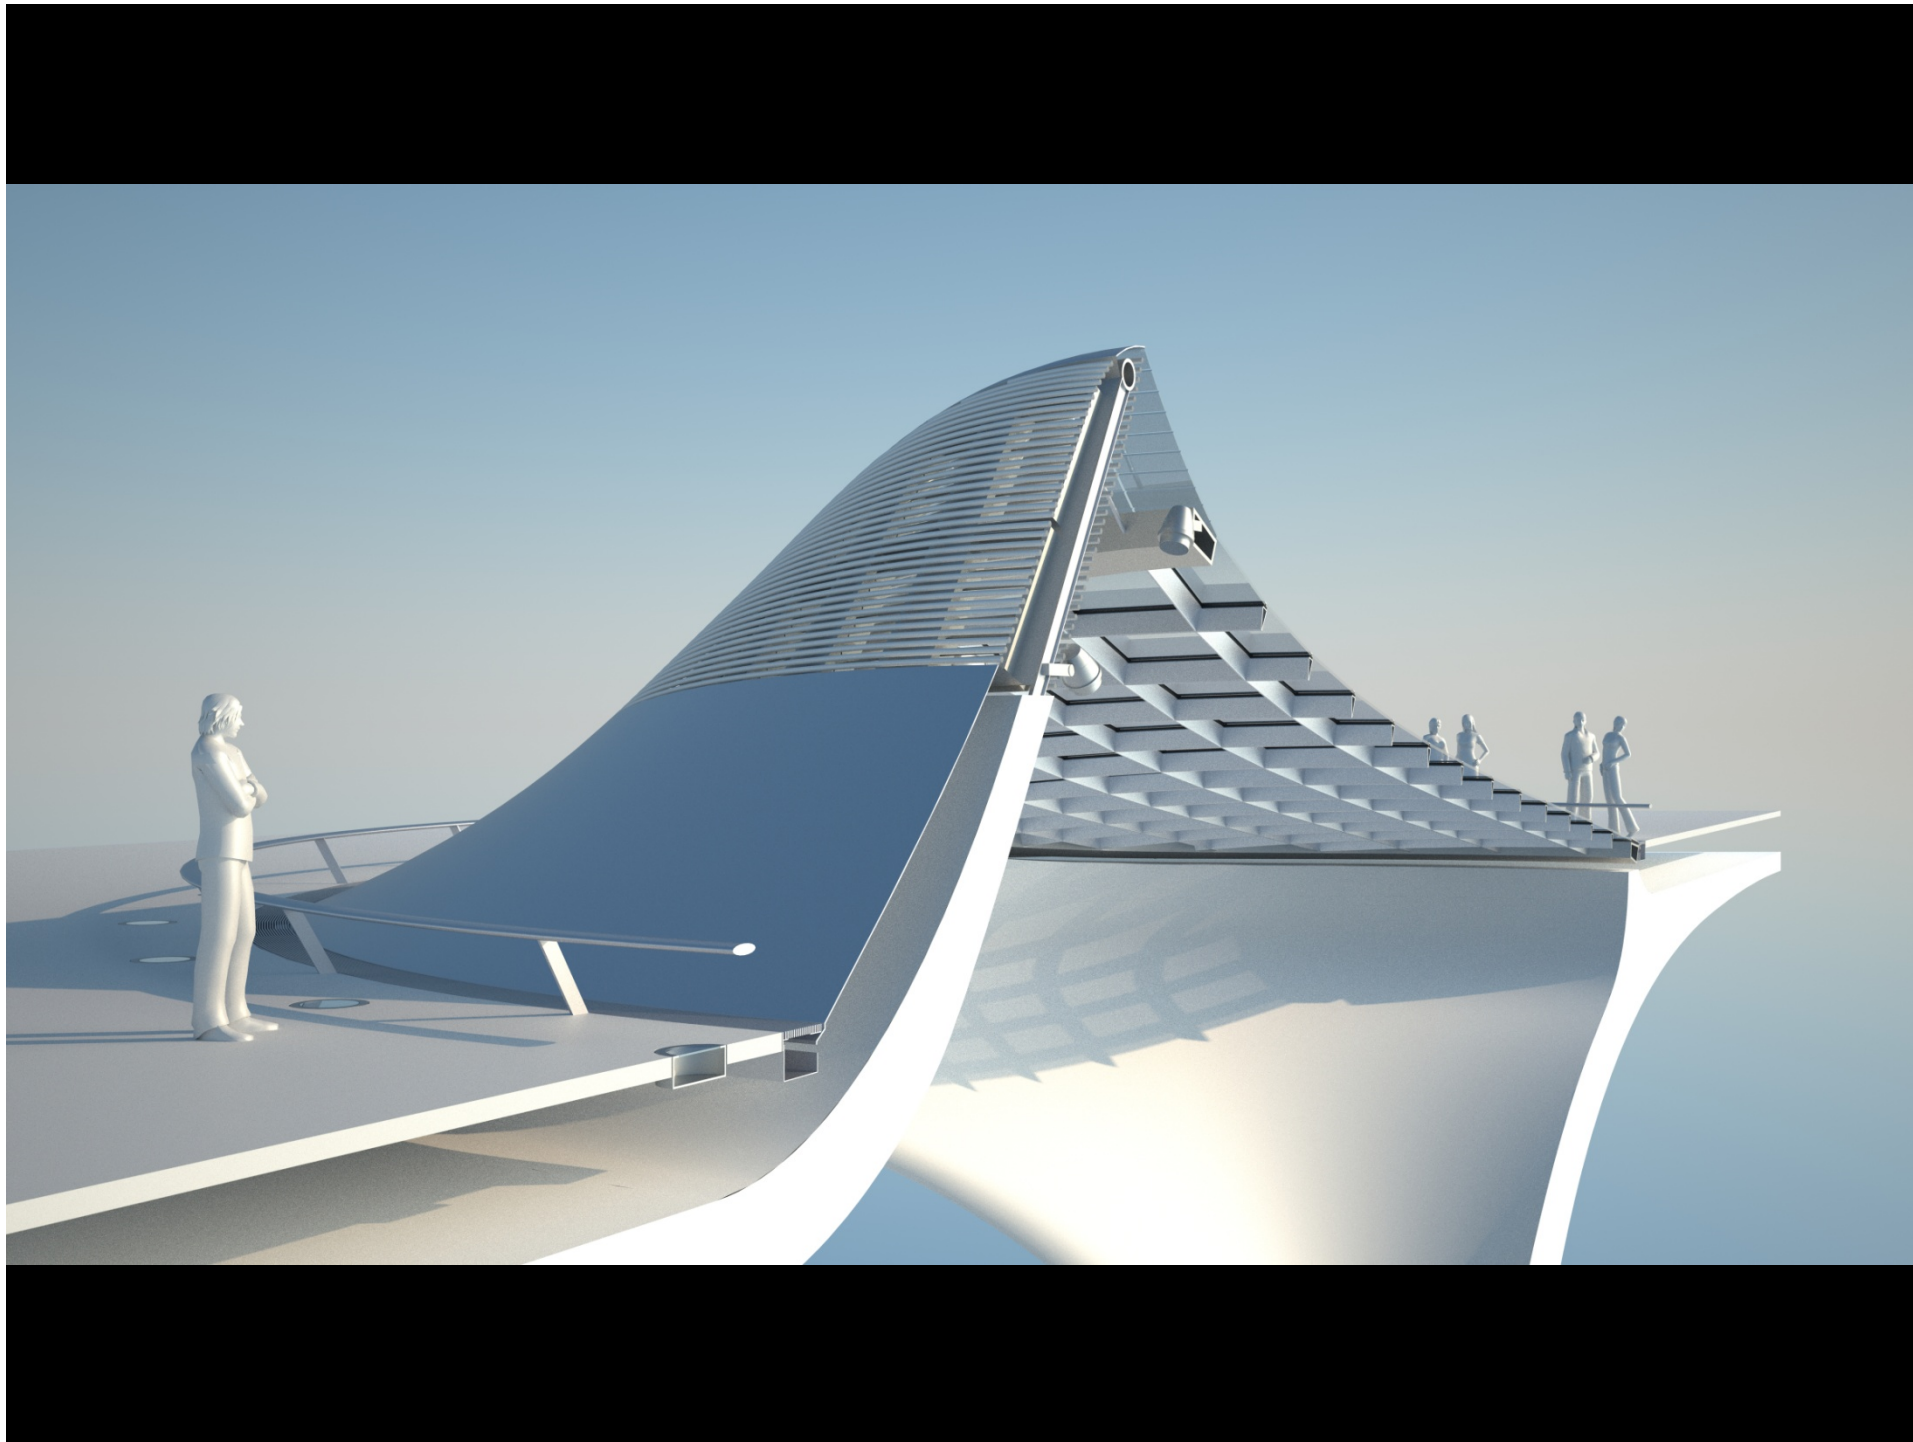

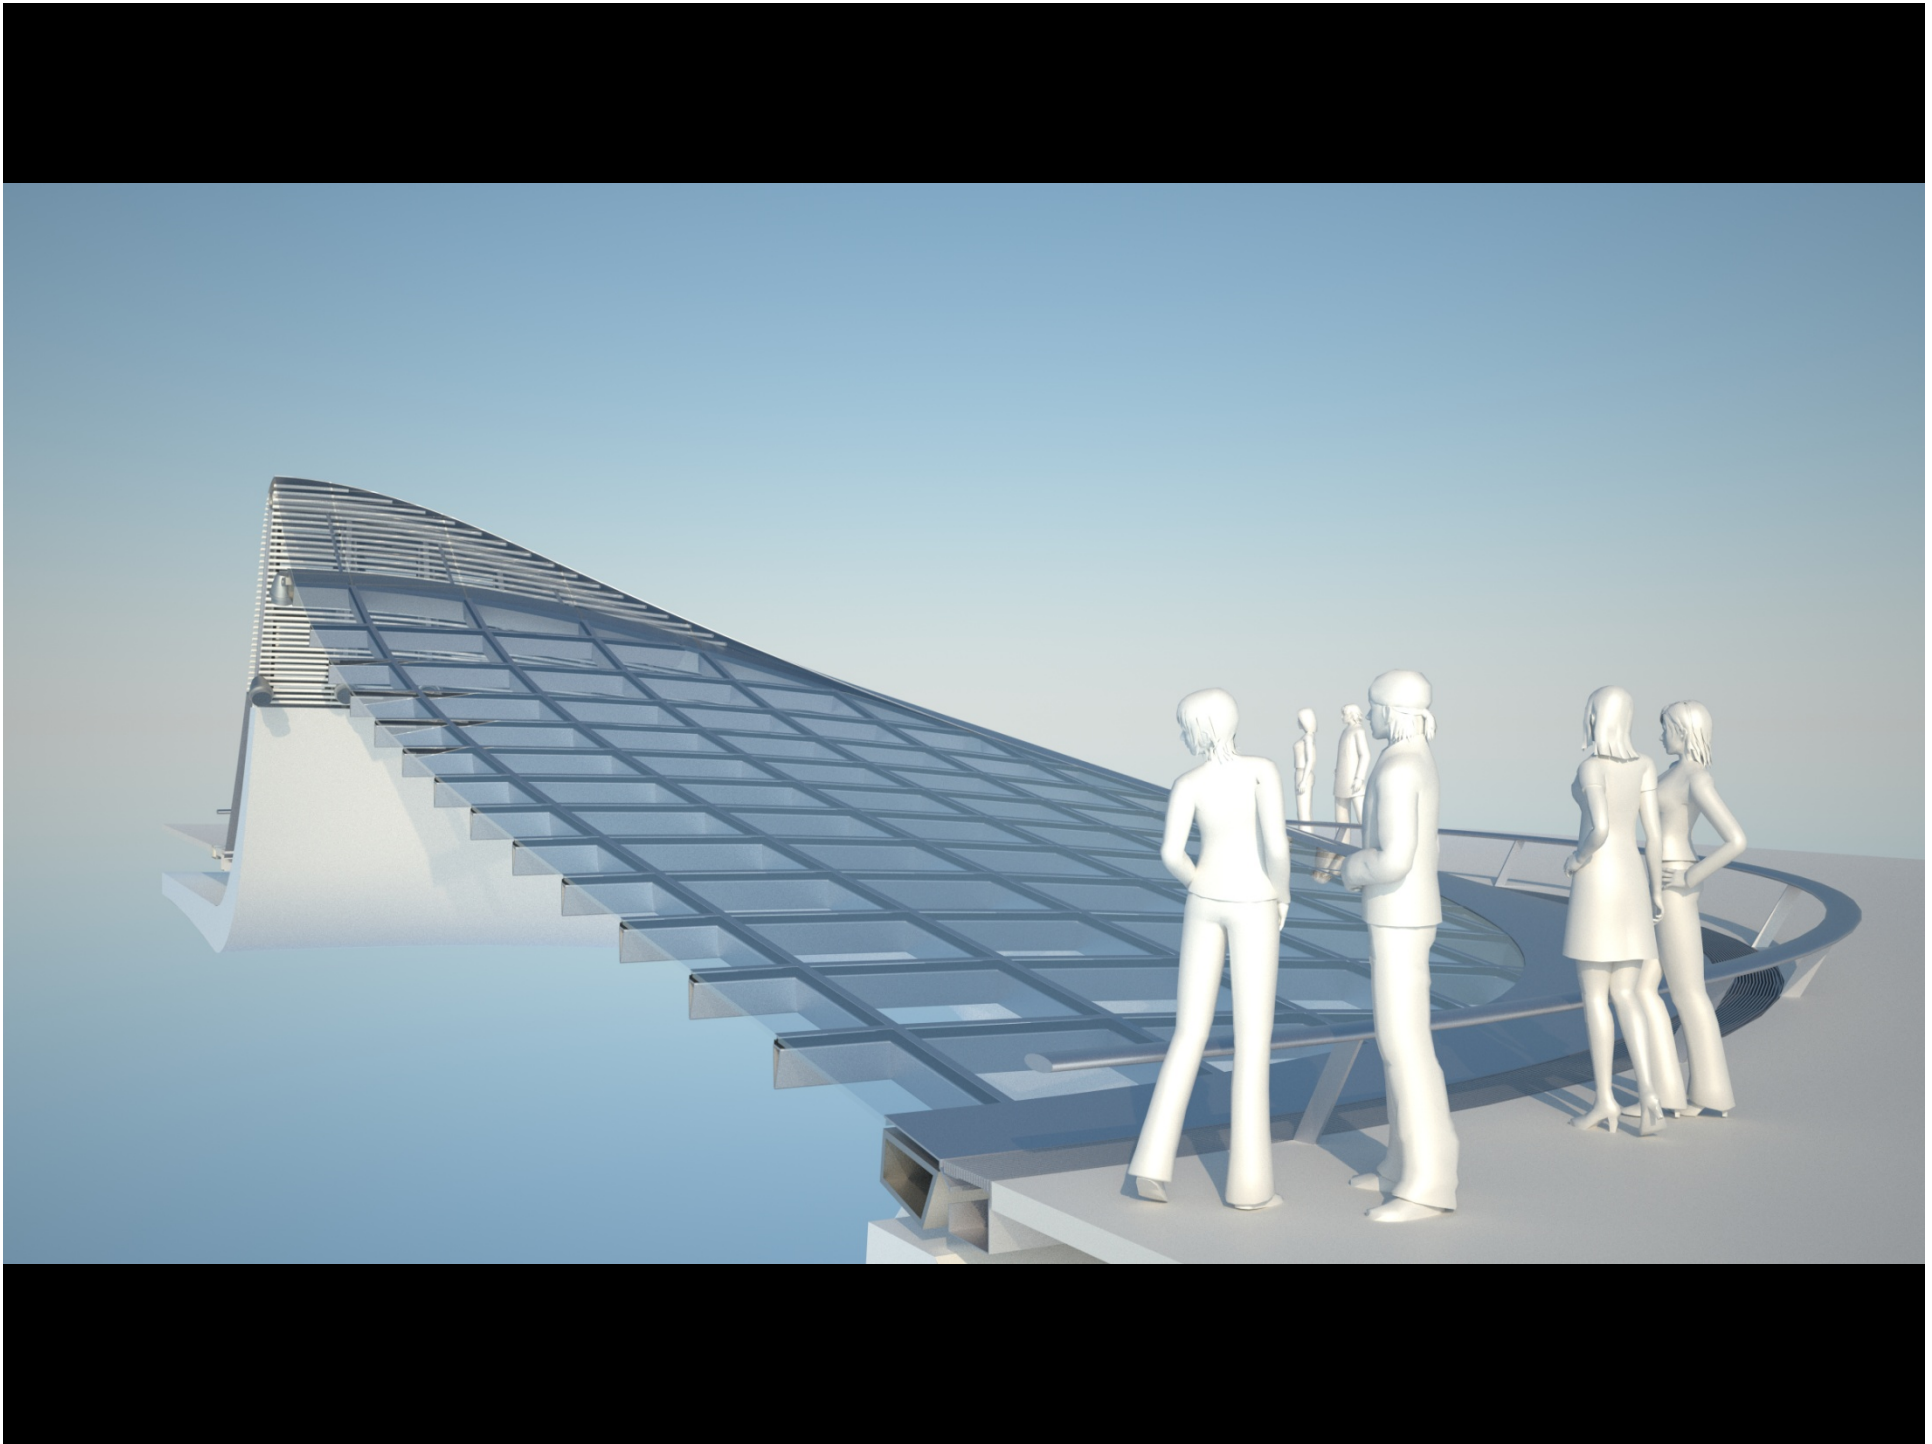

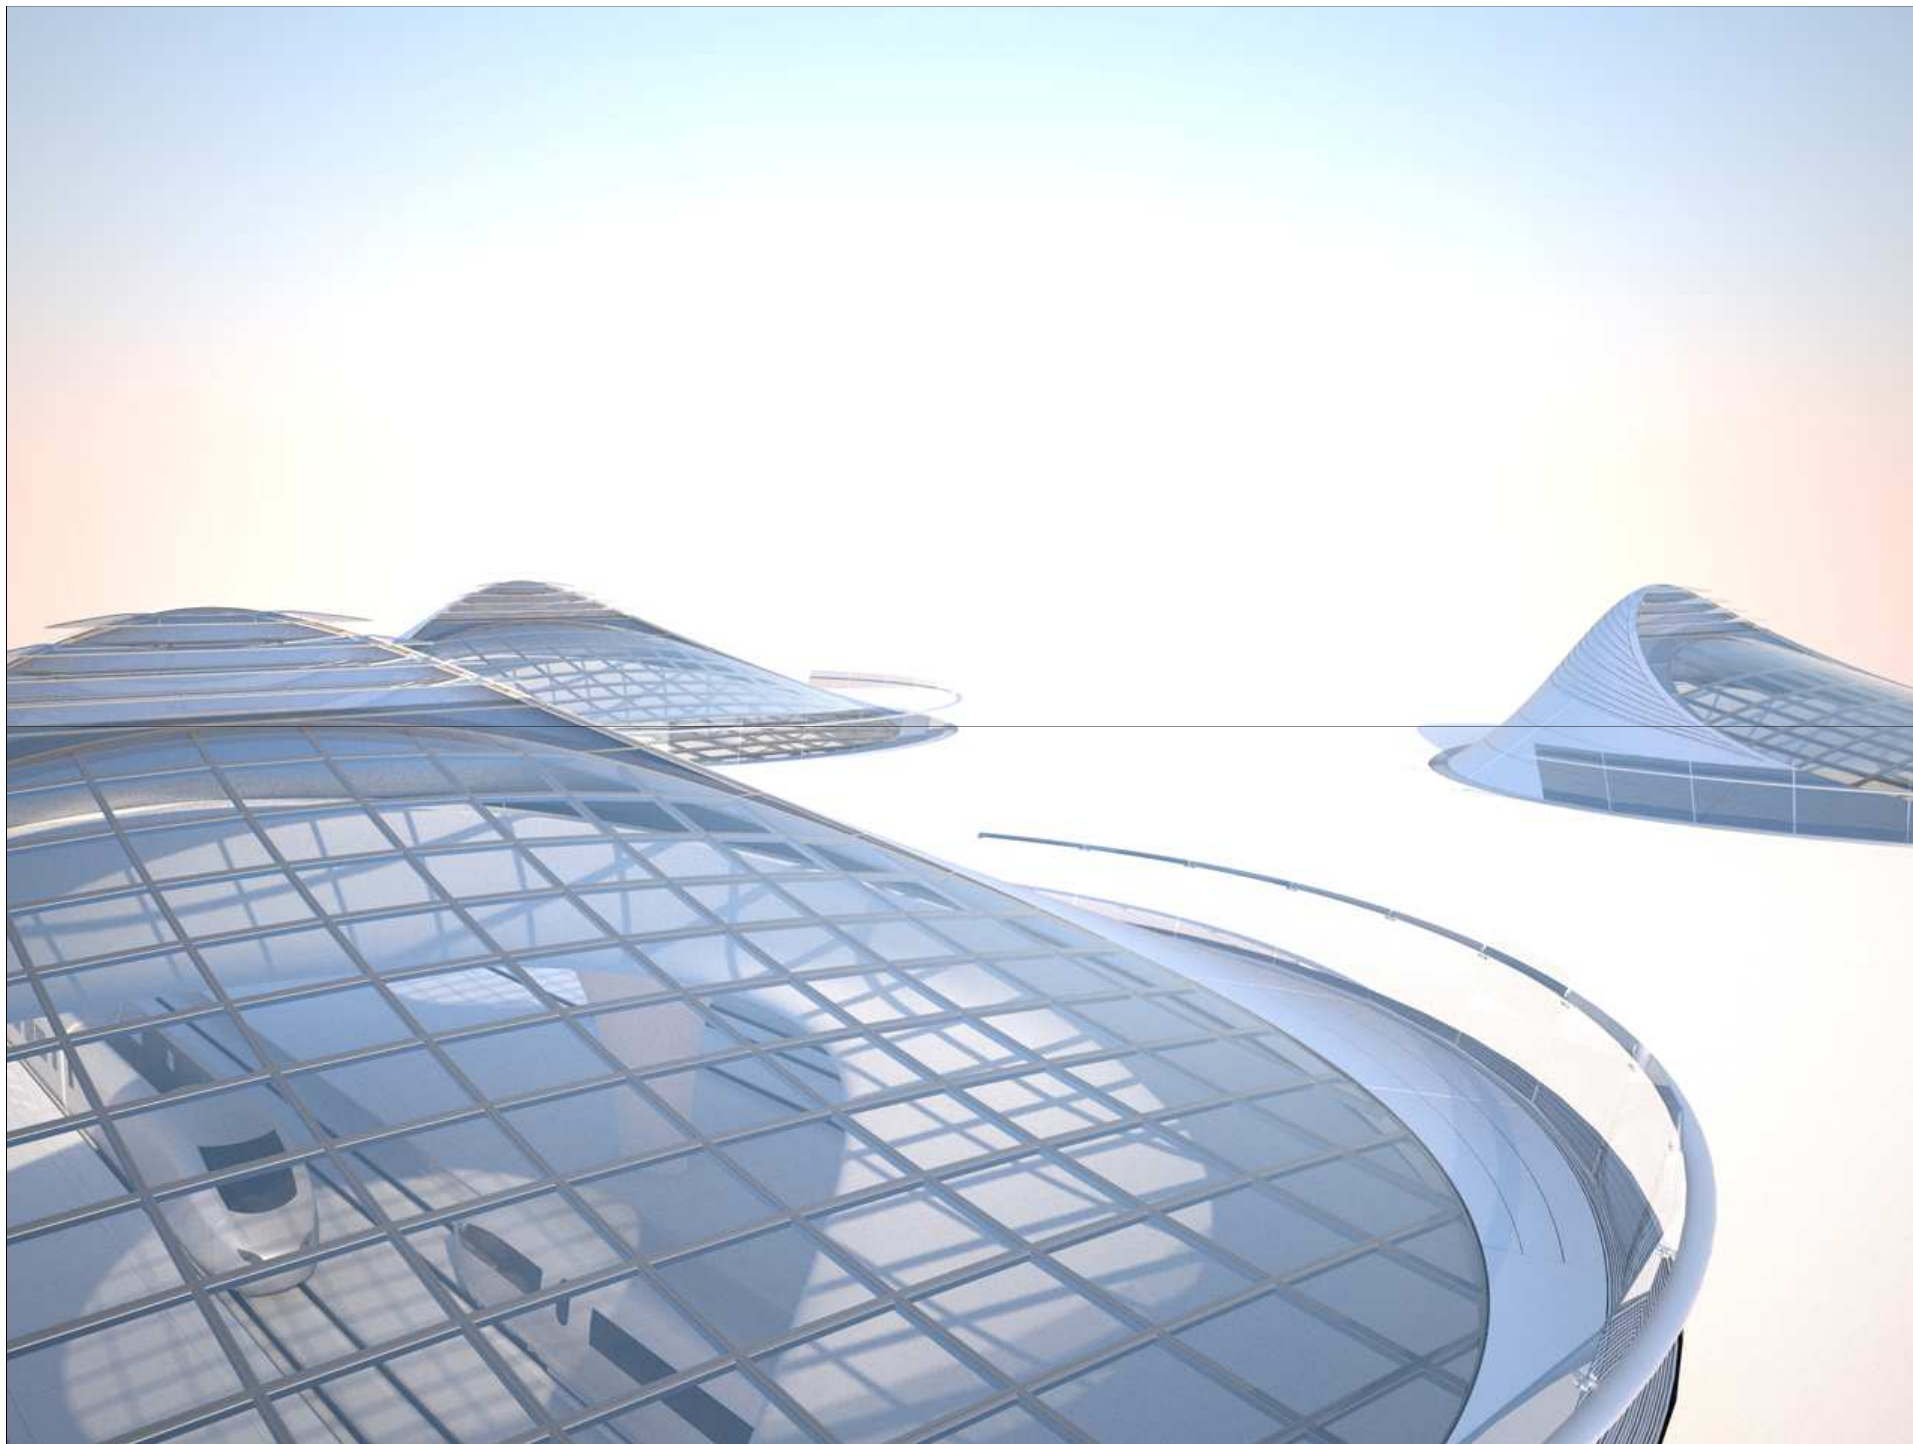

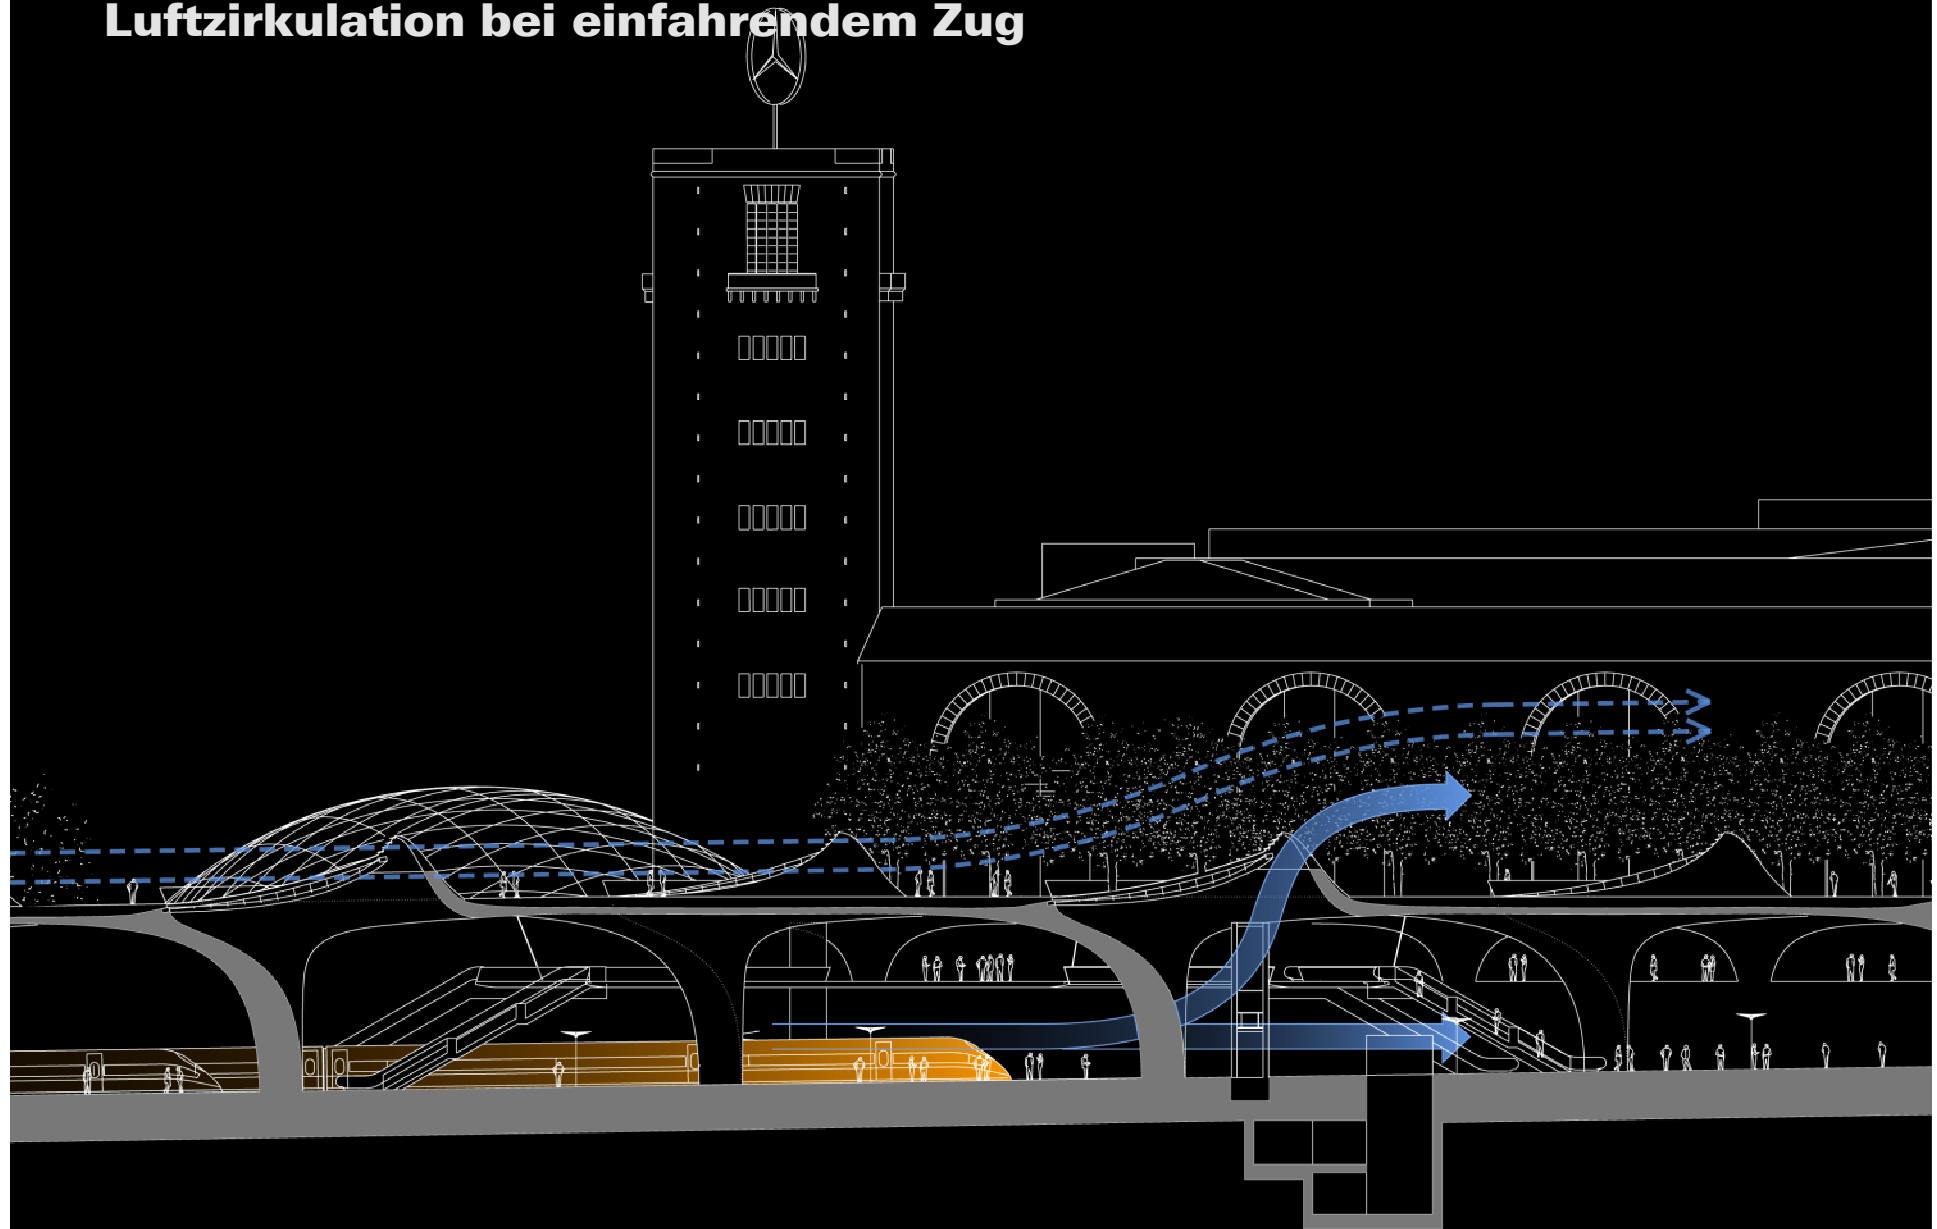

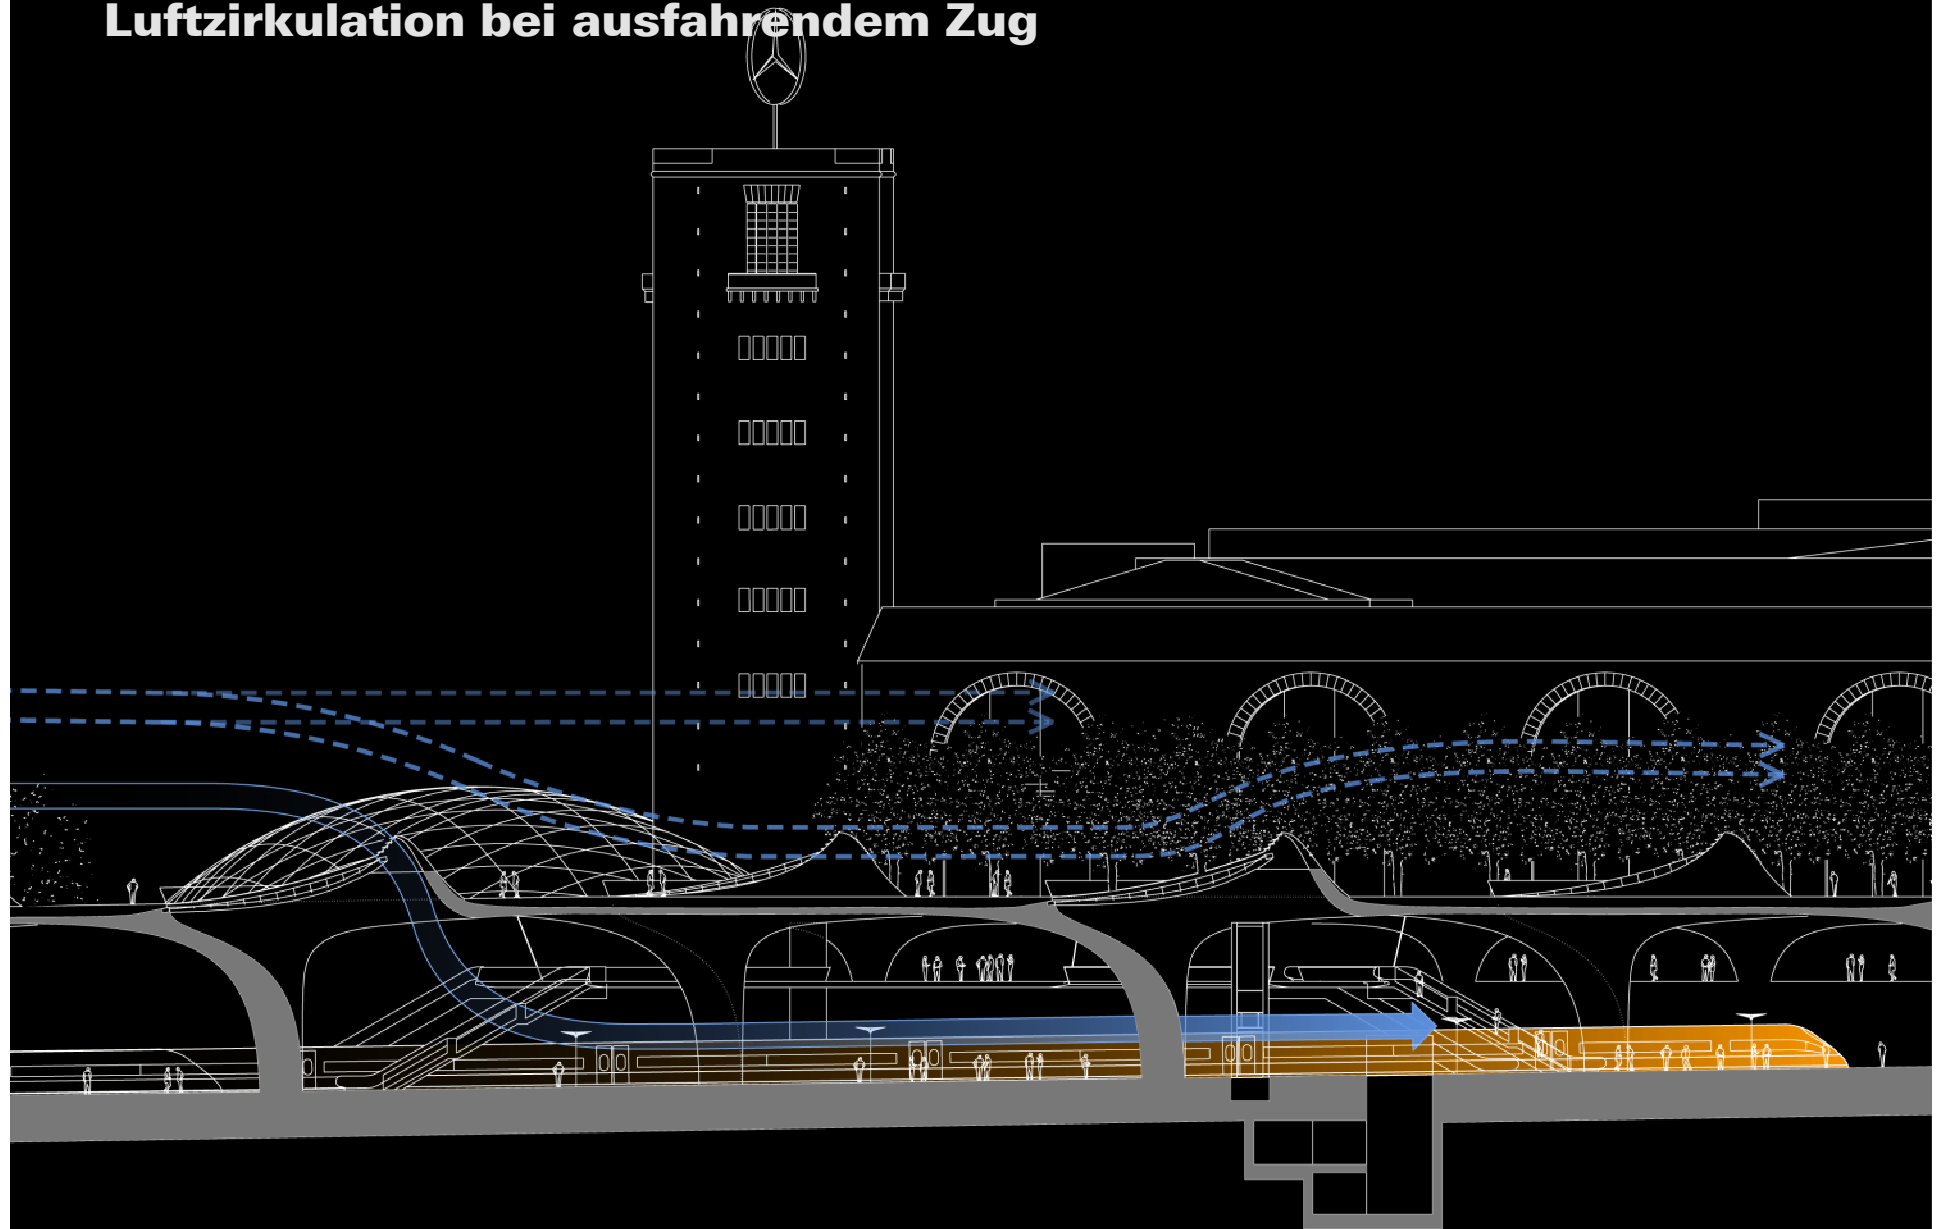

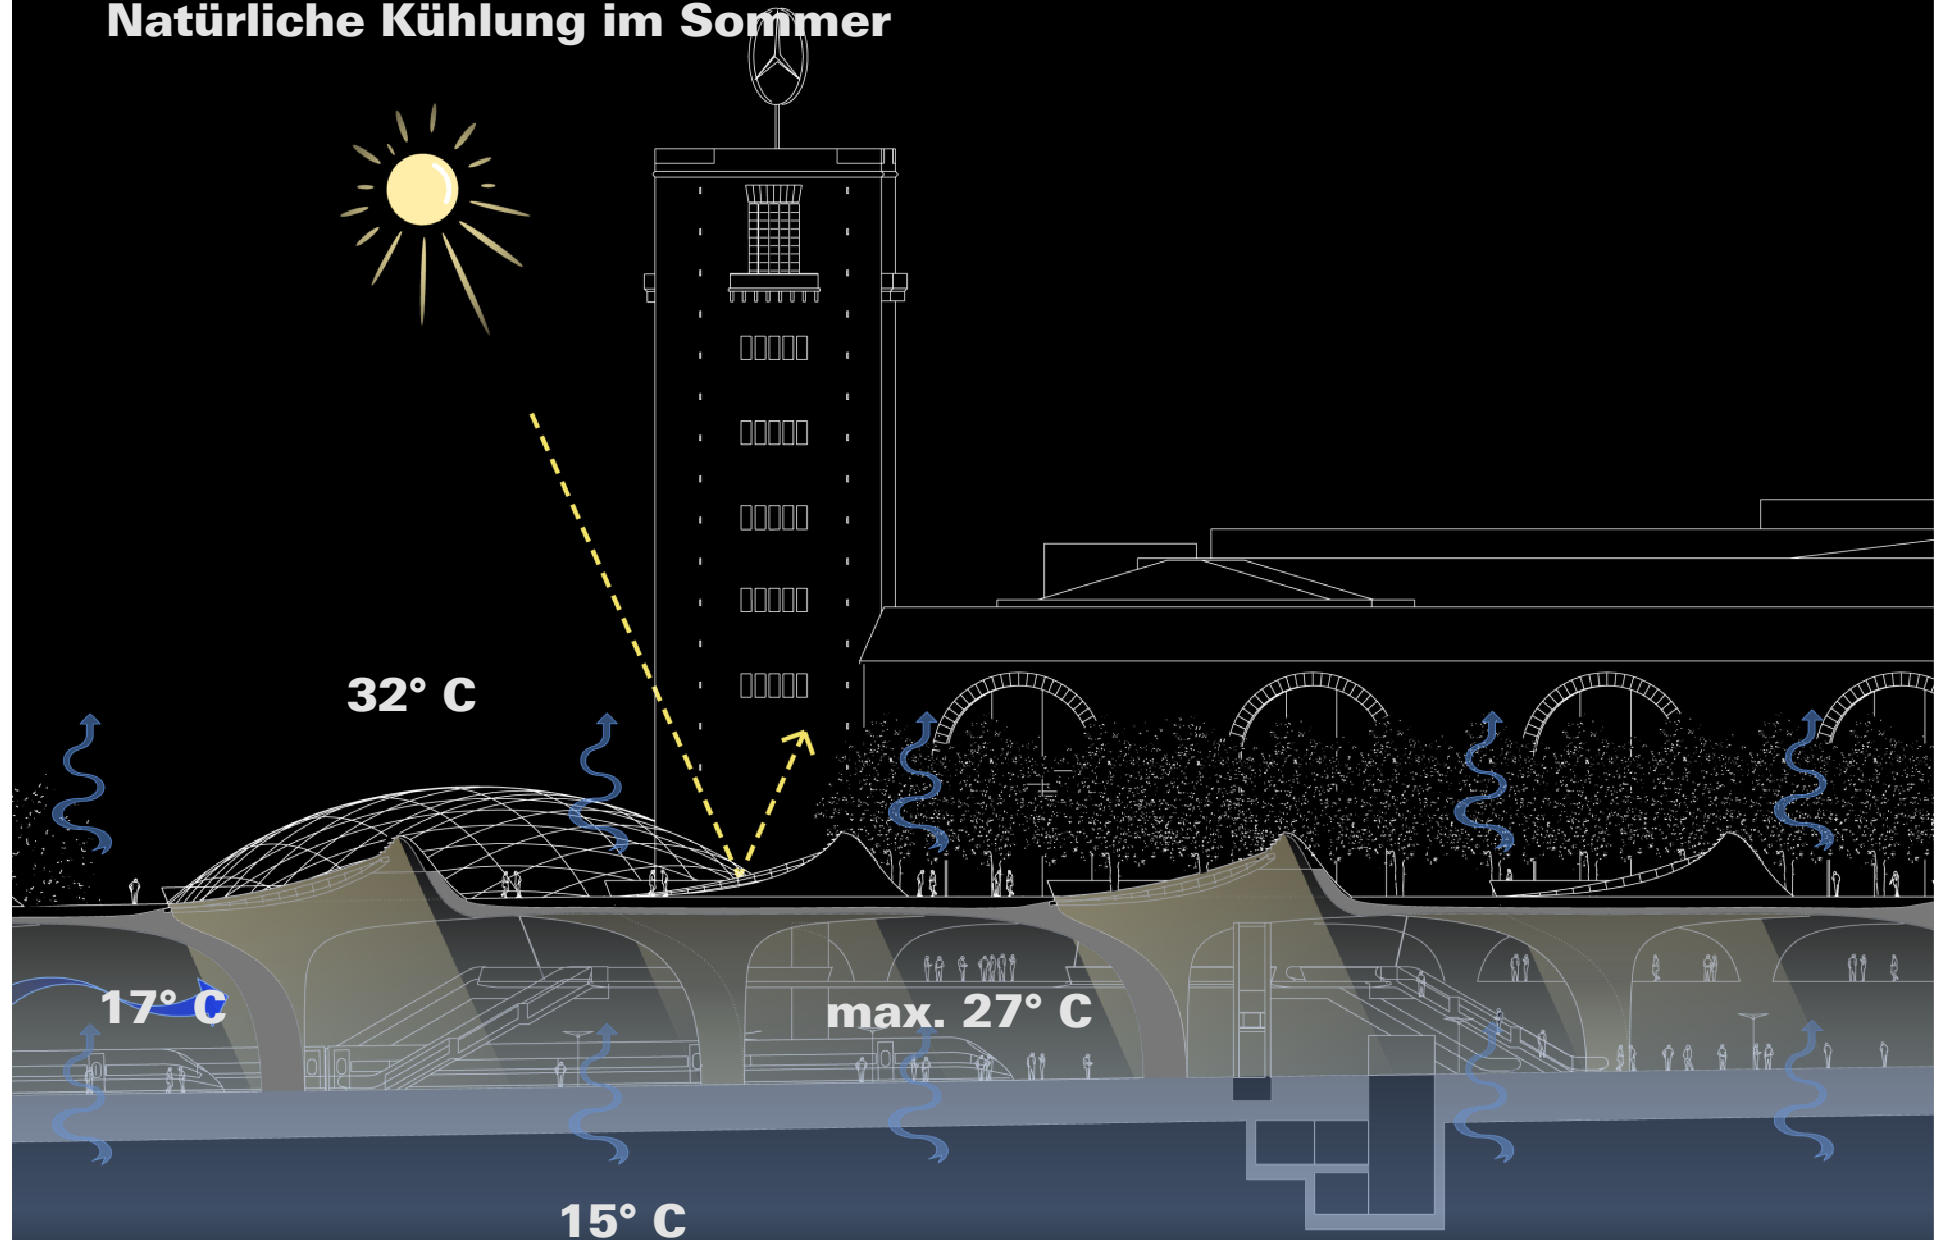

Luftzirkulation bei einfahrendem Zug

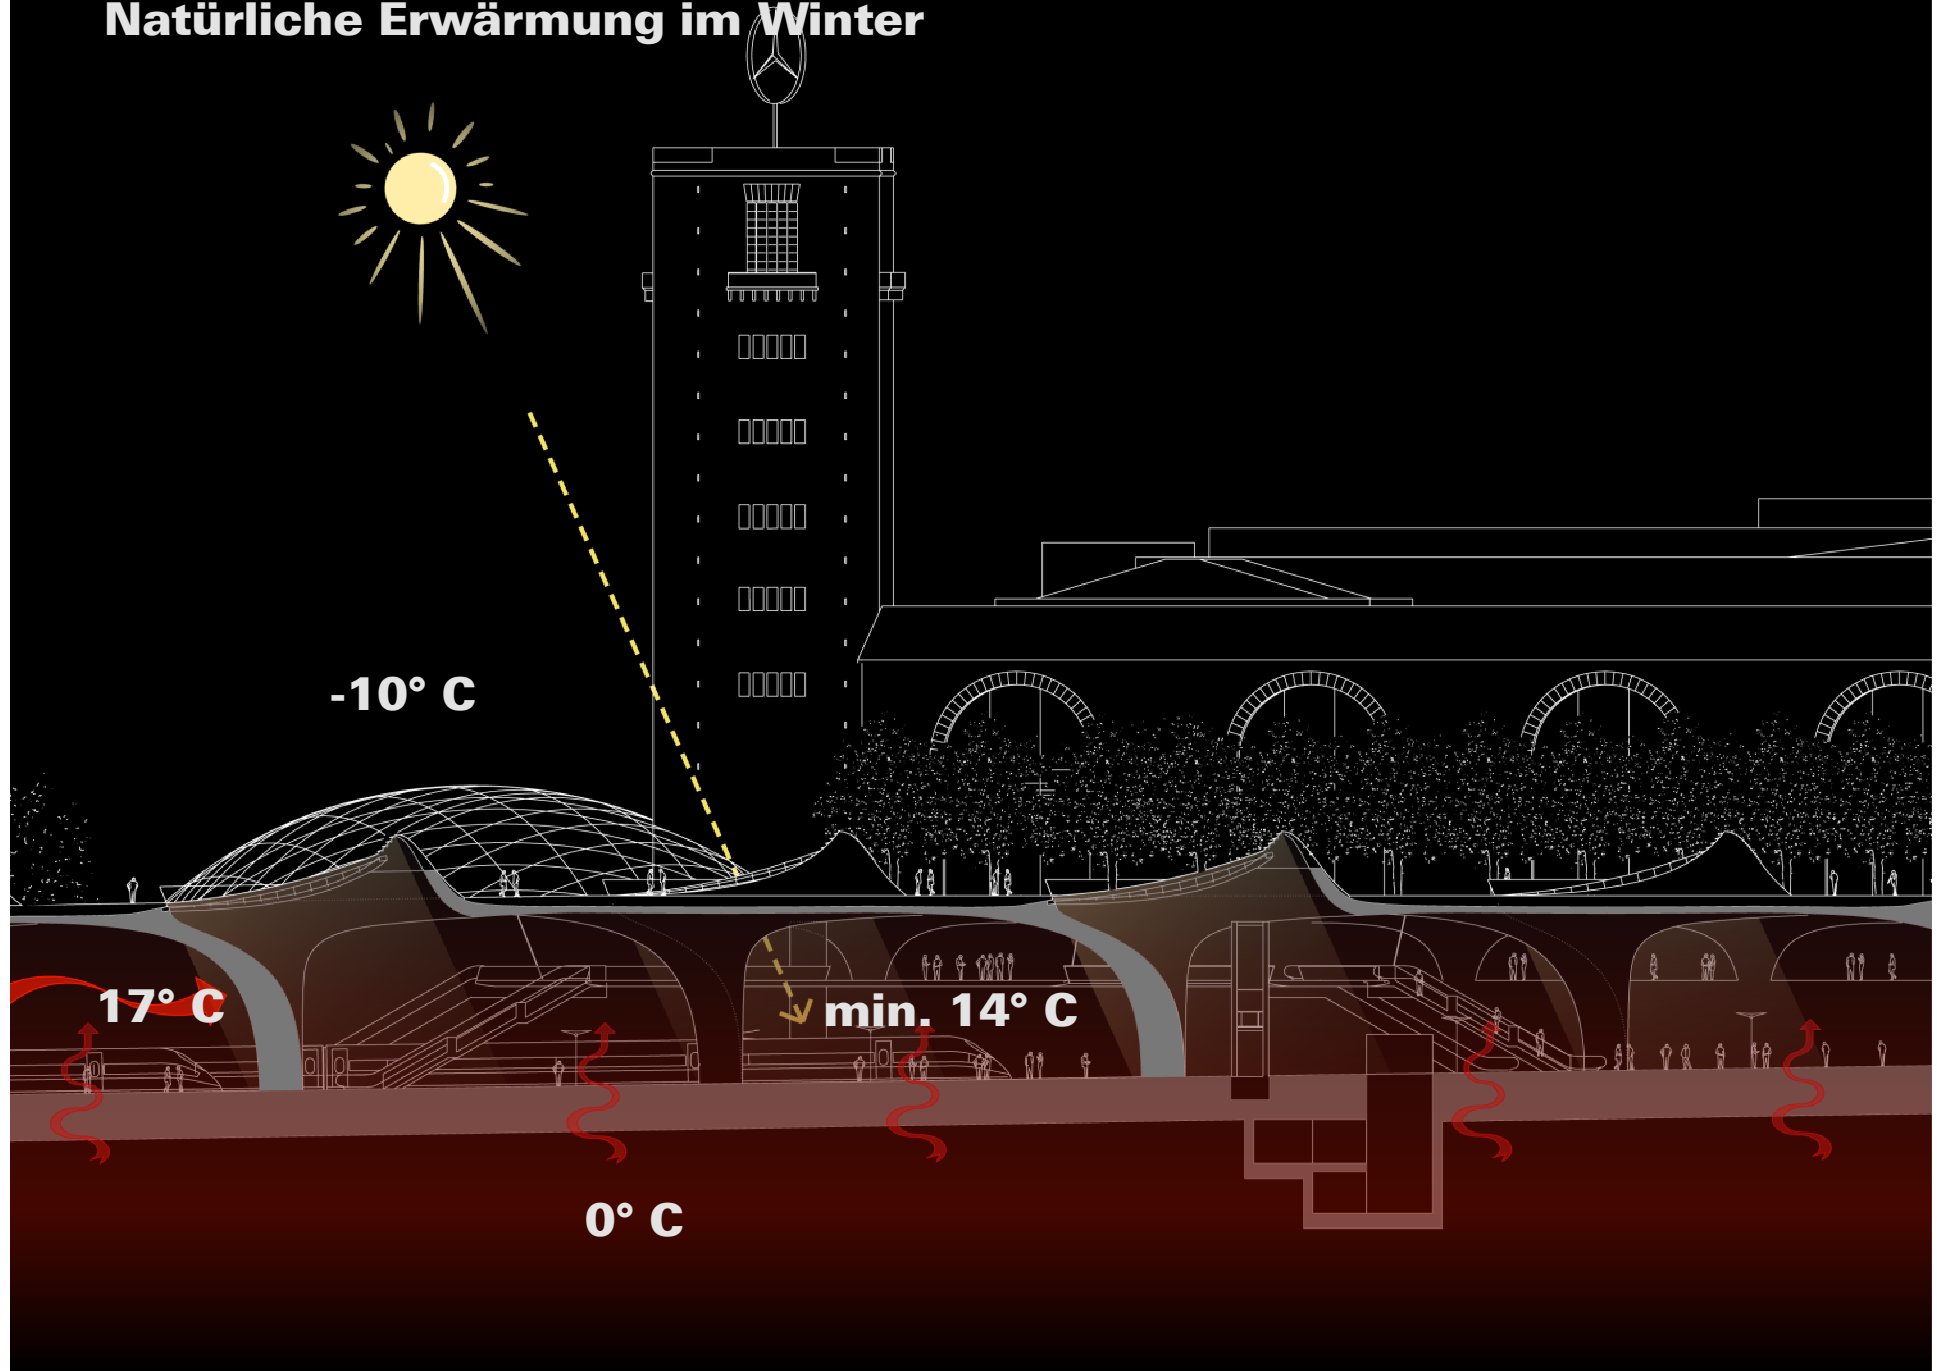

Luftzirkulation bei ausfahrendem Zug

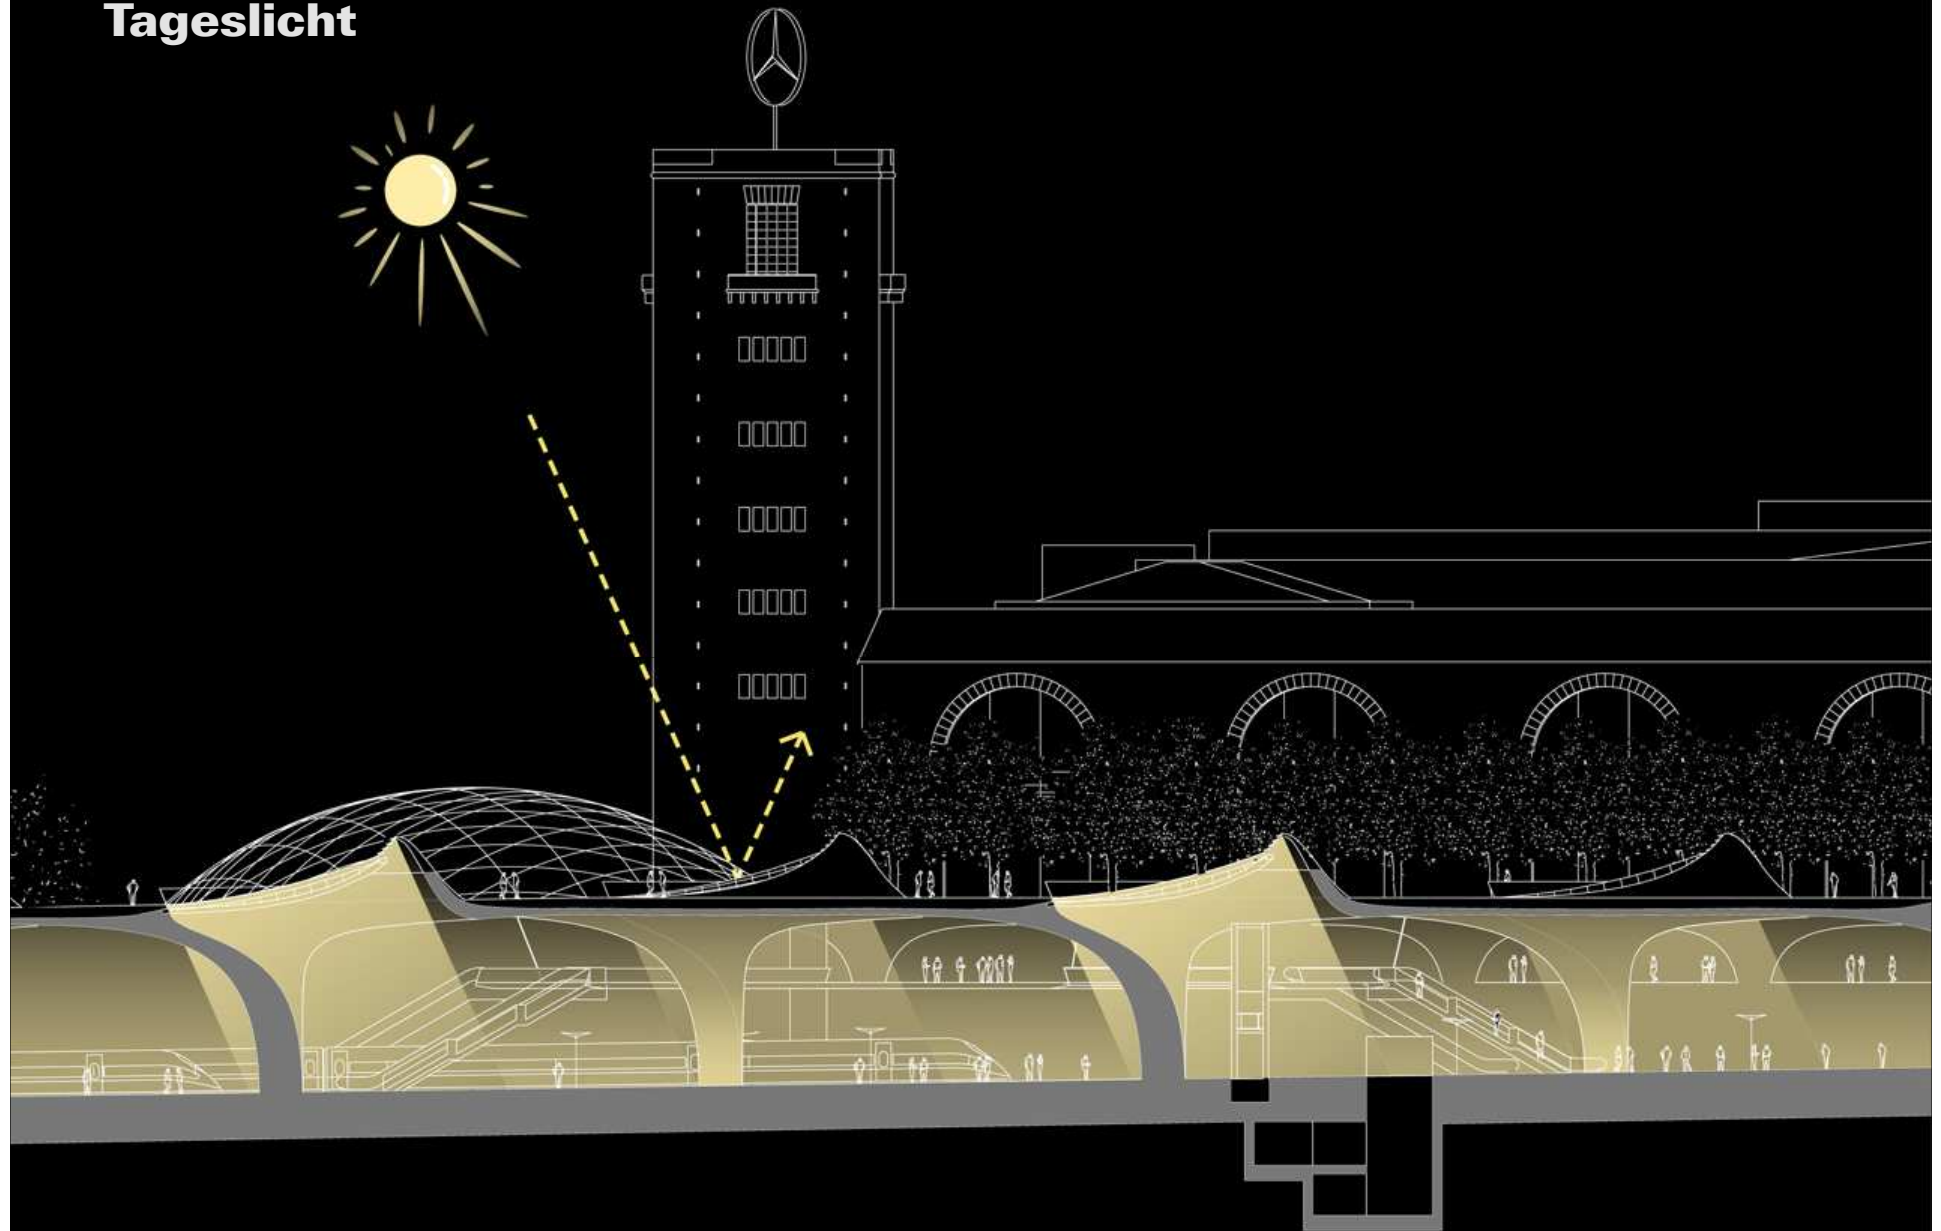

Natürliche Kühlung im Sommer

Natürliche Erwärmung im Winter

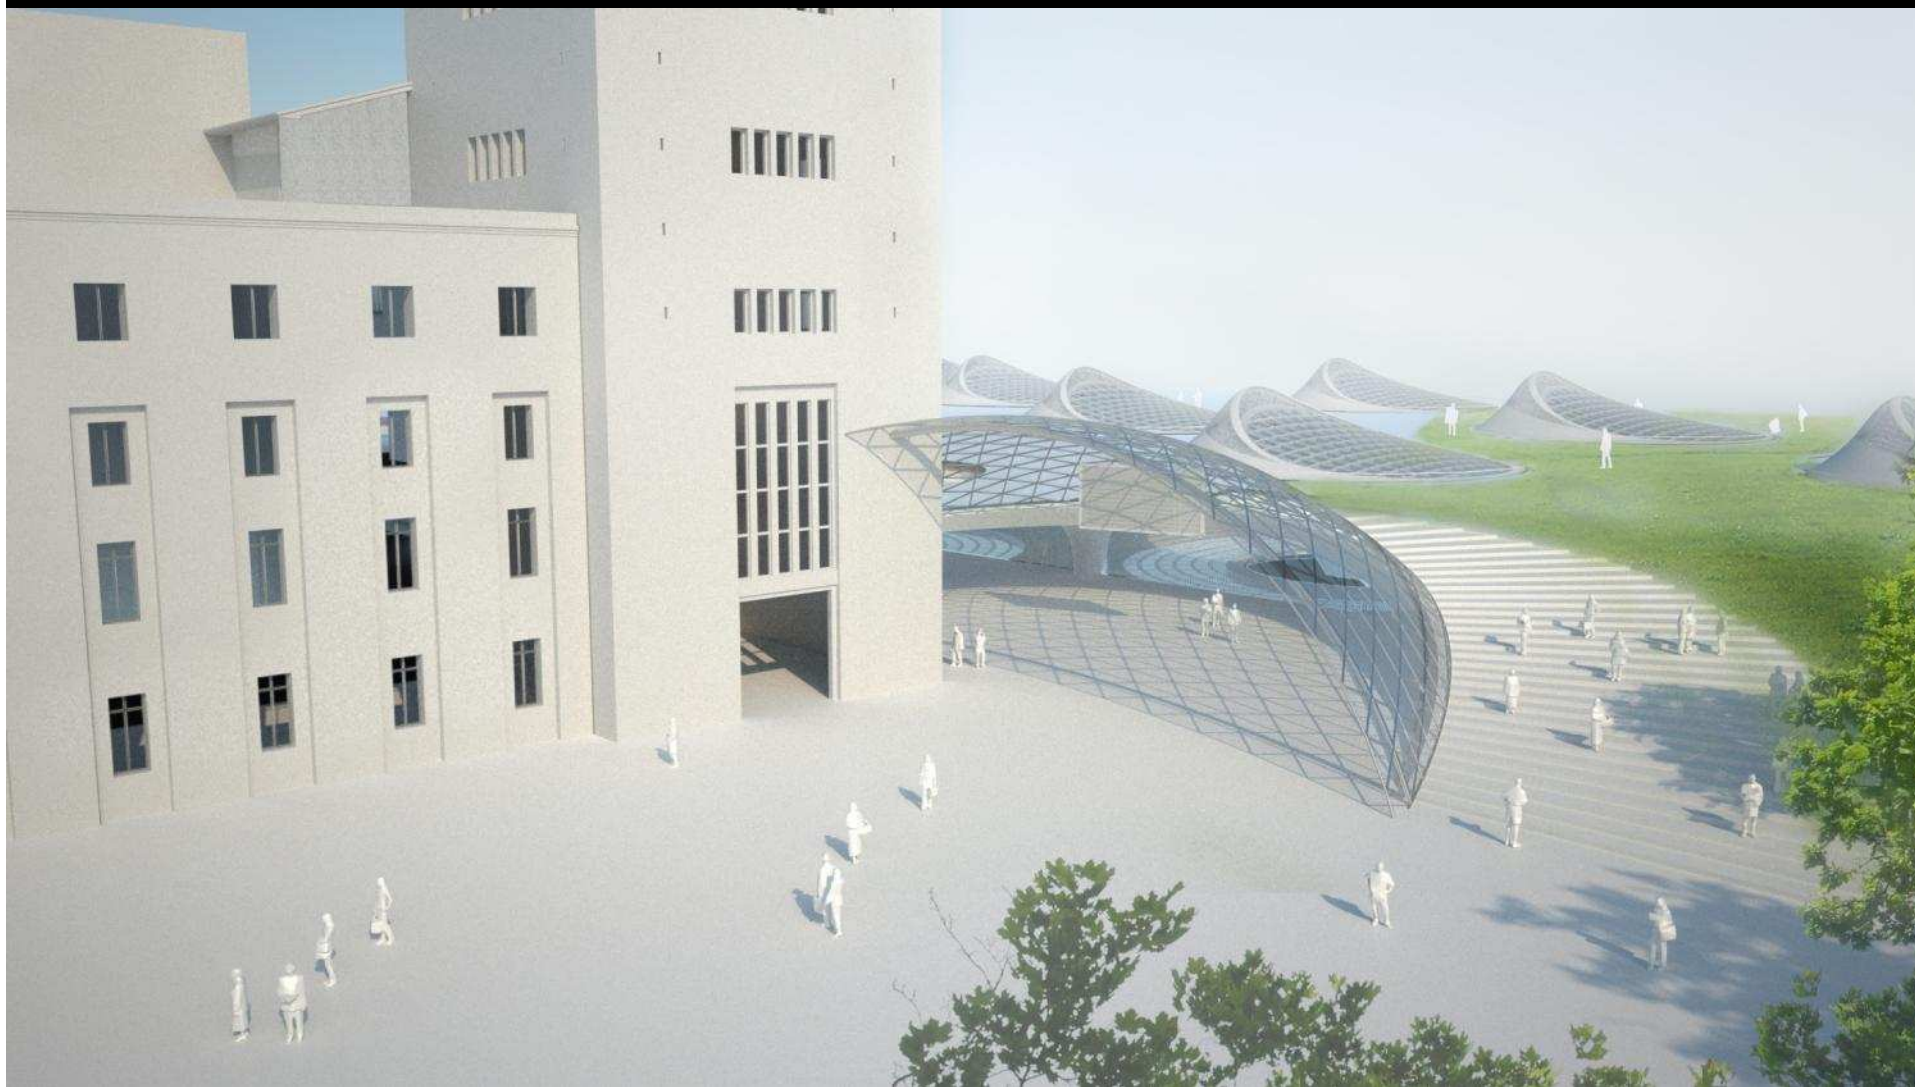

Tageslicht

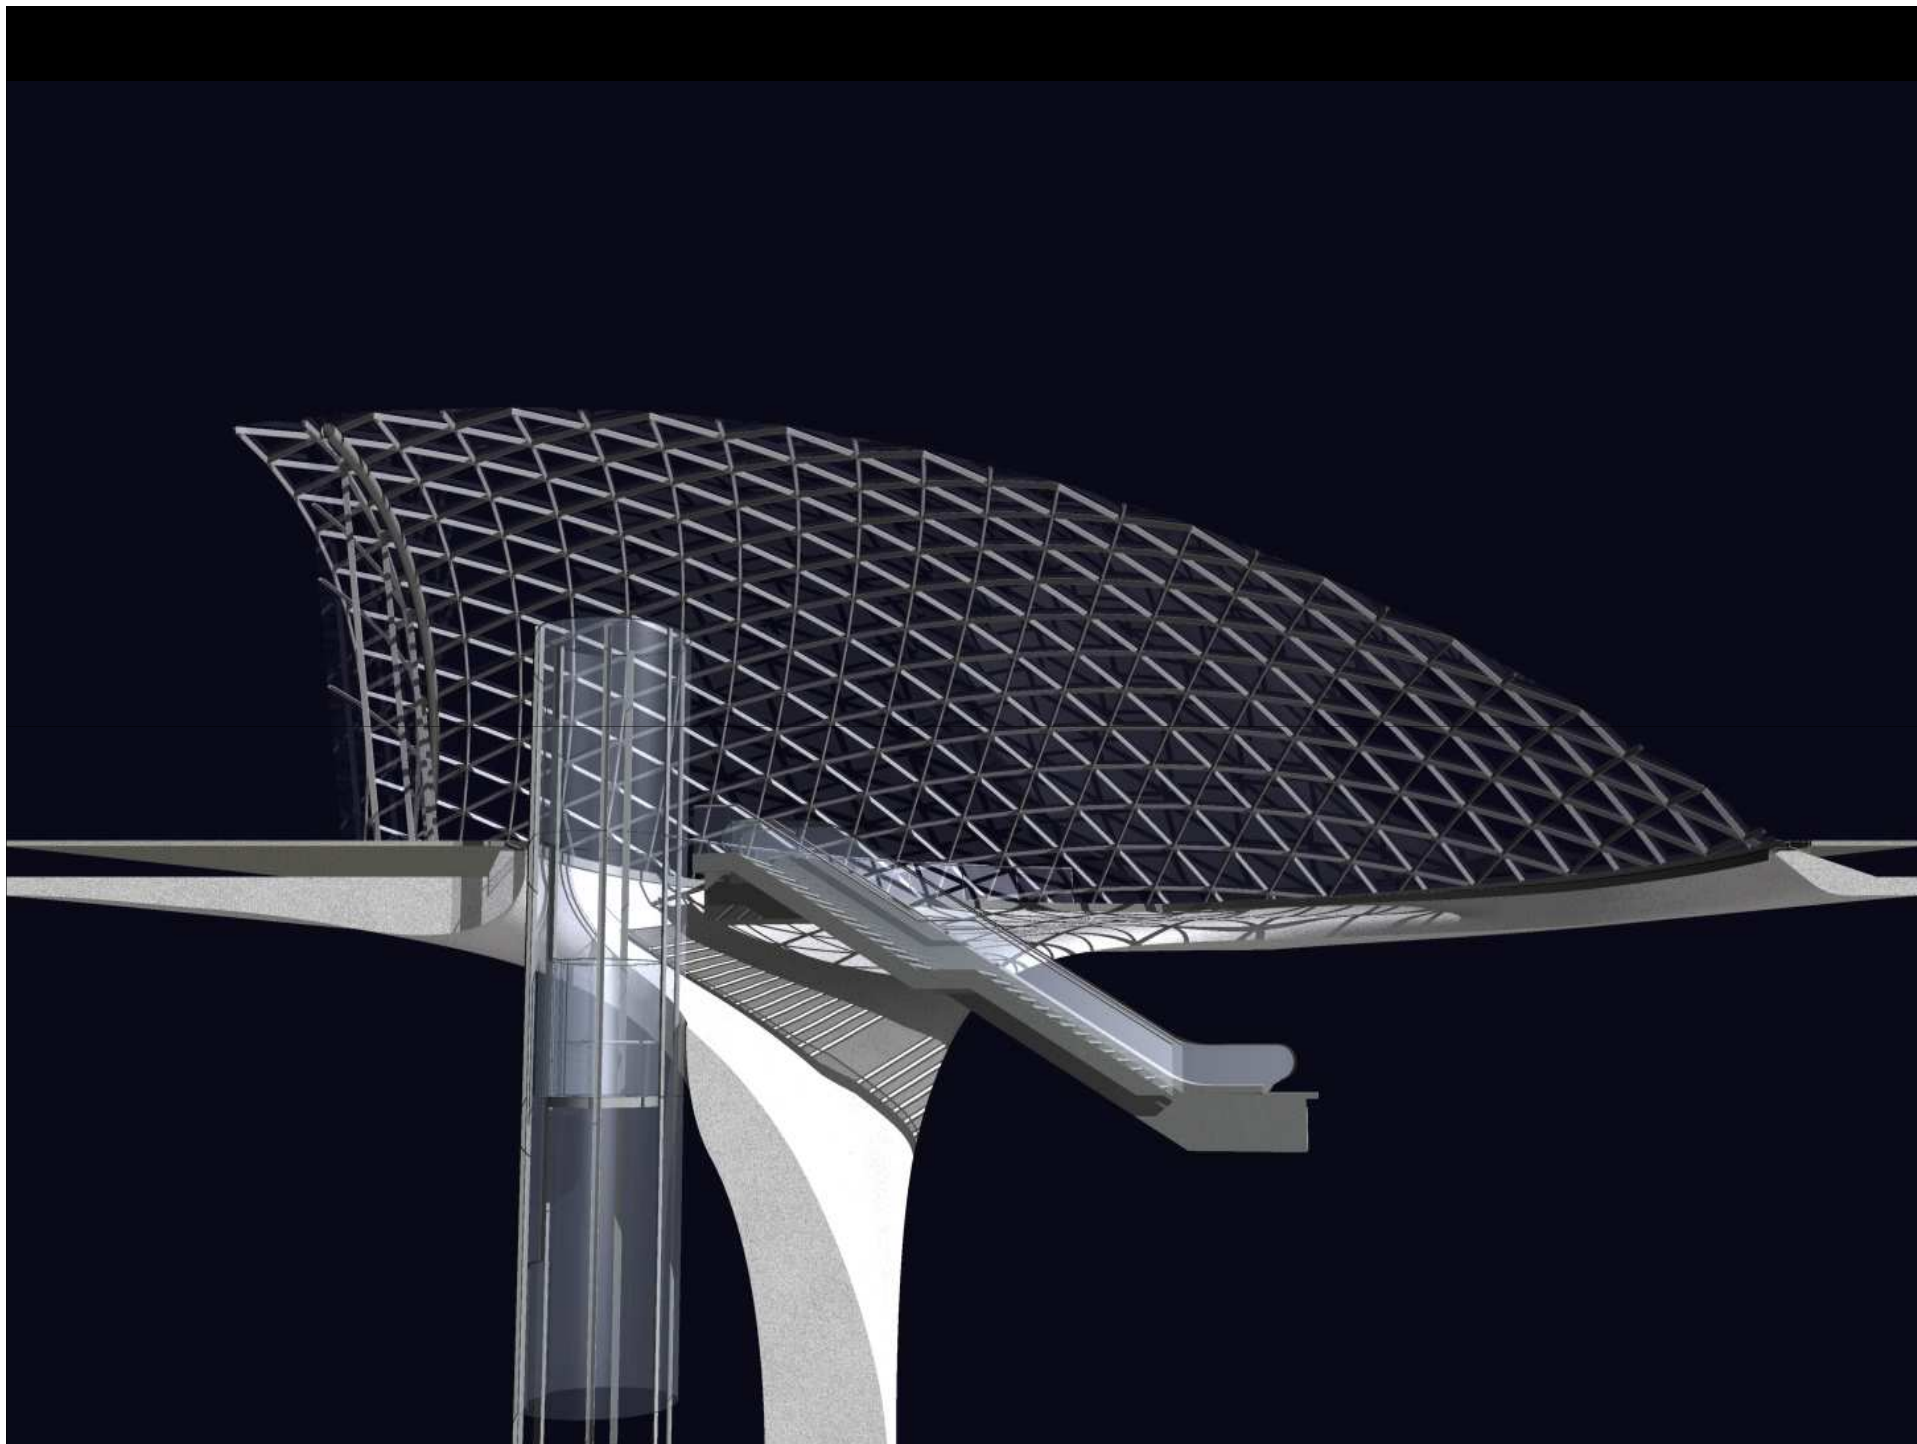

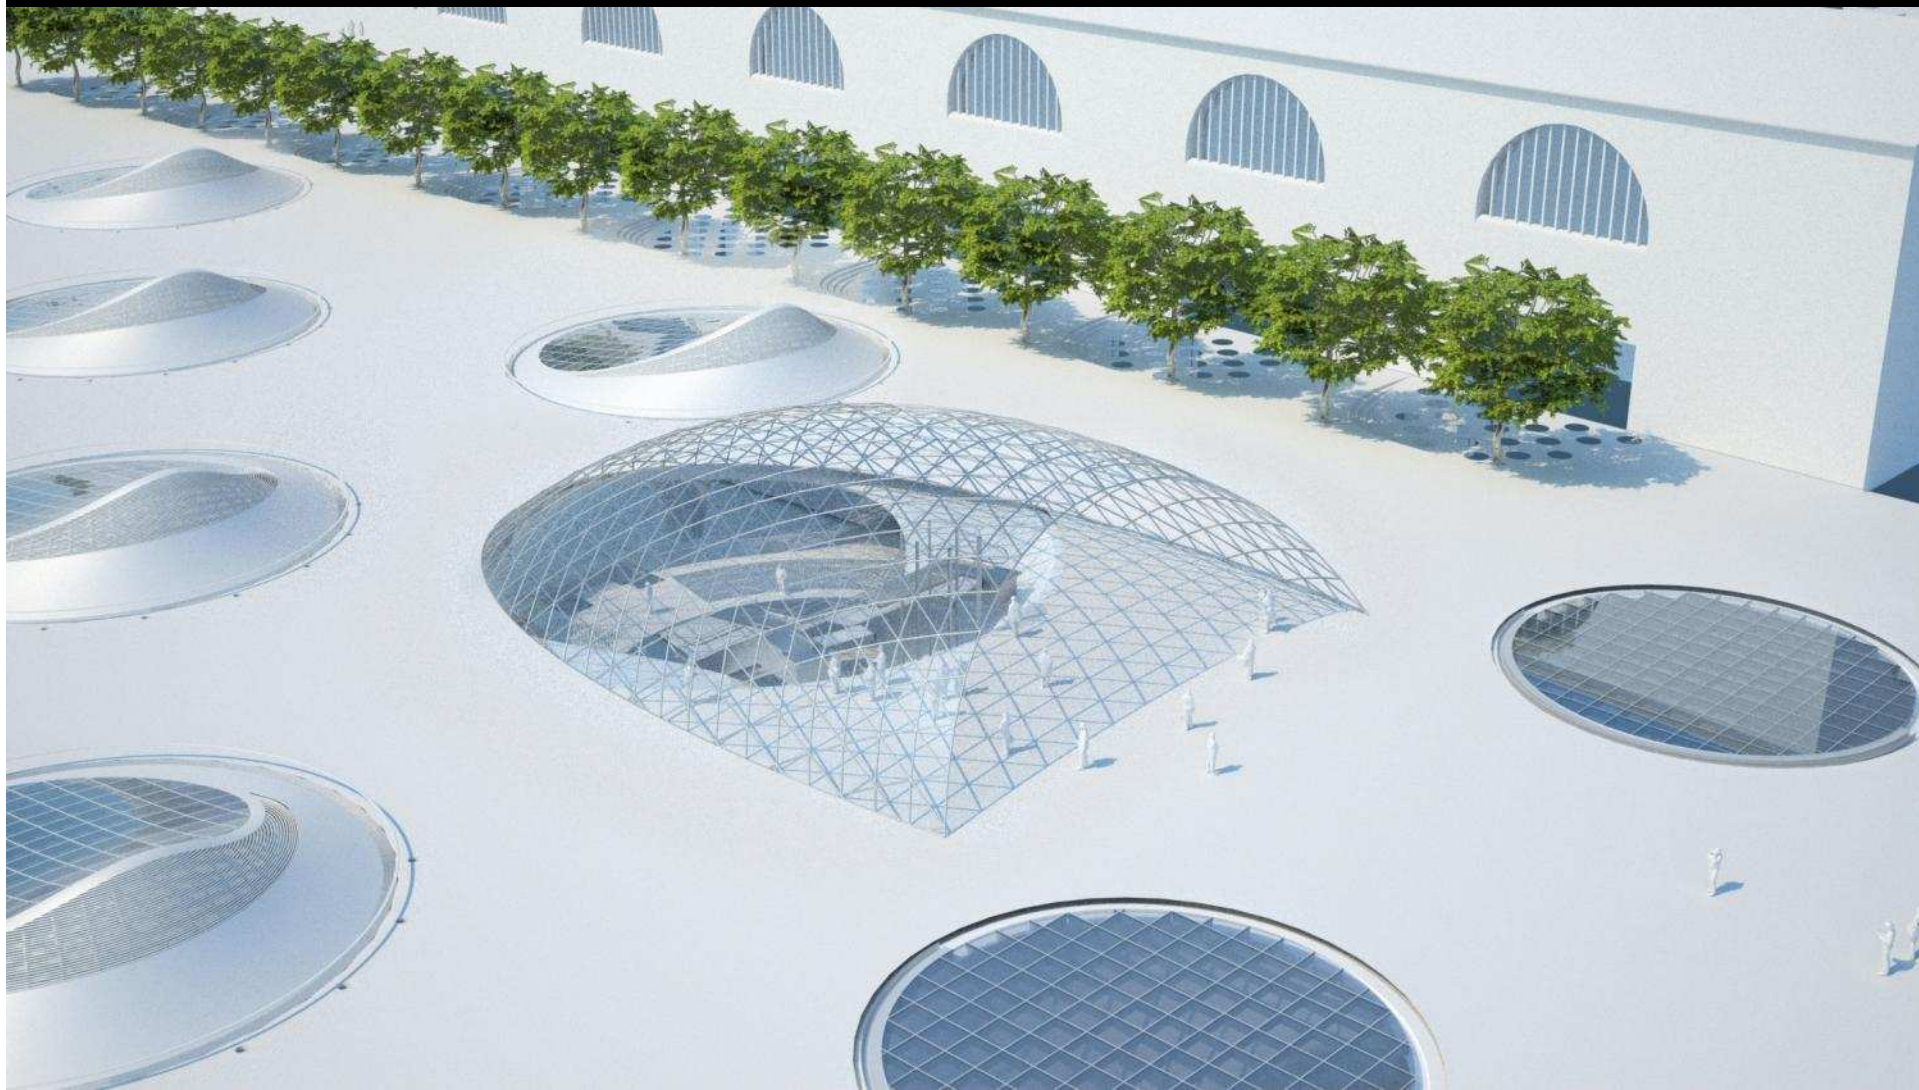

**wie der Entwurf
ständig verbessert
wird...**

**...wie uns die
Anderen sehen...**
